Three Shadows Cyril Pedrosa, 2008-04-01 Can you ever escape your fate? Three shadows stand outside the house - and Louis and Lise know why the spectral figures are there. The shadows have come for Louis and Lise's son, and nothing anyone can do will stop them. Louis cannot let his son die without trying to prevent it, so the family embarks on a journey to the ends of the earth, fleeing death. Poignant and suspenseful, *Three Shadows* is a haunting story of love and grief, told in moving text and sweeping black and white artwork by Cyril Pedrosa.

Introductory Grammar of Amharic Wolf Leslau, 2000
This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite de langue amharique* (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a

beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

How to Make Adorable Baby Animal Dolls Jonni Good, 2013-06 In this book the author shows you exactly how to make your own adorable baby animal collector's dolls, leading you through the entire process every step of the way. Your dolls won't cost much to make, and every doll will be an original, one-of-a-kind work of art. Since no two dolls ever come out exactly alike, each doll will have it's own personality and character. You won't have to learn how to make molds for the doll heads, because each one is hand-sculpted over a simple armature. You don't need a kiln, because you'll be using home-made air-dry clay instead of porcelain. The resulting heads are seamless, hollow, and surprisingly strong. The bodies and ears are made out of soft, huggable cotton velour, and the toes are sculpted with a few easy

stitches. Adorable!
