*One-Hour Wargames* Neil Thomas,2014-09-03 A fun and practical new approach to wargaming that lets you complete a game in about an hour—includes rule sets and scenarios for most popular periods. One of the biggest problems facing wargamers is finding the time to actually play. Most commercially available games require several hours to set up and see to a conclusion; some can even take a whole day or weekend to complete. Apart from time, lack of space can also keep wargamers from enjoying their favorite pastime. In *One-hour Wargames*, veteran gamer and rule-writer Neil Thomas has addressed both problems. Now it is practical to play a satisfying game in around an hour on a normal dining table or living room floor. The book contains 8 all-new sets of very simple rules for various periods—from Ancient to WW2—and thirty stimulating scenarios which can be played using any of them. All the rules and scenarios are intended to be played on a 3ft x 3ft battlefield. The rules only require a small number of miniatures, so this really is an ideal way for new gamers, or veterans trying a new period, to get started with minimal investment of time and money. Also ideal for a quick game in the evening with a friend. Also included are sections on campaigns and solo games.
