Day of the Rangers Ambush Alley Ambush Alley Games,2012-03-20 In the early 90s, Somalia was a country in chaos. As civil war raged, warlords carved out their own territories, enforcing their will through militia gangs, while famine compounded the situation. As a joint US-UN mission struggled to maintain order, the warlords began to unite behind Mohamed Farrah Aidid, who was to proclaim himself President of Somalia and embark upon a campaign to force the peacekeepers out of the country. Operations against Aidid and his strongholds intensified, culminating in the famous Operation Gothic Serpent, and the rescue mission to save a downed Black Hawk helicopter carried out by US Rangers and Delta Force operatives. Day of the Rangers, the latest companion for Force on Force, provides wargamers with all the background, orders of battle, and scenarios they need to immerse themselves in the epic battle for Mogadishu.

Cold War Gone Hot, the latest companion volume for Force on Force, looks at the 44-year history of the Cold War and asks: what if†? With the orders of battle, vehicle stats and missions included in this volume, Force on Force players can simulate the advance of Soviet tanks across Western Europe, a thrust into Alaska, or any number of other plausible scenarios where history took a slightly different path.
