The Great Transformation Karl Polanyi, 2024-06-20 Tracing the history of capitalism in England and beyond, Karl Polanyi's landmark 1944 classic brilliantly exposed the myth of laissez-faire economics. From the great transformation that occurred during the industrial revolution onwards, he showed, there has been nothing 'natural' about the market state. Instead, the economy must always be embedded in society, and human needs and relations. Witnessing the 'avalanche of social dislocation' of his time - from the Great Depression, to the rise of fascism and communism and the First and Second World Wars - Polanyi ends with a rallying cry for freedom, and a passionate vision to protect our common humanity.

Vocabulary Workshop Jerome Shostak, 2005 It's a good book. Offers pronunciation, definitions, synonyms, and antonyms, as well as good practice. Chances are there are at least some words you'll learn from the book, even if you do well on the diagnostic test but I still suggest that you take that test to see if you should get a higher level book.

In Cold Blood Truman Capote, 2013-02-19 Selected by the Modern Library as one of the 100 best nonfiction books of all time From the Modern Library's new set of beautifully repackaged hardcover classics by Truman Capote—also available are *Breakfast at Tiffany's* and *Other Voices, Other Rooms* (in one volume), *Portraits and Observations*, and *The Complete Stories* Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

The Routledge History of Literature in English Ronald Carter, John McRae, 2001 This is a guide to the main developments in the history of British and Irish literature, charting some of the main features of literary language development and highlighting key language topics.

Permanent Exhibit Matthew Vollmer, 2018 Brief collage-style essays that explore the ephemeral and fractured nature of life in the digital age.

100 Great War Movies Robert J. Niemi, 2018-04-04 This book serves as a fascinating guide to 100 war films from 1930 to the present. Readers interested in war movies will learn surprising anecdotes about these films and will have all their questions about the films' historical accuracy answered. This cinematic guide to war movies spans 800 years in its analysis of films from those set in the 13th century Scottish Wars of Independence (*Braveheart*) to those taking place during the 21st-century war in Afghanistan (*Lone Survivor*). World War II has produced the largest number of war movies and continues to spawn recently released films such as *Dunkirk*. This book explores those, but also examines films set during such conflicts as the Napoleonic Wars, the American Civil War, World War I, the Vietnam War, and the wars in Afghanistan and Iraq. The book is organized alphabetically by film title, making it easy to navigate. Each entry is divided into five sections: Background (a brief discussion of the film's genesis and financing); Production (information about how, where, and when the film was shot); Synopsis (a detailed plot summary); Reception (how the film did in terms of box office, awards, and reviews) and Reel History vs. Real History (a brief analysis of the film's historical accuracy). This book is ideal for readers looking to get a vivid behind-the-scenes look at the greatest war movies

ever made.

The Fist of God Frederick Forsyth, 2015-03-18 From the bestselling author of *The Day of the Jackal*, international master of intrigue Frederick Forsyth, comes a thriller that brilliantly blends fact with fiction for one of this summer's—or any season's—most explosive reads! From the behind-the-scenes decision-making of the Allies to the secret meetings of Saddam Hussein's war cabinet, from the brave American fliers running their dangerous missions over Iraq to the heroic young spy planted deep in the heart of Baghdad, Forsyth's incomparable storytelling skill keeps the suspense at a breakneck pace. Somewhere in Baghdad is the mysterious "Jericho," the traitor who is willing—for a price—to reveal what is going on in the high councils of the Iraqi dictator. But Saddam's ultimate weapon has been kept secret even from his most trusted advisers, and the nightmare scenario that haunts General Schwarzkopf and his colleagues is suddenly imminent, unless somehow, the spy can locate that weapon—*The Fist of God*—in time. Peopled with vivid characters, brilliantly displaying Forsyth's incomparable, knowledge of intelligence operations and tradecraft, moving back and forth between Washington and London, Baghdad and Kuwait, desert vastnesses and city bazaars, this breathtaking novel is an utterly convincing story of what may actually have happened behind the headlines.

Let Us Now Praise Famous Men James Agee, Walker Evans, 1960 An account of the actual daily lives of three families of tenant farmers which are representative of their class in the year 1936.

Men of Wealth John T. Flynn, 1941

With a Critical Eye Arthur J. Vidich, 2009 Internationally renowned sociologist Arthur J. Vidich (1922-2006) was an active researcher and teacher whose career spanned the second half of the twentieth century. *With a Critical Eye: An Intellectual and His Times* recounts Vidich's career in the wider cultural context of his life and work. Providing a window into post-World War II intellectual life, the richness of the autobiography lies not only in Vidich's perspectives on the academic world but also in his personal and sociological observations about the world around him. Best known for his book *Small Town in Mass Society* (co-authored with Joseph Berman, 1958), Vidich taught for more than forty years at the New School for Social Research in New York. He published eighteen books, co-edited a book series with Robert Jackall, and was the founding editor of the *International Journal of Politics, Culture, and Society*. Vidich provides a valuable lens ... on a profoundly important time in the formation of the modern social sciences, when the changes in the U.S. were having formative impacts on academe in other parts of the world, writes Robert J. Antonio, professor of sociology at the University of Kansas. The autobiography is lucidly and unpretentiously written. Book jacket.

The Phoenix Joseph Nigg, 2016-11-04 An "insightful cultural history of the mythical, self-immolating bird" from Ancient Egypt to contemporary pop culture by the author of *The Book of Gryphons* (*Library Journal*). The phoenix, which rises again and again from its own ashes, has been a symbol of resilience and renewal for thousands of years. But how did this mythical bird come to play a part in cultures around the world and throughout human history? Here, mythologist Joseph Nigg presents a comprehensive biography of this legendary creature. Beginning in ancient Egypt, Nigg's sweeping narrative discusses the many myths and representations of the phoenix, including legends of the Chinese, where it was considered a sacred creature that presided over China's destiny; classical Greece and Rome, where it appears in the writings of Herodotus and Ovid; medieval Christianity, in which it came to embody the resurrection; and in Europe during the Renaissance, when it was a popular emblem of royals. Nigg examines the various phoenix traditions, the beliefs and tales associated with them, their symbolic and metaphoric use, and their appearance in religion, bestiaries, and even contemporary popular culture, in which the ageless bird of renewal is employed as a mascot and logo. "An exceptional work of

scholarship.”—Publishers Weekly

Bike Boom Carlton Reid, 2017-06-15 Bicycling advocates envision a future in which bikes are a widespread daily form of transportation, but this reality is still far away. Will we ever witness a true bike boom in cities? What can we learn from past successes and failures to make cycling safer, easier, and more accessible? In *Bike Boom*, journalist Carlton Reid uses history to shine a spotlight on the present and demonstrates how bicycling has the potential to grow even further, if the right measures are put in place by the politicians and planners of today and tomorrow. He explores the benefits and challenges of cycling, the roles of infrastructure and advocacy, and what we can learn from cities that have successfully supported and encouraged bike booms. In this entertaining and thought-provoking book, Reid sets out to discover what we can learn from the history of bike booms.

Beach Road James Patterson, Peter de Jonge, 2006-05-01 Dark mysteries come to East Hampton while a struggling lawyer fights to save his friend from being framed for a triple murder. Montauk lawyer Tom Dunleavy's client list is woefully small-occasional real estate closings barely keep him in paper clips. So when he is hired to defend a local man accused in a triple murder in East Hampton, he knows that he has found the case of his lifetime. The crime turns the glittering playground for the super-rich into a blazing inferno. Dunleavy's client is a local hero, but he knows the case rests on money, deception, and forbidden desires. His client will be framed-unless he can find the key to the case. When Dunleavy is joined by his former flame, the savvy and well-connected attorney, Kate Costello, he believes he has a chance. But payback is a bitch, especially from the rich. The violent retaliations of billionaires threatened by his investigation exceed anything Dunleavy has ever seen. With the entire nation's eyes on him in a new Trial of the Century, Dunleavy orchestrates a series of revelations that lead to a stunning outcome-and the truth is wilder than anything he ever imagined.

A History of the English Language Albert Croll Baugh, 1963

Life with My Sister Madonna Christopher Ciccone, Wendy Leigh, 2009-03-03 Ciccone's extraordinary memoir is based on his 47 years of growing up with, working with, and understanding one of the most famous and controversial woman of our time.

The Speed of Change Jan-Bart Gewald, Sabine Luning, Klaas van Walraven, 2009-07-31 In the early 1900s the motor-vehicle (car, bus, lorry or motor-cycle) was introduced in sub-Saharan Africa This edited volume of eleven contributions by historians, anthropologists, social and political scientists explores aspects of the social history and anthropology of the motor-vehicle in Africa.

Hey, Whipple, Squeeze This Luke Sullivan, 2008-04-11 In this new edition of the irreverent, celebrated bestseller, master copywriter Luke Sullivan looks at the history of advertising, from the good, to the bad, to the ugly. Updated to cover online advertising, this edition gives you the best advertising guidance for traditional media and all the possibilities of new media and technologies. You'll learn why bad ads sometimes work, why great ads fail, and how you can balance creative work with the mandate to sell.

History of Britain and Ireland DK, 2019-12-20 Discover the pivotal political, military, and cultural events that shaped British and Irish history, from Stone Age Britain to the present day, in this revised and updated ebook. Combining over 700 photographs, maps, and artworks with accessible text, the *History of Britain and Ireland* is an invaluable resource for families, students, and anyone seeking to learn more about the fascinating story of the England, Scotland, Wales, and Ireland. Spanning six distinct periods of British and Irish history, this ebook is the best way to find out how Britain transformed with the Norman rule, fought two world wars in the 20th century, and faced new economic challenges in the 21st century. DK's visual guide places key figures - from Alfred the Great to Winston Churchill - and major events - from Roman invasion to the Battle of Britain - in their wider context, making it easier than ever before to learn how they influenced Britain and Ireland's

development through the age of empire into the modern era.

Polygamy on the Pedernales Melvin C Johnson, 2006-03-31 In the wake of Joseph Smith Jr.'s murder in 1844, his following splintered, and some allied themselves with a maverick Mormon apostle, Lyman Wight. Sometimes called the Wild Ram of Texas, Wight took his splinter group to frontier Texas, a destination to which Smith, before his murder, had considered moving his followers, who were increasingly unwelcome in the Midwest. He had instructed Wight to take a small band of church members from Wisconsin to establish a Texas colony that would prepare the ground for a mass migration of the membership. Having received these orders directly from Smith, Wight did not believe the former's death changed their significance. If anything, he felt all the more responsible for fulfilling what he believed was a prophet's intention. Antagonism with Brigham Young and the other LDS apostles grew, and Wight refused to join with them or move to their new gathering place in Utah. He and his small congregation pursued their own destiny, becoming an interesting component of the Texas frontier, where they had a significant economic role as early millers and cowboys and a political one as a buffer with the Comanches. Their social and religious practices shared many of the idiosyncracies of the larger Mormon sect, including polygamous marriages, temple rites, and economic cooperatives. Wight was a charismatic but authoritarian and increasingly odd figure, in part because of chemical addictions. His death in 1858 while leading his shrinking number of followers on yet one more migration brought an effective end to his independent church.

Literary Executions John Cyril Barton, 2014-07-15 In *Literary Executions*, John Barton analyzes nineteenth-century representations of, responses to, and arguments for and against the death penalty in the United States. The author creates a generative dialogue between artistic relics and legal history. Novels, short stories, poems, and creative nonfiction engage with legislative reports, trial transcripts, legal documents, newspaper and journal articles, treatises, and popular books (like *The Record of Crimes* and *The Gallows*, *the Prison*, and *the Poor House*), all of which participated in the debate over capital punishment. Barton focuses on several canonical figures--James Fenimore Cooper, Nathaniel Hawthorne, Lydia Maria Child, Walt Whitman, Herman Melville, and Theodore Dreiser--and offers new readings of their work in light of the death penalty controversy. Barton also gives close attention to a host of then-popular-but-now-forgotten writers--particularly John Neal, Slidell MacKenzie, William Gilmore Simms, Sylvester Judd, and George Lippard--whose work helped shape or was in turn shaped by the influential anti-gallows movement. As illustrated in the book's epigraph by Samuel Johnson -- Depend upon it Sir, when a man knows he is to be hanged in a fortnight, it concentrates his mind wonderfully -- Barton argues that the high stakes of capital punishment dramatize the confrontation between the citizen-subject and sovereign authority. In bringing together the social and the aesthetic, Barton traces the emergence of the modern State's administration of lawful death. The book is intended primarily for literary scholars, but cultural and legal historians will also find value in it, as will anyone interested in the intersections among law, culture, and the humanities--
