Well Played 1.0 Drew Davidson,2009-01-01 Video games can be well played in two senses. On the one hand, well played is to games as well read is to books. On the other hand, well played as in well done. This book is full of in-depth close readings of video games that parse out the various meanings to be found in the experience of playing a game. 22 contributors (developers, scholars, reviewers and bloggers) look at video games through both senses of well played. The goal is to help develop and define a literacy of games as well as a sense of their value as an experience. Video games are a complex medium that merits careful interpretation and insightful analysis

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

*90s Bingo* ,2020-04-14 This tongue-in-cheek bingo board game is a pop-cultural time capsule, which celebrates and relives the '90s in all its tacky

glory. Name a more '90s-esque pastime than bingo! This flat-pack bingo game is a flashback to the iconic pop-cultural moments of the, like, totally greatest decade ever. Yes, this is history at its most irreverent. Any millennial will say that the '90s were the best decade--even though many were still in diapers at the time. Regardless, and putting the whole '90s-kid debate aside for a moment, they're right. Much of 90s culture dictates ours today. Can we imagine a universe without Oprah? And without Friends or Seinfeld, would our world even turn? If Nirvana hadn't made it big, would grunge have ever reached the masses? We doubt it, and this bingo game just about proves it. This box set contains a game board, 16 bingo cards, 48 tokens, 150 counters and detailed game instructions.
