**Children and Empire** Cheryl M. Cassidy, Andrea Kaston Tange, 2012-12-14 Co-published by Routledge and Edition Synapse The History of Feminism series makes key archival source material readily available to scholars, researchers, and students of women's and gender studies, women's history, and women's writing, as well as those working in allied and related fields. Selected and introduced by expert editors, the gathered materials are reproduced in facsimile, giving users a strong sense of immediacy to the texts and permitting citation to the original pagination. Building on the success of *Women and Empire* (2009), this new title in the series brings together in four volumes a unique range of nineteenth-century texts on children and empire. Making readily available materials which are currently very difficult for scholars, researchers, and students across the globe to locate and use, *Children and Empire* is a veritable treasure-trove. The gathered works are reproduced in facsimile, giving users a strong sense of immediacy to the texts and permitting citation to the original pagination. Each volume is also supplemented by substantial introductions, newly written by the editors, which contextualize the material. And with a detailed appendix providing data on the books, newspapers, and periodicals in which the gathered materials were originally published, the collection is destined to be welcomed as a vital reference and research resource.

**Room 555** Cristy Watson, 2019-01-29 Fourteen-year-old Rooney loves hip-hop almost as much as she loves her grandmother. Rooney cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Rooney becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Rooney to mess things up with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Rooney meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Rooney face her fears, make amends with Kira and reconnect with Gram before it's too late.

Dr. Dennis Goodman has dedicated himself to researching vitamins and minerals so that he can educate his patients on which supplements to take—who needs them, how much, and why. If you care about your bones and heart health—and no doubt you do—this book is a must read. With “Vitamin K2: The Missing Nutrient for Heart and Bone Health,” Dr. Goodman presents the latest and most impressive research studies, as well as insights on diet, exercise, and stress reduction, as a conversation between doctor and patient. Providing clear and concise information, he puts readers on the path to learn more for themselves and continue the conversation with their own doctor.

Figuring History Lowery Stokes Sims, Jacqueline Francis, 2018 Contemporary artists Robert Colescott (1925-2009), Kerry James Marshall (b. 1955), and Mickalene Thomas (b. 1971) are distinguished by their attention to a history of representation, which they re-visit and revise to reflect on individual and collective Black experience. Equally engaged with social and political histories, and the history of art, Colescott, Marshall, and Thomas have created works that at times poignantly and satirically critique dominant narratives and posit alternatives. By considering these artists together, this thought-provoking book expands our understanding of contemporary history painting, a genre first defined during the 17th century and known for didactic paintings that often depicted Biblical or mythological subjects, and expressed the tastes and narratives of a ruling class. Colescott, Marshall, and Thomas marry appreciation of these traditional forms of representation to a deep understanding of contemporary American culture to create insightful works that disrupt historic narratives and read canonic art history against the grain.
