- 📖 If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

- 📖 Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian’s book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian’s classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

- 📖 Visual Diary Guide - Student Workbook Hilary Senhali,2015-06-30 In 2014, the Australian Government was investing into creativity and innovation as part of a growth strategy. Critical & creative thinking ranked 4th in the Australian curriculum after literacy, numeracy and ICT, across all subjects. In the arts, it made explicit references to how to achieve this with the use of visual journals. In a way, this represented a sea change in the way creativity was being taught. But by what means? Where would teachers get practical help to make this happen? The Visual Diary Guides provide just this kind of help. Produced by an artist-teacher, in two integrated parts they address both students and teachers while aligning with the Australian curriculum. They begin by identifying ‘inspiration’ as the fuel for the creative activity. But it is hard to store inspiration for later use. And even harder to make it fun! The books argue that the ‘storage’ is that ordinary art journal, the Visual Diary, which in the present classroom setting is often wasted as a portfolio. Its explosive creative potential is there to be unlocked. The books set out to do that in the classroom. Contrary to common belief, a structured approach with limits and boundaries is required for creativity to truly flourish. The Visual Diary becomes a students’ personal treasure-trove much like an ordinary diary. The main premise of these books is that everyone has an artist in them and a trustworthy guide is needed to locate it. The Visual Diary Guide - Student Workbook is written for students in accessible language. Through more than 40 specially designed activities, students find and capture inspiration and ideas that personally resonate for them. It opens the door for students to explore the visual culture they are immersed in, making it accessible in the art room for refinement, analysis and development as a supplement to the art room program.

- 📖 Race and Excellence Ezra E. H. Griffith, M.D.,2022-09-13 Graduate of Harvard Medical School, president of the American Board of Psychiatry and Neurology, founding national chair of the Black Psychiatrists of America: the list of Chester Pierce’s accomplishments alone cement him as a luminary in the field--and that is before one considers how foundational his theories about racism as an environmental pollutant are to modern mental health. Reprinted with a new introduction, this collection of interactive conversations between Ezra Griffith and Pierce sheds light on the man behind the impressive titles and oft-cited theories. Focusing on different stages of Pierce’s life and career, it traces his path of achievement in the face of obstacles both individual and institutional. What emerges is more than just a revealing portrait of one particularly determined and talented man. It is a chronicle that illustrates distinct methods of coping with the stress of racial discrimination and new ways to approach narrative stories about Black lives that will prove illuminating to anyone interested in gaining a greater understanding of how to evaluate the salience of race matters in people’s lives.
