The Creation of Anne Boleyn Susan Bordo, 2013-04-09 This illuminating history examines the life and many legends of the 16th century Queen who was executed by her husband, King Henry VIII. Part biography, part cultural history, *The Creation of Anne Boleyn* is a fascinating reconstruction of Anne's life and a revealing look at her afterlife in the popular imagination. Why is her story so compelling? Why has she inspired such extreme reactions? Was she the flaxen-haired martyr of Romantic paintings or the raven-haired seductress of twenty-first-century portrayals? (Answer: neither.) But the most provocative question of all concerns Anne's death: How could Henry order the execution of a once beloved wife? Drawing on scholarship and critical analysis, Bordo probes the complexities of one of history's most infamous relationships. She then demonstrates how generations of polemicists, biographers, novelists, and filmmakers have imagined and re-imagined Anne: whore, martyr, cautionary tale, proto "mean girl," feminist icon, and everything in between. In *The Creation of Anne Boleyn*, Bordo steps off the well-trodden paths of Tudoriana to tease out the human being behind the competing mythologies, paintings, and on-screen portrayals.

I, Livia Mary Mudd, 2005-06-30 A historical tradition of Roman origin represents Livia Drusilla, the third and much beloved wife of Caesar Augustus, as a conniving, Borgia-like criminal. This view of Livia maintains, that to promote the political career of her son by her former husband, Livia killed or incapacitated Augustus' descendants through his previous wife. Author Robert Graves, in his famous novel, *I, Claudius*, based his fictitious rendering of Livia upon this malevolent representation of her. The conceit is patently wrong, and

essentially all modern scholars of Roman history reject it. But thanks to Graves' immensely entertaining book, and the British Broadcasting Corporation adaptation of it for television, the image of Livia as a devious dynastic murderess prevails in the popular mind. I, Livia: The Counterfeit Criminal aspires to correct the misconception, and present an accurate assessment of this much-maligned woman. The study's comfortably readable style is intended for general audiences. The first three chapters present a biographical sketch, which focuses on Livia's public life. Livia was accepted as an extraordinarily visible, dynamic and influential political personage, by a society and culture that maintained that women must confine their activities childrearing and other domestic pursuits. The following two chapters demonstrate the absurdity of Livia's criminal reputation, and offer explanation for its development. Three subsequent chapters seek Livia's private side - her habits, tastes, and interpersonal relationships. Livia (who suffered from colds and chronic arthritis) was an amiable soul, with a self-deprecating sense of humor. She was a loving, supportive forbearant wife and mother, an intellectual with profound political insights, an enthusiastic traveller, a connoisseur of art. Although generally patient and demure, she could also be impulsive, assertive, opinionated and, especially in later life, petulant. The final chapter examines how Livia became, and remained, a symbol of Roman imperial power. The brief epilogue describes the physical appearances of Livia and the members of her family. Also included are relevant appendices, a comprehensive bibliography, and color images of surviving wall paintings from her homes.

Early Christian Books in Egypt Roger S. Bagnall,2021-07-13 For the past hundred years, much has been written about the early editions of Christian texts discovered in the region that was once Roman Egypt. Scholars have cited these papyrus manuscripts--containing the Bible and other Christian works--as evidence of Christianity's presence in that historic area during the first three centuries AD. In *Early Christian Books in Egypt*, distinguished

papyrologist Roger Bagnall shows that a great deal of this discussion and scholarship has been misdirected, biased, and at odds with the realities of the ancient world. Providing a detailed picture of the social, economic, and intellectual climate in which these manuscripts were written and circulated, he reveals that the number of Christian books from this period is likely fewer than previously believed. Bagnall explains why papyrus manuscripts have routinely been dated too early, how the role of Christians in the history of the codex has been misrepresented, and how the place of books in ancient society has been misunderstood. The author offers a realistic reappraisal of the number of Christians in Egypt during early Christianity, and provides a thorough picture of the economics of book production during the period in order to determine the number of Christian papyri likely to have existed. Supporting a more conservative approach to dating surviving papyri, Bagnall examines the dramatic consequences of these findings for the historical understanding of the Christian church in Egypt.

Queen of France Andre Castelot, 2009-11 This is the biography of one of the most tragic women in History. It is the story of a frivolous young girl who threw wild parties and spent a lot of her husband's money and for that reason, and that reason alone, she had her head chopped off in public. The back cover photo here shows Marie Antoinette being given her last rights by a clergyman as she was waiting before the guillotine for the executioners to cut off her head, and while a crowd of thousands watched. Her last words were one of apology to one of her executioners, when she accidentally stepped on his foot. All of the events of the Life of Marie Antoinette are brilliantly explained in this biography by Andre Castelot. The most haunting and harrowing pages of the biography are Castelot's darkly

etched picture of the Queen in the culminating moments of her life. Perhaps it is not in the least a paradox that one of the most arrantly self-indulgent women should, in her adversity, provide one of the most memorable images of mother love.

The Annotated Jules Verne, Twenty Thousand Leagues Under the Sea Walter James Miller, 1976 Three men embark on a series of fantastic undersea adventures aboard the Nautilus, a technically advanced submarine under the command of the mysterious Captain Nemo.

Edition 69 Jindřich Styrský, Frantisek Halas, Vitezslav Nezval, 2020-05-27 Launched in 1931 by Jindřich Styrský, Edition 69 consisted of six volumes of erotic literature and illustration that followed the path marked out by Louis Aragon's *Irene's Cunt* and Georges Bataille's *Story of the Eye*. Including the first Czech translation of Marquis de Sade's *Justine* and *Pietro Aretino* (both illustrated by Toyen), three volumes were from contemporary Czech avant-garde artists, and these were all illustrated by Styrský himself, who also

contributed the text for the last volume of the series. Bringing together original English translations of the three Czech contributions to the Edition 69 series, this volume comprises Nezval's Sexual Nocturne; Halas's erotic poetry collection Thyrsos; and Styrský's Emilie Comes to Me in a Dream, including the original essay from psychoanalyst and fellow Surrealist Bohuslav Brouk, all complemented by Styrský's artwork, ranging from pen and ink drawings to graphic collages to pornographic photomontages. Influenced by Max Ernst's collage-novels, Andre Masson's illustrations, and the book as object, Styrský's overall conception for the Edition 69 series rank it among the notable achievements of European Surrealism, representing as well a sustained attempt by the interwar Czech avant-garde to investigate the taboos of bourgeois culture.

The Mysterious Document Jules Verne, Henry Austin, 1912

Among the Cannibals Jules Verne, 1963-05-01 The contents of a shark's stomach contains a bottle that holds notes written in three different languages. Much of the notes are indecipherable; however, together they may reveal the location of the whereabouts of Captain Harry Grant, whose ship the Britannia was lost over two years ago. While the latitude of Grant is known from the note, the longitude is a mystery. Clues from the notes point to the South American coast as the probable location of the shipwreck. Lord Glenarvan makes it his quest to find Grant; together with his wife, Harry Grant's children (Mary and Robert) and the crew of his yacht the Duncan they set off on the chase. An unexpected passenger in the form of French geographer Jacques Paganel joins the search. The search takes them where the 37th degree of south latitude crosses the South American continent. Crossing the continent from west to east, they travel through Chile and

Argentina (Patagonia), with no luck, when Paganel realizes that part of the clue must actually mean Australia. So they go to where the 37th degree begins crossing Australia, there by chance they meet a man who claims his name is Thomas Ayrton, former quartermaster of the Britannia. Ayrton takes them across the Australian continent, with plans of his own to seize control of the Duncan. Ayrton's treachery makes the party believe that he has gained control of the Duncan. Dejected that their search of Australia did not turn up Captain Grant, the adventurers travel to New Zealand via a ship that barely seems sea-worthy. The vessel wrecks along the New Zealand coast. The party's attempt to get to Auckland gets them captured by the Maoris, a tribe of cannibals at war with the English and disinterested in keeping the prisoners alive.

Surrealist Art and Writing, 1919-1939 Jack J. Spector, 1999-01-28 Surrealist Art and Writing, 1919-1939 offers a fresh analysis of Surrealism--of the artists Dalí, Ernst, Masson and Tanguy and the writing of Surrealism's leaders--André Breton, Aragon and Eluard. Spector uses a multidisciplinary approach to examine how the ideas and images of this avant-garde movement grew up in anipathy to middle class values. He situates the concrete products of Surrealist art and writing in their historical context without losing sight of larger theoretical and ideological issues involving psychoanalysis, Marxism and philosophy.
