Ghost Boys Jewell Parker Rhodes,2018-04-17 A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

The Telltale Lilac Bush and Other West Virginia Ghost Tales Ruth Ann Musick,2010-09-12 West Virginia boasts an unusually rich heritage of ghost tales. Originally West Virginians told these hundred stories not for idle amusement but to report supernatural experiences that defied ordinary human explanation. From jealous rivals and ghostly children to murdered kinsmen and omens of death, these tales reflect the inner lives—the hopes, beliefs, and fears—of a people. Like all folklore, these tales reveal much of the history of the region: its isolation and violence, the passions and bloodshed of the Civil War era, the hardships of miners and railroad laborers, and the lingering vitality of Old World traditions.

Haunting Experiences Diane Goldstein, Sylvia Grider, Jeannie Banks Thomas, 2007-09-15 Ghosts and other supernatural phenomena are widely represented throughout modern culture. They can be found in any number of entertainment, commercial, and other contexts, but popular media or commodified representations of ghosts can be quite different from the beliefs people hold about them, based on tradition or direct experience. Personal belief and cultural tradition on the one hand, and popular and commercial representation on the other, nevertheless continually feed each other. They frequently share space in how people think about the supernatural. In *Haunting Experiences*, three well-known folklorists seek to broaden the discussion of ghost lore by examining it from a variety of angles in various modern contexts. Diane E. Goldstein, Sylvia Ann Grider, and Jeannie Banks Thomas take ghosts seriously, as they draw on contemporary scholarship that emphasizes both the basis of belief in experience (rather than mere fantasy) and the usefulness of ghost stories. They look closely at the narrative role of such lore in matters such as socialization and gender. And they unravel the complex mix of mass media, commodification, and popular culture that today puts old spirits into new contexts.
