Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Terms and Conditions R. Sikoryak,2017-03-07 Master satirist tackles the contract everyone agrees to but no one reads “Mischievous, pastiche-heavy artist Robert Sikoryak...upped the difficulty level for his long-term conceptual project: Instead of abridging a book, he lifted the complete text of Apple’s mind-numbing corporate boilerplate, which users must agree to before accessing iTunes, and mashed it up with art invoking more than a century of comics.”—New York Times For his newest project, R. Sikoryak tackles the monstrosity and infamously dense legal document, iTunes Terms and Conditions, the contract everyone agrees to but no one reads. In a word for word 94-page adaptation, Sikoryak hilariously turns the agreement on its head—each page features an avatar of Apple cofounder and legendary visionary Steve Jobs juxtaposed with a different classic strip such as Mort Walker’s Beetle Bailey, or a contemporary graphic novel such as Craig Thompson’s Blankets or Marjane Satrapi’s Persepolis. Adapting the legalese of the iTunes Terms and Conditions into another medium seems like an unfathomable undertaking, yet Sikoryak creates a surprisingly readable document, far different from its original, purely textual incarnation and thus proving the accessibility and flexibility of comics. When Sikoryak parodies Kate Beaton’s Hark A Vagrant peasant comics with Steve Jobs discussing objectionable material or Homer Simpson as Steve Jobs warning of the penalties of copyright infringement, Terms and Conditions serves as a surreal record of our modern digital age where technology competes with enduringly ironclad mediums.

Army Field Manual FM 22-100 (the U. S. Army Leadership Field Manual) The Department of the Army,2015-12-31 This edition of the US Army Leadership Field Manual (FM 22-100) establishes a unified leadership theory for all Army leaders based on the Army leadership framework and three leadership levels. Specifically, it-- * Defines and discusses Army values and leader attributes. * Discusses character-based leadership. * Establishes leader attributes as part of character. * Focuses on improving people and organizations for the long term. * Outlines three levels of leadership--direct, organizational, and strategic. * Identifies four skill domains that apply at all levels. * Specifies leadership actions for each level. The Army leadership framework brings together many existing leadership concepts by establishing leadership dimensions and showing how they relate to each other. Solidly based on BE, KNOW, DO--that is character, competence, and action--the Army leadership framework provides a single instrument for leader development. Individuals can use it for self-development. Leaders can use it to develop subordinates. Commanders can use it to focus their programs. By establishing leadership dimensions grouped under the skill domains of values, attributes, skills, and actions, the Army leadership framework provides a simple way to think about and discuss leadership. The Army is a values-based institution. This field manual establishes and clarifies those values. Army leaders must set high standards, lead by example, do what is legally and morally right, and influence other people to do the same. They must establish and sustain a climate that ensures people are treated with dignity and respect and create an environment in which people are challenged and motivated to be all they can be. This field manual discusses these aspects of leadership and how they contribute to developing leaders of character and competence.
