Where Secrets Live S. C. Richards,2022-09-06 In the vein of Wendy Walker and Karen Dionne, this twisted family saga speaks to dark family secrets and how some families will kill to keep them. Raised by stepparents after the loss of their

birth parents, Liz and Meredith McCallister are the only constants in each other's lives—until Meredith is murdered in her lake home. Devastated by the loss, Liz becomes desperate to know why Meredith was killed. But the more she digs into her sister's past, the uglier the story gets. As a teenager, Meredith gave up a child for adoption. When Liz meets her niece for the first time, she finds an angry, troubled teenager, whose reappearance in her mother's life may have been the catalyst that got Meredith killed. When Liz digs deeper into her sister's life and murder, she finds that their family had many buried secrets. But as Liz uncovers the truth, she realizes that not all secrets were meant to come to light, and her efforts have drawn the attention of someone who is determined to keep the past hidden—even if the cost is Liz's life.

Earth Force Shemer Kuznits, 2019-04-30 On the first day, a mist descended from the heavens blanketing Earth. On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible

beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

On the Naive But Honorable Self-determination of Teenage Girls Amber Gayle, 2004 A high school girl from the West Coast goes to Germany to spend a year as an exchange student. In detailed letters home, she recounts foreign flings, wild parties, girlfriend dramas and difficult host parents, as well as the discoveries she makes about her path in life. Amber's writing is irreverent and playful, a delightful, uncensored look into the mind of an adventurous 16-year-old. The 5th in the My Evil Twin Sister series, which has taken personal zines into a place Cometbus hasn't quite ventured. Eloquent, frighteningly personal - Bitch Magazine. All illustrated by Fly.

Piercy, 2016-11-03 Market-Led Strategic Change, 5th edition, has been fully revised and updated to reflect the realities of 21st century business and the practical issues for managers in the process of going to market. The world of business has changed dramatically, with a more complex environment, more demanding customers and radical new ways of going to market. This textbook develops a value-based strategy examining the roles of market sensing, customer value, organizational change and digital marketing in the implementation of strategy. The text is supported throughout with brand new case studies from globally recognised companies such as Uber and Volkswagen, and covering topical issues such as the legalisation of marijuana and reinventing the healthcare business. Lecturers are assisted with a newly expanded collection of support materials including PowerPoint slides for each chapter, suggested frameworks for using the case studies in teaching, and case studies from previous editions.
