The Hiplife in Ghana H. Osumare, 2013-11-11 The Hiplife in Ghana explores one international site - Ghana, West Africa - where hip-hop music and culture have morphed over two decades into the hiplife genre of world music. It investigates hiplife music not merely as an imitation and adaptation of hip-hop, but as a reinvention of Ghana's century-old highlife popular music tradition. Author Halifu Osumare traces the process by which local hiplife artists have evolved a five-phased indigenization process that has facilitated a youth-driven transformation of Ghanaian society. She also reveals how Ghana's social shifts, facilitated by hiplife, have occurred within the country's 'corporate recolonization,' serving as another example of the neoliberal free market agenda as a new form of colonialism. Hiplife artists, we discover, are complicit with these global socio-economic forces even as they create counter-narratives that push aesthetic limits and challenge the neoliberal order.

The Winning Way Brian Tracy, Nick Nanton, Esq., Jw Dicks, Esq., 2014-04-15 By definition, winning means that you competed and you came out ahead. Human nature requires us to compete in order to survive. Therefore, winning and survival have the element of success in common. To ascend to a winning position, you need a goal, a desire to achieve it, and the qualities of discipline, perseverance and action to attain it. Having your goal and

setting yourself up to achieve your goal is the first step in the process. You adjust your mindset and begin to plan diligently. Goals may be as different as DNA, but methodologies have much in common. Furthermore, your plans and expectations will need adjustments as you go along. That is why the knowledge shared by the CelebrityExperts(r) in this book will be of importance to you. The advice and suggestions of these CelebrityExperts(r) are based on their experiences - both their accomplishments and their shipwrecks. The knowledge they share will allow you to make plans that can propel you in the right direction. That is the function of a mentor - to guide you where you are going and to advise what to avoid. If you wish to develop The Winning Way to your goals, read on... You will never win if you never begin. Helen Row

Estimating Market Value and Establishing Market Rent at Small Airports

Aviation Management Consulting Group, Inc, Aeroplex Group Partners, Decker Associates, DKMG Consulting, Hangar Network, 2020 Staff from smaller airports typically lack specialized expertise in the negotiation and development of airport property or the resources to hire consultants. ACRP Research Report 213 provides airport management, policymakers, and staff a resource for developing and leasing airport land and improvements, methodologies for determining market value and appropriate rents, and best practices for negotiating and re-evaluating current lease agreements. Hypocrites and Mirrors Caleb Masaji Yamanaka,2001-07-03 Kyle Lynch believes in true love. The summer of 1997 and everything has turned to shit. School is over and every person Kyle knows is going out into the new world. Like a group of Columbus' searching for their own new definition. One in which

truth, justice, and love all co-exists amongst that which is modern American society. It's 221 years of propaganda, 70 years since the lost generation, 35 years since the beats, and everything else in between. One can only figure it out for himself. So Kyle sets out first to find himself and then to find something to live for. The search for Mr. Cassady and guy named Raul. An idealist with no actual intellect but a genuine heart Kyle travels from L.A., to home, back to L.A., and then upon a road trip that leads nowhere except into the very depths of his own mind. Kyle: When you sit down and take a look back at yourself sometimes the initial image is quite appealing. Filled with ideals, convictions, beliefs, and a knack for excitement. You or in the case of myself you lament the good times past. That hot red head in San Diego that could suck a dick like it had been her pacifier all her life. Its all glitz and glamour. Looking back you feel old and haggard. Tired and unfulfilled so you lunge harder into your new life that can't by any means live up to the life you've already lived. Its always the search. Life has to be lived, and level, by level we search to grow. Following the rutted path makes no sense when only the exploration means anything. So we embark with no map, and no star to guide us through our travails. No understanding of love. No understanding of right. No wrong. Just life. Left or right... no middle? And so it begins...
