**The Masaryks** Zbyněk A. B. Zeman,1976

Talks with T.G. Masaryk Tomáš Garrigue Masaryk,Karel Čapek,1995 Translated by Dora Round Tomas Garrigue Masaryk (1850-1937) was a philosophy professor who became the founder and first president of Czechoslovakia (1918-1935) and was a leading figure in world affairs between the wars. Čapek, author of 'War with the Newts', and Czechoslovakia's most prominent writer during these years, interviewed Masaryk at great length and produced this volume that tells Masaryk's unique story.

*Czechoslovakia: Crossroads and Crises, 1918–88* Norman Stone,Edward Strouhal,1989-06-18 The essays are devoted to the four eights in Czech history: 1918, when the Republic was founded; 1938, when its western parts were handed over to Hitler; 1948, when the Communists took power; and 1968, when an effort to create socialism with a human face was crushed by Soviet tanks.

**Paris 1919** Margaret MacMillan,2007-12-18 A landmark work of narrative history, Paris 1919 is the first full-scale treatment of the Peace Conference in more than twenty-five years. It offers a scintillating view of those dramatic and fateful days when much of the modern world was sketched out, when countries were created—Iraq, Yugoslavia, Israel—whose troubles haunt us still. Winner of the Samuel Johnson Prize • Winner of the PEN Hessel Tiltman Prize • Winner of the Duff Cooper Prize Between January and July 1919, after “the war to end all wars,” men and women from around the world converged on Paris to shape the peace. Center stage, for the first time in history, was an American president, Woodrow Wilson, who with his Fourteen Points seemed to promise to so many people the fulfillment of their dreams. Stern, intransigent, impatient when it came to security concerns and wildly idealistic in his dream of a League of Nations that would resolve all future conflict peacefully, Wilson is only one of the larger-than-life characters who fill the pages of this extraordinary book. David Lloyd George, the gregarious and wily British prime minister, brought Winston Churchill and John Maynard Keynes. Lawrence of Arabia joined the Arab delegation. Ho Chi Minh, a kitchen assistant at the Ritz, submitted a petition for an independent Vietnam. For six months, Paris was effectively the center of the world as the peacemakers carved up bankrupt empires and created new countries. This book brings to life the personalities, ideals, and prejudices of the men who shaped the settlement. They pushed Russia to the sidelines, alienated China, and dismissed the Arabs. They struggled with the problems of Kosovo, of the Kurds, and of a homeland for the Jews. The peacemakers, so it has been said, failed dismally; above all they failed to prevent another war. Margaret MacMillan argues that they have unfairly been made the scapegoats for the mistakes of those who came later. She refutes received ideas about the path from Versailles to World War II and debunks the widely accepted notion that reparations imposed on the Germans were in large part responsible for the Second World War. Praise for Paris 1919 “It’s easy to get into a war, but ending it is a more arduous matter. It was never more so than in 1919, at the Paris Conference. . . . This is an enthralling book: detailed, fair, unfailingly lively. Professor MacMillan has that essential quality of the historian, a narrative gift.” —Allan Massie, The Daily Telegraph (London)

History of the Jews in the Bohemian Lands Martin Wein,2015-10-05 In History of the Jews in the Bohemian Lands, Martin Wein traces the interaction of Czechs and Jews, but also of German-speakers, Slovaks, and other groups in the Bohemian lands and in Czechoslovakia throughout the first half of the twentieth century.

**The World of UCL** Negley Harte,John North,Georgina Brewis,2018-05-21 From its foundation in 1826, UCL embraced a progressive and pioneering spirit. It was the first university in England to admit students regardless of religion and made higher education affordable and accessible to a much broader section of society. It was also effectively the first university to welcome women on equal terms with men. From the outset UCL showed a commitment to innovative ideas and new methods of teaching and research. This book charts the history of UCL from 1826 through to the present day, highlighting its many contributions to society in Britain and around the world. It covers the expansion of the university through the growth in student numbers and institutional mergers. It documents shifts in governance throughout the years and the changing social and economic context in which UCL operated, including challenging periods of reconstruction after two World Wars. Today UCL is one of the powerhouses of research and teaching, and a truly global university. It is currently seventh in the QS World University Rankings. This completely revised and updated edition features a new chapter based on interviews with key individuals at UCL. It comes at a time of ambitious development for UCL with the establishment of an entirely new campus in East London, UCL East, and Provost Michael Arthur’s ‘UCL 2034’ strategy which aims to secure the university’s long-term future and commits UCL to delivering global impact.

**Landscapes and Landforms of the Czech Republic** Tomáš Pánek,Jan Hradecký,2016-03-08 The book aims to present the unique geomorphological landscapes of the Czech Republic. The geomorphic uniqueness of this country benefits from the proximity to two distinct European geological domains: the old cratonized Bohemian Massif and the relatively young Tertiary fold and thrust belt of the Western Carpathians. Landscapes and Landforms of the Czech Republic introduces general physiographical characteristics of the landscape and presents the main driving factors leading to the evolution of the present landscape. The book contains twenty two chapters describing the most interesting geomorphic landscapes of the Czech Republic. The selection of individual landscapes was based on visual exceptionality (e.g. sandstone landscapes of the Northern Bohemia), scientific importance (e.g. patterned grounds in the Sudetic Mountains) and historical relevance (e.g. mining of the Nížký and Hrubý Jeseník Mountains). The final chapters of the book discuss the protection of geomorphic heritage in the Czech Republic.

**The American Yawp** Joseph L. Locke,Ben Wright,2019-01-22 I too am not a bit tamed—I too am untranslatable / I sound my barbaric yawp over the roofs of the world.—Walt Whitman, Song of Myself, Leaves of Grass The American Yawp is a free, online, collaboratively built American history textbook. Over 300 historians joined together to create the book they wanted for their own students—an accessible, synthetic narrative that reflects the best of recent historical scholarship and provides a jumping-off point for discussions in the U.S. history classroom and beyond. Long before Whitman and long after, Americans have sung something collectively amid the deafening roar of their many individual voices. The Yawp highlights the dynamism and conflict inherent in the history of the United States, while also looking for the common threads that help us make sense of the past. Without losing sight of politics and power, The American Yawp incorporates transnational perspectives, integrates diverse voices, recovers narratives of resistance, and explores the complex process of cultural creation. It looks for America in crowded slave cabins, bustling markets, congested tenements, and marbled halls. It navigates between maternity wards, prisons, streets, bars, and boardrooms. The fully peer-reviewed edition of The American Yawp will be available in two print volumes designed for the U.S. history survey. Volume I begins with the indigenous people who called the Americas home before chronicling the collision of Native Americans, Europeans, and Africans. The American Yawp traces the development of colonial society in the context of the larger Atlantic World and investigates the origins and ruptures of slavery, the American Revolution, and the new nation's development and rebirth through the Civil War and Reconstruction. Rather than asserting a fixed narrative of American progress, The American Yawp gives students a starting point for asking their own questions about how the past informs the problems and opportunities that we confront today.

**The Parsifal Mosaic** Robert Ludlum,2015-06-02 Michael Havelock’s world died on a moonlit beach on the Costa Brava as he watched his partner and lover, double agent Jenna Karas, efficiently gunned down by his own agency. There’s nothing left for him but to quit the game, get out. Then, in

one frantic moment on a crowded railroad platform in Rome, Havelock sees Jenna. Racing around the globe in search of his beautiful betrayer, Havelock is now marked for death by both U.S. and Russian assassins, trapped in a massive mosaic of treachery created by a top-level mole with the world in his fist: Parsifal. Praise for Robert Ludlum and The Parsifal Mosaic “[Robert] Ludlum’s narrative imagination is a force of nature.”—The New York Times “As fast-paced and absorbing as any he’s written.”—Newsday “The suspense never lets up.”—The Atlanta Journal-Constitution “A crackling good yarn.”—Los Angeles Times Book Review

Newcomers No More? Contemporary NATO and the Future of the Enlargement from the Perspective of “Post-Cold War” Members Robert Czulda,Marek Madej,2015 The central aims of the book is to present, in the form of a collection of papers, a variety of views on NATO from member states “formerly known as new”, and to assess in this context the prospects for NATO enlargement. Therefore, the book consists of two parts. The main objective of the first part is to present how NATO is now perceived in Central and South-Eastern Europe. Papers collected here offer an opportunity to reflect on the impact of the enlargements starting from 1999 on NATO functioning and evolution, roles, tasks and capabilities. The issue of how accession has transformed accessioning states will also be discussed. Last but not least, the perspective of “new” members on NATO’s future will be presented. The authors of the articles in this part mainly come from those countries that joined the Alliance after the end of the Cold War. The second part is devoted strictly to the topic of enlargement. In this part we asked experts from NATO members (both “old” and “new”), potential candidates and other NATO partners (including Russia, Georgia, Ukraine, Azerbaijan, Sweden, Finland etc.) how they view the future of NATO cooperation with external partners in Europe and the prospects for enlargement of the Alliance.

Volume II opens in the Gilded Age, before moving through the twentieth century as the country reckoned with economic crises, world wars, and social, cultural, and political upheaval at home. Bringing the narrative up to the present,The American Yawp enables students to ask their own questions about how the past informs the problems and opportunities we confront today.

*Merchants of Death* Helmuth Carol Engelbrecht, Frank Cleary Hanighen,1937  
*Dark Continent* Mark Mazower,2009-05-20 An unflinching and intelligent alternative history of the twentieth century that provides a provocative vision of Europe's past, present, and future. [A] splendid book. —The New York Times Book Review Dark Continent provides an alternative history of the twentieth century, one in which the triumph of democracy was anything but a forgone conclusion and fascism and communism provided rival political solutions that battled and sometimes triumphed in an effort to determine the course the continent would take. Mark Mazower strips away myths that have comforted us since World War II, revealing Europe as an entity constantly engaged in a bloody project of self-invention. Here is a history not of inevitable victories and forward marches, but of narrow squeaks and unexpected twists, where townships boast a bronze of Mussolini on horseback one moment, only to melt it down and recast it as a pair of noble partisans the next.

It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history.” —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy.
