Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Business of Tourism J. Christopher Holloway, Claire Humphreys, 2016 The tourism industry is in a constant state of flux, where trends and attitudes are frequently susceptible to outside influences, including factors such as technological and economic change. and Claire Humphreys is the ideal textbook to help readers not only understand these new changes but look at them with a critical eye and predict future trends. This book is an essential text for students of tourism management or travel and tourism. The historical context is combined with background theory and research, plus up-to-date international case studies. The result is a practical and relevant text for any student wishing to work in one of the many diverse sectors of the tourism industry.

Architecture After Modernism Diane Yvonne Ghirardo, 1996 Since the Modern Movement began to be challenged in the late 1960s, architecture has followed a number of widely divergent paths. In this thoughtful and eloquent book, Diane Ghirardo examines the architectural world of the last quarter-century and its theories in the crucial context of social and political issues. Within a survey of a broad range of buildings, she focuses on specific 'megaprojects' as paradigms for discussion. In the realm of public space, she argues, the key questions are raised by the Disney empire and its amusement parks; in domestic space, by the IBA in Berlin, with projects ranging from new structures to rehabilitation and residents' self-build. When it comes to reconfiguring the urban sphere, the megaproject is London's Docklands, the most ambitious and politically sensitive development in postwar Britain. Her text ranges world-wide, and she considers the work of lesser-known designers and women architects as well as famous international stars.

The Future of Architecture Since 1889 Jean-Louis Cohen, 2016-10-03 The highly acclaimed history of the architecture of the twentieth century and

beyond – now in paperback Jean-Louis Cohen, one of the world's leading architectural historians, serves up a compelling account of the developments that have shaped the world in which we live today. This highly accessible book begins with the Paris Universal Exposition of 1889, tracing architecture's evolution to the early twenty-first century's globalized architectural culture. Illustrated with hundreds of drawings and photographs as well as portraits, publications, diagrams, film stills, and more, this survey places radical developments in architecture in a larger context, among those of art, technology, urbanism, and critical theory.

Gun Culture or Gun Control? Peter Squires, 2012-12-06 n 1996 the shooting and killing of 16 young children in a Dunblane primary school provoked wide reaching parliamentary reform to British gun laws. Within months virtually all privately owned handguns had been outlawed. *Gun Culture or Gun Control?* presents the first substantial analysis of the social and political reactions to events in Dunblane and also examines many of the wider issues relating to gun control in the United Kingdom. Rigorously comparative throughout, Peter Squires provides a non-partisan exploration of the differences between attitudes to firearms and their control in Britain and in the United States. Amongst the topics the author considers are: * the social history of firearms on both sides of the atlantic * the differing policy directions adopted in Britain and the USA * media coverage of the gun question * firearms and policing * the future of the gun in society.

Willem Sandberg Ank Leeuw-Marcar, 2013 In this book, which is compiled from interviews taken more than 30 years ago, Sandberg looks back on his life, particularly on the period from around 1945 until 1970, during which he was active as a typographic designer and as director of the Stedelijk Museum in Amsterdam ... The basic material for the book is the interviews that art critic Paul Aletrino held in the years 1970-1971 with Sandberg for the VARA radio Staalkaart [augmented by other sources including] the documentary biography that Ad Petersen and Pieter Brattinga made in 1975 on the occasion of the Erasmus prize, which was awarded to Sandberg ... In 1981 I was given the task to compile this book from the material that been collected. I arranged from the chapters according to the most important themes which were raised in the interviews. In addition, I turned the spoken language of Sandberg into reading language and reflected as faithfully as possible his own word usage. The text was authorised by Sandberg for the first edition ...-- Excerpted from the author's introduction.

Tacky Rax King, 2021-11-02 An irreverent and charming collection of deeply personal essays about the joys of low pop culture and bad taste, exploring coming of age in the 2000s in the age of Hot Topic, Creed, and frosted lip gloss—from the James Beard Award-nominated writer of the Catapult column "Store-Bought Is Fine" Tacky is about the power of pop culture—like any art—to imprint itself on our lives and shape our experiences, no matter one's commitment to good taste. These fourteen essays are a nostalgia-soaked antidote to the millennial generation's obsession with irony, putting the aesthetics we hate to love—snakeskin pants, Sex and the City, Cheesecake Factory's gargantuan menu—into kinder and sharper perspective. Each essay revolves around a different maligned (and yet, Rax would argue, vital) cultural artifact, providing thoughtful, even romantic meditations on desire, love, and the power of nostalgia. An essay about the gym-tan-laundry exuberance of Jersey Shore morphs into an excavation of grief over the death of her father; in You Wanna Be On Top, Rax writes about friendship and early aughts girlhood; in another, Guy Fieri helps her heal from an abusive relationship. The result is a collection that captures the personal and generational experience of finding joy in caring just a little too much with clarity, heartfelt honesty, and Rax King's trademark humor.
