The Hiplife in Ghana H. Osumare, 2013-11-11 The Hiplife in Ghana explores one international

site - Ghana, West Africa - where hip-hop music and culture have morphed over two decades into the hiplife genre of world music. It investigates hiplife music not merely as an imitation and adaptation of hip-hop, but as a reinvention of Ghana's century-old highlife popular music tradition. Author Halifu Osumare traces the process by which local hiplife artists have evolved a five-phased indigenization process that has facilitated a youth-driven transformation of Ghanaian society. She also reveals how Ghana's social shifts, facilitated by hiplife, have occurred within the country's 'corporate recolonization,' serving as another example of the neoliberal free market agenda as a new form of colonialism. Hiplife artists, we discover, are complicit with these global socio-economic forces even as they create counter-narratives that push aesthetic limits and challenge the neoliberal order.

No Easy Victories William Minter, Gail Hovey, Charles E. Cobb (Jr.), 2008 African news making headlines today is dominated by disaster: wars, famine, HIV. Those who respond - from stars to ordinary citizens - are learning that real solutions require more than charity. This book provides a comprehensive, panoramic view of US activism in Africa from 1950 to 2000, activism grounded in a common struggle for justice. It portrays organisations, activists and networks that contributed to African liberation and, in turn, shows how African struggles informed US activism, including the civil rights and black power movements.

The Winning Way Brian Tracy, Nick Nanton, Esq., Jw Dicks, Esq., 2014-04-15 By definition, winning means that you competed and you came out ahead. Human nature requires us to compete in order to survive. Therefore, winning and survival have the element of success in common. To ascend to a winning position, you need a goal, a desire to achieve it, and the qualities of discipline, perseverance and action to attain it. Having your goal and setting yourself up to achieve your goal is the first step in the process. You adjust your mindset and begin to plan diligently. Goals may be as different as DNA,

but methodologies have much in common. Furthermore, your plans and expectations will need adjustments as you go along. That is why the knowledge shared by the CelebrityExperts(r) in this book will be of importance to you. The advice and suggestions of these CelebrityExperts(r) are based on their experiences - both their accomplishments and their shipwrecks. The knowledge they share will allow you to make plans that can propel you in the right direction. That is the function of a mentor - to guide you where you are going and to advise what to avoid. If you wish to develop The Winning Way to your goals, read on... You will never win if you never begin. Helen Row
