**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**We Are Paper Toys: Print-Cut-Fold-Glue-Fun** Louis Bou,2010-06-15 We Are Paper Toys! presents thirty-two of the finest paper toy designers in the world. Each artist gives us a glimpse of their world and explains their passion for paper toys through a personal interview. The book includes a CD with PDF templates of some of the paper toys showcased in this book. They are ready to be printed, cut, and pasted so you can have these small works of art in your own home. It's never too soon to start cutting, folding, pasting, and above all, having fun!

**Luche Libre Volume 1** Jerry Frissen,2008 It's the first complete stories chronicling the wild adventures of the Luchadores Five, Tequila and Tikitis, collected for the first time! Also includes bonus behind-the-scenes artwork. It's the perfect way to sample the hilarious mix of superheroes and masked wrestling that received a 2008 Eisner Award nomination!

**International Law** Lori Fisler Damrosch,2001 Updated with an emphasis on current issues, this classic casebook emphasizes developments in international law, with expertly edited cases and problems for class discussion. Cases and Materials on International Law offers a treatment of the subject for introductory and advanced classes and detailed readings and reference materials for those who wish to pursue topics in depth. The fourth edition enriches every chapter with new information on institutions contributing to the sources and enforcement of international law, including the World Trade Organization, the International Criminal Tribunals for Yugoslavia and Rwanda, the prospective International Criminal Court, and organizations in the fields of law of the sea and arms control. International criminal law now has a chapter of its own, and the casebook gives expanded treatment to human rights, environmental law, and economic law.
