Spider-Man/Deadpool Vol. 5 Robbie Thompson,2018-04-11 Collects Spider-Man/Deadpool #23-28. Team-up time is over — it's Spider-Man vs. Deadpool! When Spidey learns that Wade is selling S.H.I.E.L.D. tech on the black market, it's the last straw — bromance no more. The two biggest characters in comics are throwing down, no holds barred. The battle takes them all over the Marvel Universe — and climaxes in a face-off with the Chameleon! He's upped his game from petty crook to one of the world's most terrifying super villains. Spidey and Deadpool will do their darnedest to take him down, but it's hard to punch someone when he could look like anyone! The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

When a man known simply as the Bank hires Deadpool to kill Frank Castle, it should be a simple task for Wade Wilson to execute, right? Except taking out the Punisher is a lot harder than Deadpool could have anticipated--especially since he likes the Punisher. A straightforward job becomes a knock-down-drag-out fight as they trade shot for shot. But things get complicated when the mercenary and the merciless Castle wind up embroiled in a bigger, messier conflict with the Bank front and center. The bloody and brutal fight never ceases regardless of what side Wade and Frank are on, even when it's seemingly the same side--just because they have a common enemy doesn't make them partners in crime. To the victor belong the spoils, but is there a clear winner here?
