Goodnight, Veggies Diana Murray, 2020-03-10 ★ The childlike approach, appealing art, and relatable worm character...connect story and audience. —The Horn Book, STARRED review Every veggie needs their shut-eye in this bedtime book that celebrates community, the joys of a small garden, and the importance of taking care of ourselves. Illustrated by New York Times bestselling artist Zachariah OHora, *Goodnight Veggies* is perfect for fans of the Llama Llama series and will keep emerging readers engaged with adorable illustrations, especially while children are at home exploring backyards, plant pots, and balcony garden patches. As the sun begins to set, the tomatoes are tucked out, the cucumbers are calm, and the beets are simply beat. But what's got them all so exhausted? Celebrate the turning of day to night in this perfect bedtime ritual for plants—and humans—everywhere!

First & Then Emma Mills, 2015-10-13 Recommended in John Green's Book Giving Guide for the Holidays 2015 Devon Tennyson wouldn't change a thing. She's happy silently crushing on best friend Cas, and blissfully ignoring the future after high school. But the universe has other plans. It delivers Devon's cousin Foster, an unrepentant social outlier with a surprising talent, and the obnoxiously superior and maddeningly attractive jock, Ezra, right where she doesn't want them--first into her P.E. class and then into every other aspect of her life. With wit, heart, and humor to spare, *First & Then* is a contemporary novel about falling in love--with the unexpected boy, with a new brother, and with yourself.

Popular Science, 2005-09 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it

better.

Madame Saqui Lisa Robinson,2020-03-24 A stunning picture book biography about the tightrope walker who dazzled Paris as she danced across the sky with impeccable balance and unparalleled skill during the French Revolution. In revolutionary France, a girl named Marguerite Lalanne longed to perform above large crowds on a tightrope, just like her acrobatic parents. Sneaking off to the fairgrounds for secret tightrope walking lessons, Marguerite finessed her performance skills, ultimately performing for crowds as a young rope dancer. And eventually, Marguerite would perform as Madame Saqui, waltzing and pirouetting across- and never falling off- countless ropes above adoring crowds. A nouvelle chérie de Paris, Madame Saqui cemented her place in circus history, winning the adoration of the French people and royalty alike, including Emperor Napoleon Bonaparte. This remarkable biography unveils the inspiring story of a trailblazing woman who revolutionized the circus world-- without ever missing a step.

The Cats Who Crossed Over from Paris R. F. Kristi,2016-07-08 Inca, a Siberian puss, tells the story

about her furry family - her brother Fromage, who is addicted to cheese and considers himself a cheese monger, and her sister, Cara, a gorgeous but timid Siamese. Inca, an avid fan of Dr. House, considers herself the leader of the troupe and responsible for the well-being of the family. They own, according to Inca, Missy, a young humanoid who has a well-established cheese shop in Paris. The story revolves around how Missy decides to move to London with her co-partners, Jacques and Genevieve, to run their new cheese shop and café. Can Fromage leave his pal, Charlotte, behind? Soon after arriving in London, the three cats accompany Missy to their neighbor's house where they meet Monk, a blue Russian cat and Terrance, a golden retriever owned by their famous neighbor, a detective named Solo, living in the same compound in Kensington. Things start to get interesting when Monk tries to help their neighbor, Polo, a sad little Pekinese whose mistress, a formerly well-known opera singer who is pining for her lost husband, has her valuable diamond necklace stolen. Can Inca and her family assist Monk and Terrance to recover the diamond necklace and resolve Polo's problems?

They are now more powerful, feature rich, and affordable--turning digital photography into a mainstream interest. And with Photoshop Elements, Adobe has created the most popular photo-editing program on the planet. Learning how to work Photoshop Elements and manage digital photos can be a challenge for anyone just getting started--from the hobbyist to the pro photographer. With the latest Photoshop Elements 4 update, Adobe delivers a powerful new program that provides photo editing and organizing functionality with improved performance. The

updated version also includes new, more intuitive features that are streamlined and easier to use--when the photographer has the right learning tool in hand. With Photoshop Elements 4: The Missing Manual, author Barbara Brundage has written the perfect digital photography guide. In a clear, easy-to-read format, the author provides step-by-step instruction so readers can learn what they need to do to edit their photos successfully and manage their collection. This new edition also includes more than a dozen downloadable images so readers can practice using the editing tools. Readers will master useful editing techniques--from the most common to the advanced: Automatically correct red eye and skin tones Select and extract complex objects with the Magic Selection Brush and The Magic Extractor Create photomontages Restore old photographs Post photos on the web Manage and archive an entire collection Design a custom slide show with panning and zooming capabilities Once photographers learn how to edit their photos successfully, they'll also learn how to post them online or upload them to the Kodak EasyShare Gallery for use in creating personal mailing lists, post cards, calendars, and much more. Photoshop Elements 4: The Missing Manual, is for any photographer interested in learning the right editing techniques for producing and sharing beautiful digital photography. Photoshop Elements 4: The Missing Manual covers the Windows version of the software only. When we published the book, there was no Mac version of the software (as there is now), and for various reasons, we've been unable to update this edition to include the Mac version. Nonetheless, if you're on a Mac, you can use this book. Just substitute Command for Ctrl, and Option for Alt whenever you see keystroke shortcuts, and about 98 percent of the Editor functions will work the same. The sections on the Organizer only apply to Windows because the Mac version has no Organizer.
