- 📖 IF ANYTHING HAPPENS I LOVE YOU Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Designed and outlined by Will Eisner before his death in 2005, this posthumous masterwork, the third and final book in the Will Eisner Instructional Series, finally reveals the secrets of Eisner’s own techniques and theories of movement, body mechanics, facial expressions, and posture: the key components of graphic storytelling. From his earliest comics, including the celebrated Spirit, to his pioneering graphic novels, Eisner understood that the proper use of anatomy is crucial to effective storytelling. His control over the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner’s mastery of expression, both subtle and overt, Expressive Anatomy for Comics and Narrative will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft.

- 📖 ACHTUNG-PANZER! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian’s book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian’s classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
- 📖 Modern Popular Theatre Jason Price,2016-09-05 This book offers a concise history of popular theatre since the early twentieth century. Using key popular culture theories and critical perspectives, Jason Price analyses popular theatres across different cultural and political contexts, drawing on a diverse range of international artists and theatre-makers who have worked with popular forms, including Vsevolod Meyerhold, Blue Blouse, Bertolt Brecht, Erwin Piscator, the San Francisco Mime Troupe, the Bread and Puppet Theatre and more. As well as defining what ‘popular’ means in relation to performance and the audiences who watch it, the book considers some of the political frameworks and causes that popular theatre has been placed in service of, such as socialism, the New Left and the gay rights movement. It also addresses the uses of cabaret, puppetry and circus outside their native popular contexts, examining the role they play in avant-garde and experimental theatre practices. In doing so, Price encourages readers to look beyond popular theatre as a simple form of entertainment and to consider its potential as a form of political activism, as a community-builder, and as a valuable tool for artistic experimentation.
