Terms and Conditions R. Sikoryak, 2017-03-07 Master satirist tackles the contract everyone agrees to but no one reads “Mischievous, pastiche-heavy artist Robert Sikoryak...upped the difficulty level for his long-term conceptual project: Instead of abridging a book, he lifted the complete text of Apple’s mind-numbing corporate boilerplate, which users must agree to before accessing iTunes, and mashed it up with art invoking more than a century of comics.” —New York Times For his newest project, R. Sikoryak tackles the monstrously and infamously dense legal document, iTunes Terms and Conditions, the contract everyone agrees to but no one reads. In a word for word 94-page adaptation, Sikoryak hilariously turns the agreement on its head—each page features an avatar of Apple cofounder and legendary visionary Steve Jobs juxtaposed with a different classic strip such as Mort Walker’s Beetle Bailey, or a contemporary graphic novel such as Craig Thompson’s Blankets or Marjane Satrapi’s Persepolis. Adapting the legalese of the iTunes Terms and Conditions into another medium seems like an unfathomable undertaking, yet Sikoryak creates a surprisingly readable document, far different from its original, purely textual incarnation and thus proving the accessibility and flexibility of comics. When Sikoryak parodies Kate Beaton’s Hark A Vagrant peasant comics with Steve Jobs discussing objectionable material or Homer Simpson as Steve Jobs warning of the penalties of copyright infringement, Terms and Conditions serves as a surreal record of our modern digital age where technology competes with enduringly ironclad mediums.

American Cities in Post-Apocalyptic Science Fiction Robert Yeates,2021-11-15 Visions of the American city in post-apocalyptic ruin permeate literary and popular fiction, across print, visual, audio and digital media. American Cities in Post-Apocalyptic Science Fiction explores the prevalence of these representations in American culture, drawing from a wide range of primary and critical works from the early-twentieth century to today. Beginning with science fiction in literary magazines, before taking in radio dramas, film, video games and expansive transmedia franchises, Robert Yeates argues that post-apocalyptic representations of the American city are uniquely suited for explorations of contemporary urban issues. Examining how the post-apocalyptic American city has been repeatedly adapted and repurposed to new and developing media over the last century, this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible. Chapters present media-specific analyses of these texts, situating them within their historical contexts and the broader history of representations of urban ruins in American fiction. Original in its scope and cross-media approach, American Cities in Post-Apocalyptic Science Fiction both illuminates little-studied texts and provides provocative new readings of familiar works such as Blade Runner and The Walking Dead, placing them within the larger historical context of imaginings of the American city in ruins.

The Summer of June Jamie Sumner,2023-05-30 From the acclaimed author of Tune It Out and Roll with It comes a “needed, hopeful” (Booklist) middle grade book about a young girl who sets out to overcome her anxiety over the course of one life-changing summer. Twelve-year-old June Delancey is kicking summer off with a bang. She shaves her head and sets two goals: she will beat her anxiety and be the lion she knows she can be, instead of the mouse everyone sees. And she and her single mama will own their power as fierce, independent females. With the help of Homer Juarez, the poetry-citing soccer star who believes in June even when she doesn't believe in herself, she starts a secret library garden and hatches a plan to make her dreams come true. But when her anxiety becomes too much, everything begins to fall apart. It's going to take more than a haircut and some flowers to set things right. It's going to take courage and friends and watermelon pie. Forget second chances. This is the summer of new beginnings.

The Little Bird on your Shoulder Katharine C. Giovanni,2021-10-01 Ever walk into a room and it suddenly FEELS wrong? How about the person who had a feeling they should call their loved one, only to find out they passed away two hours after the call? Millions of people around the world hear their intuition in life-saving moments. What if you could tap into THAT? Everyone searches for answers. We have all reached that crossroad and wondered which road we should take. Which path leads to the most money? Health? Love? What if the answer to all these questions were right in front of you? In this life-changing book, Katharine Giovanni shows you how to hear that little bird on your shoulder. You know the one. It's your inner voice, your intuition, your higher self. This book shows you how to use your intuition deliberately so you can really hear the answers. This book is exactly what I needed to read at this point in my life. It gives practical tools to help you deal with & overcome your anger, bitterness, past trauma and finding joy. Most of us move through life just to survive. This book is helping me thrive, learn how to ask my angels to reveal answers in the way I can receive it and trust that little birdie, my gut, to lead the way. Thank you Katharine for an amazing book that I literally stopped what I was doing to answer the prompts and get on with the best of the rest of my life! Precious L. Williams, CEO, Perfect Pitches By Precious, LLC Katharine's

conversational tone throughout her story is so refreshing. I sat down and read the entire book in one sitting. This book gives you so many tips & suggestions on how to listen to your intuition, I wish I had read this book a few years ago! Her voice allows you to relate because you instantly feel like you know her & when she tells you “You Got This”, you believe her! She is honest about her own bumps on the road of life because we all have them. Thank you, Katharine for sharing your gift with the world. What an inspiration you are! If you want to start taking steps to guide your life in a new direction, read this book. – Jennifer M. Alemany, Author, Speaker, Mentor I couldn’t put it down! Katharine's stories were fascinating, the tips were excellent, and the exercises were very helpful. Congratulations on writing and publishing a much-needed example and resource to help others trust and utilize their intuition more! Sandy Geroux, M.S., award-winning and motivational leadership speaker, trainer and author As a paranormal investigator and student of the metaphysical for over 20 years, the concepts of intuition, inner voice, etc. are something that I have struggled with and embraced, in equal measure. I believe strongly that we all have the ability to “intuit” when we take the time to listen. In this book, Katharine Giovanni uses stories from her own life experience to simply, and matter-of-factly, explain the concepts and implementation of the intuition that we all possess. This book is the treasure in a sea of elaborate and flowery prose related to this topic. Katharine’s stories support her points in a way that was, for me, a joy to read. I really enjoyed it. If you are curious about, or doubt, the guidance you receive, this is a must-read. Jeffery Sullivan, Director, Sixth Sense Paranormal Investigations, San Antonio, TX One of the things that I love about Katharine's writing is her straightforward, easygoing approach. I feel like she’s talking to me as I’m reading the book. She combines her personal stories and wit to explain how we all can access our intuition. Rather than keeping this wisdom a mysterious secret, she shares exercises in the back of the book so we can DIY! She wants her readers to know how to help themselves by using intuition. I believe that everyone, even the skeptics, can gain value reading this book. I highly recommend it. Susan Fitzell, Consultant, Author, Trainer & Speaker,

Forest Hills Bootleg Society Dave Baker, Nicole Goux, 2022-09-27 Set in 2005, this gorgeously illustrated, funny, and honest graphic novel follows four teens who stumble into an illicit anime DVD-burning business that shakes up their conservative small town...and their friendship. When Brooke, Kelly, Maggie, and Melissa buy a bootleg anime DVD at a gas station, they get much more than they bargained for with Super Love XL, a risqué move featuring—among other things—a giant mecha who shoots lasers out of her chest. The four girls are horrified (and maybe a little fascinated). It’s so unlike anything they’ve seen, would probably shock everyone else in their town, and definitely would take over their extremely conservative Christian school. That’s when they have the idea to sell copies to local boys...for twenty dollars a pop. At first, everything goes perfectly, with the friends raking in cash—pretty soon they’ll even have enough money to buy the matching jackets they’ve always dreamed of! But as the market for mildly titillating anime DVDs grows, the girls realize they’ll need new material. On top of figuring out how to replicate their first success, there’s growing tension within the group. Brooke and Kelly’s romance is on its last legs, and hurt feelings are guaranteed when Melissa starts falling for one of them. Will the four girls’ shared history be strong enough to see them through this upheaval? Or will they learn that some things can only end in heartbreak?

The Collected Papers of Sherlock Holmes - Volume 1 David Marcum, 2022-02-08 At the age of ten in the mid-1970’s, David Marcum discovered Mr. Sherlock Holmes, and from that point, he knew that the original 60 Canonical adventures would never be enough. This, coupled with his life-long desire to write, meant that eventually he would find a way to add new stories to The Great Holmes Tapestry. The years passed, and David collected,

read, and chronologicized literally thousands of traditional Canonical Sherlockian pastiches. Then, in 2008, with time on his hands while laid off from his civil engineering job during the Great Recession, David finally found his way to Watson's Tin Dispatch Box, producing The Papers of Sherlock Holmes. These first nine short stories originally sat on a shelf in his Holmes book collection before he eventually decided to share them with others. That first collection was initially published by a small press in 2011, and then in 2013 by the premiere Sherlockian publisher, MX Publishing - and after that, there was no turning back. Since then, in addition to editing over 60 volumes (most of which are Sherlockian anthologies), David has written and published over 80 Sherlockian adventures in a variety of anthologies and magazines. Now these are being collected - along with a few others that haven't been seen before. These first five volumes contain the majority of David's Holmesian stories - so far, with additional adventures to be collected and published as part of this ongoing series in 2022. Join us as we return to Baker Street and discover more authentic adventures of Sherlock Holmes, the man described by the estimable Dr. Watson as "the best and wisest . . . whom I have ever known." The game is afoot! Volume I - Tales (9 Short Stories and a Novel) The Papers of Sherlock Holmes (9 Short Stories) The Adventure of the Least Winning Woman The Adventure of the Treacherous Tea The Singular Affair at Sissinghurst Castle The Adventure of the Second Chance The Haunting of Sutton House The Adventure of the Missing Missing Link The Affair of The Brother's Request The Adventure of the Madman's Ceremony The Adventure of the Other Brother and Sherlock Holmes and A Quantity of Debt (A Novel)
