Walt Disney

The Bambi Book Walt Disney,1987 The adventures of a fawn and his friends in the woods.

The Queens of Animation Nathalia Holt,2019-10-22 From the bestselling author of *Rise of the Rocket Girls*, the untold, richly detailed story of the women of Walt Disney Studios, who shaped the iconic films that have enthralled generations (Margot Lee Shetterly, New York Times bestselling author of *Hidden Figures*). From *Snow White* to *Moana*, from *Pinocchio* to *Frozen*, the animated films of Walt Disney Studios have moved and entertained millions. But few fans know that behind these groundbreaking features was an incredibly influential group of women who fought for respect in an often ruthless male-dominated industry and who have slipped under the radar for decades. In *The Queens of Animation*, bestselling author Nathalia Holt tells their dramatic stories for the first time, showing how these women infiltrated the boys' club of Disney's story and animation departments and used early technologies to create the rich artwork and unforgettable narratives that have become part of the American canon. As the influence of Walt Disney Studios grew -- and while battling sexism, domestic abuse, and workplace intimidation -- these women also fought to transform the way female characters are depicted to young audiences. With gripping storytelling, and based on extensive interviews and exclusive access to archival and personal documents, *The Queens of Animation* reveals the vital contributions these women made to Disney's Golden Age and their continued impact on animated filmmaking, culminating in the record-shattering *Frozen*, Disney's first female-directed full-length feature film. A Best Book of 2019: *Library Journal*, *Christian Science Monitor*, and *Financial Times*

The Original Bambi Felix Salten,2022-02-22 A new, beautifully illustrated translation of Felix Salten's celebrated novel *Bambi*-the original source of the beloved story. Most of us think we know the story of *Bambi*-but do we? *The Original Bambi* is an all-new, illustrated translation of a literary classic that presents the story as it was meant to be told. Jack Zipes's introduction traces the history of the book's reception and explores the tensions that Salten experienced in his own life-as a hunter who also loved animals, and as an Austrian Jew who sought acceptance in Viennese society even as he faced persecution. With captivating drawings by award-winning artist Alenka Sottler, *The Original Bambi* captures the rich emotional meaning of a celebrated story.

Walt Disney Neal Gabler,2007-10-09 The definitive portrait of one of the most important cultural figures in American history: Walt Disney. Walt Disney was a true visionary whose desire for escape, iron determination and obsessive perfectionism transformed animation from a novelty to an art form, first with Mickey Mouse and then with his feature films--most notably *Snow White*, *Fantasia*, and *Bambi*. In his superb biography, Neal Gabler shows us how, over the course of two decades, Disney revolutionized the entertainment industry. In a way that was unprecedented and later widely imitated, he built a synergistic empire that combined film, television, theme parks, music, book publishing, and merchandise. Walt Disney is a revelation of both the work and the man--of both the remarkable accomplishment and the hidden life. Made to Stick Chip Heath,Dan Heath,2007-01-02 NEW YORK TIMES BESTSELLER • The instant classic about why some ideas thrive, why others die, and how to make your ideas stick. “Anyone interested in influencing others—to buy, to vote, to learn, to diet, to give to charity or to start a revolution—can learn from this book.”—The Washington Post Mark Twain once observed, “A lie can get halfway around the world before the truth can even get its boots on.” His observation rings true: Urban legends, conspiracy theories, and bogus news stories circulate effortlessly. Meanwhile, people with important ideas—entrepreneurs, teachers, politicians, and journalists—struggle to make them “stick.” In *Made to Stick*, Chip and Dan Heath reveal the anatomy of ideas that stick and explain ways to make ideas stickier, such as applying the human scale principle, using the Velcro Theory of Memory, and creating curiosity gaps. Along the way, we discover that sticky messages of all kinds—from the infamous “kidney theft ring” hoax to a coach’s lessons on sportsmanship to a vision for a new product at Sony—draw their power from the same six traits. *Made to Stick* will transform the way you communicate. It’s a fast-paced tour of success stories (and failures): the Nobel Prize-winning scientist who drank a glass of bacteria to prove a point about stomach ulcers; the charities who make use of the Mother Teresa Effect; the elementary-school teacher whose simulation actually prevented racial prejudice. Provocative, eye-opening, and often surprisingly funny, *Made to Stick* shows us the vital principles of winning ideas—and tells us how we can apply these rules to making our own messages stick.

Water to Paper, Paint to Sky Tyrus Wong, Michael Labrie, 2013-09-24 Water to Paper, Paint to Sky is the first comprehensive retrospective of America's oldest living artist Tyrus Wong, whose groundbreaking work on Walt Disney's classic animation film Bambi influenced a generation of leading animators, including John Lasseter, Pete Docter, and Don Hahn. Tyrus Wong's ability to evoke powerful feeling in his art with simple gestural compositions continues to inspire each new generation of artists, and his influence can still be seen in movies today. "Tyrus Wong's sophistication of expression was a gigantic leap forward for the medium. Where other films were literal...Bambi was expressive and emotional. Tyrus painted feelings, not objects." – John Lasseter, Academy-Award winning director Born in 1910 in Canton, China, Tyrus Wong immigrated as a young boy to the United States, where he has enjoyed a long, distinguished, and diverse artistic career as a prolific painter, illustrator, calligrapher, lithographer, muralist, designer, Hollywood sketch artist, ceramicist, and kitemaker. Tyrus is legendary for his innovative work on Walt Disney Studio's classic animation film Bambi, in which his singular vision and evocative, impressionistic concept art caught the eye of Walt Disney himself and influenced the movie's overall visual style.

The Idea of Nature in Disney Animation David Whitley,2016-03-03 In the second edition of The Idea of Nature in Disney Animation, David Whitley updates his 2008 book to reflect recent developments in Disney and Disney-Pixar animation such as the apocalyptic tale of earth's failed ecosystem, WALL-E. As Whitley has shown, and Disney's newest films continue to demonstrate, the messages animated films convey about the natural world are of crucial importance to their child viewers. Beginning with Snow White, Whitley examines a wide range of Disney's feature animations, in which images of wild nature are central to the narrative. He challenges the notion that the sentimentality of the Disney aesthetic, an oft-criticized aspect of such films as Bambi, The Jungle Book, Pocahontas, Beauty and the Beast, and Finding Nemo, necessarily prevents audiences from developing a critical awareness of contested environmental issues. On the contrary, even as the films communicate the central ideologies of the times in which they were produced, they also express the ambiguities and tensions that underlie these dominant values. In distinguishing among the effects produced by each film and revealing the diverse ways in which images of nature are mediated, Whitley urges us towards a more complex interpretation of the classic Disney canon and makes an important contribution to our understanding of the role popular art plays in shaping the emotions and ideas that are central to contemporary experience.
