If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27

Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

The Occult Sciences Arthur Edward Waite,2016-09-05 The subject of occultism, by which we mean those sciences, called transcendental and magical, a knowledge of which has been transmitted and accumulated in secret, or is contained in books that have an inner or secret meaning, has been very fully dealt with during recent years by various students of eminence. But the works of these well-equipped investigators are, in most instances, unsuited to an elementary reader, and they are all somewhat expensive. It has remained for the results of their studies to be condensed into a portable volume, which shall conduct the inquirer into the vestibule of each branch of the occult sciences, and place within his reach the proper means of prosecuting his researches further in any desired direction. It is such an unpretending but useful task which we have set ourselves to

perform in the present volume, which embraces, as we would claim, in a compressed and digested form, the whole scope of occult knowledge, expressed in the language of a learner.
