Cephrael's Hand Melissa McPhail,2014-12-05 In Alorin-- three hundred years after the genocidal Adept Wars, the realm is dying, and the blessed Adept race dies with it. One man holds the secret to reverting this decline: Bjorn van Gelderan, a dangerous and enigmatic man whose shocking betrayal three centuries past earned him a traitor's brand. It is the Adept Vestal Raine D'Lacourte's mission to learn what Bjorn knows in the hope of salvaging his race. But first he'll have to find him. In the kingdom of Dannym-- the young Prince Ean val Lorian faces a tenuous future as the last living heir to the coveted Eagle Throne. When his blood-brother is slain during a failed assassination, Ean embarks on a desperate hunt for the man responsible. Yet his advisors have their own agendas, and his quest for vengeance leads him ever deeper into a sinuous plot masterminded by a mysterious and powerful man, the one they call First Lord. In the Nadori desert-- tormented by the missing pieces of his life, a soldier named Trell heads off to uncover the truth of his shadowed past. But when disaster places him in the debt of Wildlings sworn to the First Lord, Trell begins to suspect a deadlier, darker secret motivating them--From publisher description.

The Veldt Ray Bradbury,1972 The advanced technology of a house first pleases then increasingly terrifies its occupants.

Music Marketing for the DIY Musician Bobby Borg,2020-01-07 Do it yourself and succeed! More and more artists are taking advantage of new technologies to try and build successful careers. But in this expanding competitive marketplace, serious do-it-yourself musicians need structured advice more than ever. In Music Marketing for the DIY Musician, veteran musician and industry insider Bobby Borg presents a strategic, step-by-step guide to producing a fully customized, low-budget plan of attack for marketing one's music. Presented in a conversational tone, this indispensable guide reveals the complete marketing process using the same fundamental concepts embraced by top innovative companies, while always encouraging musicians to find their creative niche and uphold their artistic vision. The objective is to help artists take greater control of their own destinies while saving money and time in attracting the full attention of top music industry professionals. It's ultimately about making music that matters, and music that gets heard! Updates include: New interviews highlighting current marketing strategies for the new music market Info on how to leverage digital marketing and streaming playlists Updated stories and examples of current music marketing principles Future forecasts and trends into music marketing New and revised services, tools, references, and contacts that can help musicians further their careers New marketing plan samples for bands/solo artists and freelance musicians and songwriters

The Artist's Date Book Julia Cameron,1999-10-11 In The Artist's Way, Julia Cameron addressed a complex subject in a way that has allowed millions of aspiring and working artists to tap into their own creativity. With her companion book The Artist's Way Morning Pages Journal, Cameron focused readers on one of two primary tools in her programs. Now The Artist's Date Book directs readers toward the second tool. Encompassing a year of creativity, with illustrations by Elizabeth Cameron Evans, 365 provocative tasks, and ample inventory space, it is whimsical, inspiring, entertaining, and wise. The book leads readers to involve themselves in daily meetings with their creative self, guiding them to authentic growth, renewal, and confidence.

Kingdom Blades Melissa McPhail,2016-10-28 The fourth installment in Melissa McPhail's award-winning epic fantasy series A Pattern of Shadow & Light

Beeple Mike Winkelmann,2023-02-28 Beeple: Everydays, the First 5000 Days is the first monograph dedicated to artist Mike Winkelman, aka Beeple, who is known for his daily digital creations: from twisted pop-culture caricatures to breathtaking sci-fi landscapes.[Bokinfo].

Paths of Alir Melissa McPhail,2014-09-30 The first two books in A Pattern of Shadow & Light introduce readers to the realm of Alorin and its magical Adept race, which is facing extinction. The race's tragic decline is the result of Malorin'athgul, powerful beings from the fringes of Chaos, whose presence in Alorin has caused a shift in the cosmic Balance. Fate bends to their will, and their will is set upon Alorin's destruction. Alone in understanding the threat they pose, Alorin's Fifth Vestal, Bjorn val Gelderan, has launched a desperate plan to stop them: a great game played upon the tapestry of mortal life. Now, in Paths of Alir, A Pattern of Shadow & Light Book 3, Bjorn's Players have taken the field: Along the lush Caladrian coast of Agasan...the truthreader Tanis d'Giverny returns to the place of his birth and finds mysterious and wonderful workings waiting for him. But the zanthyr Phaedor warns Tanis that ominous events lie ahead, and the lad soon wonders if even his mother's magical lessons will be enough to keep him alive. In the dungeons of Tal'Shira...held prisoner by the Adept Inquisitor Taliah hal'Jaitar, Prince Trell val Lorian is facing a life of enslavement. Only two paths lie open before him: one means an eternity of torture fighting Taliah's attempts to break him; the other requires surrendering to her will. But can he really sacrifice everything he is to walk Taliah's path of twisted magic known as mor'alir? In the snow-bound Castle of Tyr'kharta...Prince Ean val Lorian must choose to save his brother Sebastian or his loyal men. But to choose his men means leaving Sebastian to an eternity of enslavement; while rescuing Sebastian means abandoning his friends, and his honor along with them. Either decision will test Ean's newfound skills as well as his conviction, for as the prince learns, once a man becomes a Player in the First Lord's game, not even death can give reprieve.

What Every Electrical Engineering Student Must Know Ali Alqaraghuli,2020-09-18 A step-by-step guide for electrical engineering students.

Illuminati in the Music Industry Mark Dice, Famous pop stars and rappers from Jay-Z and Rick Ross to Rihanna and Christina Aguilera are believed by many to be a part of the infamous Illuminati secret society. These stars allegedly use Illuminati and satanic symbolism in their music videos and on their clothes that goes unnoticed by those not “in the know.” Since these stars appear in our living rooms on family friendly mainstream shows like Good Morning America, Ellen, and dozens of others—and are loved by virtually all the kids—they couldn’t possibly have anything to do with the infamous Illuminati or anything “satanic,” could they? Some famous musicians have even publicly denounced the Illuminati in interviews or songs. Illuminati in the Music Industry takes a close look at some of today’s hottest stars and decodes the secret symbols, song lyrics, and separates the facts from the fiction in this fascinating topic. You may never see your favorite musicians the same way ever again. Includes 50 photographs. Discover why so many artists are promoting the Illuminati as the secret to success. Why an aspiring rapper in Virginia shot his friend as an “Illuminati sacrifice” hoping it would help him become rich and famous. How and why the founder of BET Black Entertainment Television became the first African American billionaire. Why popular female pop stars like Rihanna, Christina Aguilera, Kesha and others are promoting Satanism as cool, something that was once only seen in heavy metal and rock and roll bands. Some musicians like Korn’s singer Jonathan Davis, rapper MC Hammer, Megadeth’s frontman Dave Mustaine, and others have all denounced the Illuminati and artists promoting them. Les Claypool, singer of Primus wrote a song about the Bohemian Grove. Muse singer Matt Bellamy recants his belief that 9/11 was an inside job after getting a taste of mainstream success with his album, The Resistance. Bono said he attended an Illuminati meeting with other celebrities. Was he joking or serious? Why rap and hip hop is filled with Illuminati puppets and wannabes more than other genres of music. Includes detailed profiles on dozens of artists who are suspected of being affiliated with the Illuminati and highlights the handful of musicians who have denounced the secret society and their puppets. Learn about media effects, the power of celebrity, what the externalization of the hierarchy means and how you can break free from the mental enslavement of mainstream media and music. By the author of The Illuminati: Facts & Fiction

Cine-scapes Richard Koeck, 2013 Cine-scapes explores the relationship between urban space, architecture and the moving image. While an impressive amount of research has been done with regards to the study of architecture portrayed in film, this book will offer a new perspective. There is little doubt that film can 'reflect' a postmodern condition, however, what this book demonstrates is that the postmodern, architectural condition in which we live is in fundamental terms filmic. We daily engage with spaces and places that are essentially cine-tectural. Drawing on the author's knowledge derived from architectural and film practice, Cine-scapes will: offer insight into architecture and urban debates through the eyes of a practitioner working in both fields - film and architectural design emphasise how cine-tectural tendencies are taking place or finding their way into urban practices can be used as a tool for educators, students and practitioners in architecture and urban design to communicate and discuss design issues with regard to contemporary architecture and cities. Cine-scapes ignites new ways of seeing, thinking and debating the nature of architecture and urban spaces--

Managing Content Marketing: The Real-World Guide for Creating Passionate Subscribers to Your Brand Robert Rose, Joe Pulizzi, 2011-08-01 Perhaps no function in the business organization has been as fundamentally revolutionized as marketing. The social and mobile Web has completely changed the speed, efficiency, and ease with which consumers can engage with each other and has had a tremendous impact on brands. This new engagement of the consumer with keen awareness of their relationships and emerging social networks now correlates to every single aspect of our business. So, yes, marketing has changed. The question is what are we going to do about it? Content and Subscription: The New Marketing Opportunity As growth of the social and mobile Web changes the methods of communication, the old lines of hierarchical relationships between business and consumer blur substantially. As consumers publish and share their opinions (both good and bad) with increasing ease, they can become more persuasive than even the company's voice itself. Every one of these groups becomes a powerful ally or enemy depending on what we do. All of them will be constantly in flux developing levels of trust and requiring varying levels of transparency to filter content and determine buying decisions. They will expand and collapse with great velocity, and it will all happen with or without our participation. Content marketing has been around for hundreds of years. But the application of a specific strategic process around content marketing is still new. The amount of budget that is allotted for new content creation is going to become a significant part of your new media budget. And subject matter experts in the organization are going to have new responsibilities. It's a transformative new process and it won't happen overnight. But it can, and should, happen. Get Content Get Customers showed us the light but there's been no book to show us the way. There is an ancient Chinese proverb that says a crisis is simply an opportunity riding the dangerous wind. As marketers we now have the opportunity to develop new processes with our marketing strategy, power them with content, and ultimately keep that wind at our back. Successful programs will focus on creating a thoughtful strategy and process to foster this content marketing. This book is a detailed how-to to build that successful content marketing process.

Minecraft Tricks Minecraft Books, 2014 Minecraft is a sandbox game created by Mojang AB. This game allows individuals to express their creativity by building amazing structures, creations, homes, etc. For everyone who loves Minecraft, this guide is exactly what you need. Learn all the tips and tricks about Minecraft today. Inside you will find: - Basic Tricks - Advanced Tricks - Traps - And Much More! Become the Minecraft master you know you can be today!

Promises to Keep William W. Fisher, III, 2004 During the past fifteen years, changes in technology have generated an extraordinary array of new ways in which music and movies can be produced and distributed. Both the creators and the consumers of entertainment products stand to benefit enormously from the new systems. Sadly, we have failed thus far to avail ourselves of these opportunities. Instead, much energy has been devoted to interpreting or changing legal rules in hopes of defending older business models against the threats posed by the new technologies. These efforts to plug the multiplying holes in the legal dikes are failing and the entertainment industry has fallen into crisis. This provocative book chronicles how we got into this mess and presents three alternative proposals--each involving a combination of legal reforms and new business models--for how we could get out of it.

The Underground Is Massive Michaelangelo Matos, 2015-04-28 Joining the ranks of Please Kill Me and Can't Stop Won't Stop comes this definitive chronicle of one of the hottest trends in popular culture—electronic dance music—from the noted authority covering the scene. It is the sound of the millennial generation, the music “defining youth culture of the 2010s” (Rolling Stone). Rooted in American techno/house and '90s rave culture, electronic dance music has evolved into the biggest

moneymaker on the concert circuit. Music journalist Michaelangelo Matos has been covering this beat since its genesis, and in *The Underground Is Massive*, charts for the first time the birth and rise of this last great outlaw musical subculture. Drawing on a vast array of resources, including hundreds of interviews and a library of rare artifacts, from rave fanzines to online mailing-list archives, Matos reveals how EDM blossomed in tandem with the nascent Internet—message boards and chat lines connected partiers from town to town. In turn, these ravers, many early technology adopters, helped spearhead the information revolution. As tech was the tool, Ecstasy—(Molly, as it's known today) an empathic drug that heightens sensory pleasure—was the narcotic fueling this alternative movement. Full of unique insights, lively details, entertaining stories, dozens of photos, and unforgettable misfits and stars—from early break-in parties to Skrillex and Daft Punk—*The Underground Is Massive* captures this fascinating trend in American pop culture history, a grassroots movement that would help define the future of music and the modern tech world we live in.

Music Theory for Electronic Music Producers J. Allen, 2018-10-13 The producer's guide to harmony, chord progressions, and song structure in the MIDI grid. As an online class, Dr. Allen has had over 50,000 students use this ground-breaking curriculum to learn music theory. Students and Producers who have wanted to learn music theory to improve their own music, but have been intimidated by traditional approaches, music notation, and abstract concepts will find this book to be the answer they have been looking for. From the Author: How music theory is usually taught is unfair. It starts with the assumption that you can read music and understand the language of classical music. My book leaves all of that behind - focusing only on the MIDI grid that producers are already familiar with to learn all the key concepts of music theory, and ultimately, make better music. This book covers all the fundamentals of music theory, but is written using the language of the DJ and Producer - the MIDI Grid. It includes analysis projects that look at the harmonic and melodic ideas in songs by popular producers including Zedd, Boards of Canada, Daft Punk, Deadmau5, Bonobo, Richie Hawtin, Moby, Skrillex, and Aphex Twin. Praise for *Music Theory for Electronic Music Producers*: Aspiring electronic musicians have choices to make when it concerns their own education and training. This text makes one choice much easier: start here and get learning, quickly. Grounded and easygoing, the book uses real-world examples to help you make sense of music's inner workings while steering clear of dense theories. - Michael J. Ethen, PhD Musicologist This book knocks the oftentimes alienating world of music theory completely onto its side. Difficult to explain concepts are perfectly demonstrated for the aspiring electronic music producer who might have no formal music training. A must have for all aspiring producers. - James Patrick (DJ, Producer, Educator) Slam Academy, Dubspot, IPR, Ableton Certified Trainer With *Music Theory for Electronic Music Producers*, Dr. Allen has produced a remarkable resource: an extensive tour of musical theory that leverages some of our favorite modern tools - the virtual studio and its piano roll note display. By introducing us to the why as well as the what of music theory, this book helps us to understand what makes music tick and how to improve our own work. In addition to offering a sound theoretical foundation, the deep dives into analyzing tracks by Skrillex, Aphex Twin, and Deadmau5 keeps our attention focused on real-world production. MTEMP will definitely go on the top of my recommendation list for anyone that needs a fresh view of musical concepts. - Darwin Grosse Director of Education, Cycling '74

The Crimson Queen Alec Hutson, 2016-11-28 Long ago the world fell into twilight, when the great empires of old consumed each other in sorcerous cataclysms. In the south the Star Towers fell, swallowed by the sea, while the black glaciers descended upon the northern holdfasts, entombing the cities of Min-Ceruth in ice and sorcery. Then from the ancient empire of Menekar the paladins of Ama came, putting every surviving sorcerer to the sword and cleansing their taint from the land for the radiant glory of their lord. The pulse of magic slowed, fading like the heartbeat of a dying man. But after a thousand years it has begun to quicken again. In a small fishing village a boy with strange powers comes of age . . . A young queen rises in the west, fanning the long-smoldering embers of magic into a blaze once more . . . Something of great importance is stolen - or freed - from the mysterious Empire of Swords and Flowers . . . And the immortals who survived the ancient cataclysms bestir themselves, casting about for why the world is suddenly changing . . .

The Obsessed gestalten, Robert Klanten, Irwin Wong, Lincoln Dexter, 2022-02-24 The book will delve into the world of Japanese subcultures and the obsessive approach that many people take to their hobbies, passions and lifestyle choices. Japanese Subcultures will contain photos and texts - such as potentially profiles, essays or features - of a diverse range of Otaku and other fans and followers of different subcultures, and will unveil what is behind these obsessions and what makes these people tick.

ENTERTAINMENT WEEKLY The Ultimate Guide to Supernatural The Editors of Entertainment Weekly, 2017-09-29 Saving people and hunting demons: It's the family business. For 12 seasons, no demon, ghost nor monster has been safe from Sam and Dean Winchester, the daring brothers and heroes of hit television show *Supernatural*. Combining elements of horror, thriller, drama and comedy, this fan favorite explores the world of the paranormal, with brief forays into heaven and hell-and family relationships-every week. As the longtime hit from the CW enters its lucky 13th season, now is the time to time to catch up with an all-new special edition from Entertainment Weekly, *The Ultimate Guide to Supernatural*. Packed with photographs from each season, a who's who of heaven and hell, and a full episode guide to all 12 seasons-plus exclusive interviews with stars Jensen Ackles, Jared Padalecki and Misha Collins, along with a guide to the guest stars, the top 10 guests, and our expert ranking of each and every episode, this is a must-have for all *Supernatural* fans. There's even a superfan set-visit diary from S.E. Hinton, the renowned author of *The Outsiders*. You should pick up your copy now . . . because you always have a choice.

The Singer-Songwriter Handbook Justin Williams, Katherine Williams, 2017-02-23 The singer-songwriter, someone who writes and performs their own music, is an ever-present and increasingly complex figure in popular music worlds. The *Singer-Songwriter Handbook* provides a useful resource for student songwriters, active musicians, fans and scholars alike. This handbook is divided into four main sections: Songwriting (acoustic and digital), Performance, Music Industry and Case Studies. Section I focuses on the 'how to' elements of popular song composition, embracing a range of perspectives and methods, in addition to chapters on the teaching of songwriting to students. Section II deals with the nature of performance: stagecraft, open mic nights, and a number of case studies that engage with performing in a range of contexts. Section III is devoted to aspects of the music industry and the business of music including sales, contract negotiations, copyright, social media and marketing. Section IV provides specific examples of singer-songwriter personae and global open mic scenes. The *Singer-Songwriter Handbook* is a much-needed single

resource for budding singer-songwriters as well as songwriting pedagogues.
