If Anything Happens I Love You Will McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

**Time Troopers** Hank Davis, Christopher Ruocchio, 2022-04-05 NEW AND CLASSIC STORIES OF TIME TRAVEL MILITARY SF BATTLEZONE: ETERNITY Once, military actions were entirely two dimensional, confined to the surface of land and

sea, but then submarines and aircraft added a third dimension, vastly extended by spaceflight. Now, consider that if time travel is possible, the fourth dimension of time opens up new possibilities for combat, necessitating new defenses, new strategies and tactics. A battle that was once decisively won might be refought, or a narrow victory might be subtly tilted to the other side. Never mind the history books, they're only works in progress. There might be even more than four dimensions involved, if parallel universes and alternate realities exist and can be accessed. Imagine a universe where Rome never fell and its troops want to do something about our universe, where it did fall. Or another where more recent wars turned out very differently. Battle is a recurrent motif in the Earth of this universe, and would alternate realities be different or all too similar, with the tune the same, but different lyrics. Supplying the lyrics for spacetime combat in these pages is an all-star general staff including Robert Silverberg, Poul Anderson, Fritz Leiber, John C. Wright, H. Beam Piper and more. It's zero hour, in whatever time stream, so grab your time-appropriate weapon, be it sword or ray blaster, buckle on your general issue timeporter belt, and follow the Time Troopers into action across strange aeons! At the publisher's request, this title is sold without DRM (Digital Rights Management).

**Cosmic Corsairs** Hank Davis, Christopher Ruocchio, 2020-08-04 NEW FICTION AND CLASSICS OF THE GENRE COLLECTED BY THE EDITORIAL TEAM BEHIND SPACE PIONEERS AND OVERRULED! SPACE PIRATES! Words that conjure up rousing tales of adventure, derring-do, brave heroes battling the scurvy vermin of the galaxy. Those vermin have taken to pillaging cargo ships and, even worse, space liners, relieving the helpless passengers of their valuables, and worse with the comely women passengers, then spacing the lot—unless one or more of the aforementioned brave heroes arrive in the nick of time, and turn the tables, making the spaceways safe again for the innocent and helpless. On the other hand, perhaps the pirate captain is a woman, and it's the comely male passengers who need rescuing. And on the third hand (we're talking space pirates here, possibly aliens with four or more arms), perhaps those ships traversing the interstellar void are not so innocent, and the pirates, fighting an evil despotic star empire and defending the freedom of the space lanes, are the good guys and gals. The possibilities are many, and the daring exploits set the blood racing in the veins of any reader with even a trace of buccaneering spirit in their hidden self. So board a battered but spaceworthy fighting starship with such star-spanning and award-winning crewmates as Robert Silverberg, Elizabeth Bear and Sarah Monette, Larry Niven, Fritz Leiber, and Sarah A. Hoyt, plus James H. Schmitz, James Blish, Gregory Benford, and more, and set sail—er, thrusters—for a universe of freebooting adventure! At the publisher's request, this title is sold without DRM (Digital Rights Management). Praise for previous anthologies edited by Hank Davis: In Space No One Can Hear You Scream: "[T]he 13 tales in this collection blend sf with horror to demonstrate the resiliency of both genres . . . offers strong tales by the genre's best storytellers." —Library Journal "[F]irst-rate science fiction, demonstrating how short stories can still entertain." —The Galveston County Daily NewsM A Cosmic Christmas 2 You: "This creative and sprightly Christmas science fiction anthology spins in some surprising directions. . . . A satisfying read for cold winter evenings . . . a great stocking stuffer for SF fans." —Publishers Weekly As Time Goes By:

"As Time Goes By . . . does an excellent job of exploring not only romance through time travel—relationships enabled or imperiled by voyaging through time—but the intrinsic romance of time travel itself. . . . The range of styles and approaches is as wide as the authors' sensibilities and periods might suggest . . . full of entertaining and poignant stories . . ." —Alvaro Zinos-Amaro, IntergalacticMedicineShow.com About Star Destroyers, coedited by Christopher Ruocchio: "[S]pectacular space battles and alien contacts . . . themes of military ethics, the uses of artificial intelligence, and the limits of the capacity of the human mind. . . . It is the human interactions and decisions that ultimately drive the stories. . . . Will appeal to fans of military and hard science fiction and any readers fascinated by the possibilities of space travel."—Booklist "[S]tories of giant spaceships at war, at peace, and in the often-gray areas between. . . . A worthy addition to a long tradition of ship-based fiction, and its authors portray captains, arcane astrogators, and civilian child passengers with equal depth. It's recommended for fans of military SF and space adventure."—Publishers Weekly "[Y]ou'd probably expect some tight, action-filled space opera stories of giant space battles . . . and there's some of that. But there are also espionage stories, rescue missions, political conflicts, alternate histories, even a few humorous tales. . . . Each author took the premise in a different direction . . . if I had to identify one common feature to all the stories, it would be that they're all fun. . . . Like it says, big ships blowing things up. What's not to like?"—Analog

**Star Destroyers** Tony Daniel, Christopher Ruocchio, 2018-03-06 BIG SHIPS BLOWING THINGS UP GO BIG OR GO HOME! Boomers. Ships of the Line. Star Destroyers. The bigger the ship, the better the bang. From the dawn of history onward, commanding the most powerful ship around has been a dream of admirals, sultans, emperors, kings, generalissimos, and sea captains everywhere. For what the intimidation factor alone doesn't achieve, a massive barrage from super-weapons probably will. Thus it was, and ever shall be,

even into the distant future. From the oceans of Earth, to beneath the ice of Europa, to the distant reaches of galactic empires, it is the great warships and their crews that sometimes keep civilization safe for the rest of us—but sometimes become an extinction-level event in and of themselves. In “Superweapon” by David Drake, a fight for possession of an ancient alien warship will determine the fate of two vast interstellar powers. Then in “Hate in the Darkness” by Michael Z. Williamson, a team of libertarian Freeholders must think outside the box to do battle with the might of the United Nations and its powerful navy. And in “A Helping Hand,” Jody Lynn Nye posits an interstellar submarine on a rescue mission behind enemy lines—with the fate of an entire species hanging in the balance. Big, bold, and edge-of-your-seat space opera and military science fiction from David Drake, Sharon Lee & Steve Miller, Michael Z. Williamson, Steve White, Robert Buettner, Susan R. Matthews, Dave Bara, and many more! Contributors: David Drake Michael Z. Williamson Mark L. Van Name Steve White Jody Lynn Nye Brendan DuBois Sharon Lee & Steve Miller Susan R. *The Satanic Screen* Nikolas Schreck, 2020-01-01 Satan has figured in film since the very birth of cinema. The Satanic Screen documents all of Satan's cinematic incarnations, covering not only the horror genre but also a whole range of sub-genres including hardcore porn, mondo and underground film. Heavily illustrated with rare still photographs, posters and arcana, the book investigates the perennial symbiotic interplay between Satanic cinema and leading occultists, making it essential reading for anyone interested in the Black Arts and their continuing representation in populist culture. Revised and updated since its first acclaimed publication in 2001, Schreck's study of the diabolical in film has since become a widely referenced standard work on the subject, enriched by Schreck's own personal engagement with magic and spiritual practice, which provides cineastes and sorcerers alike a veritable Encyclopedia Satanica of one of the oldest and most culturally profound genres in motion picture history.

White Pearl Anchuli Felicia King,2022-11-08 It's just a fun ad. Now the whole world is going crazy. In Singapore, Clearday(TM) has developed from a small startup into a leading international cosmetic brand in less than a year. But when a draft of the company's latest skin cream advert is leaked, the video goes viral globally for all the wrong reasons. YouTube views are in the thousands and keep climbing; anger is building on social media; and journalists are starting to cover the story. This is an international PR nightmare; the company cannot be seen to be racist, they've got to get it taken down before America wakes up.
