**Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts** Dr Derek Diedricksen,2012-02-01 This Old House meets Wayne’s World in this zany guide to designing and building tiny homes Derek Diedricksen has always had a love for small, modest houses ever since his father gave him the book Tiny Tiny Houses by Lester Walker for his tenth birthday. Combining his artistic abilities, wild imagination, and his passion for small houses, he self-published Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts, and Whatever the Heck Else we could Squeeze in Here in 2009. This book is a collection of Diedricksen’s creative/imaginative sketches for building small houses, shacks, cottages, and forts. The sketches are accompanied with hand-written commentary, both instructive and comical. Derek’s main purpose is to get your creative juices flowing and encourage you to get off the couch and use your hands. Believing that specific building plans squash creativity, he avoids too many detailed instructions, giving you the chance to put your own creative spin on your very own small abode (even if it is just in your imagination).

**Race and Excellence** Ezra E. H. Griffith, M.D.,2022-09-13 Graduate of Harvard Medical School, president of the American Board of Psychiatry and Neurology, founding national chair of the Black Psychiatrists of America: the list of Chester Pierce's accomplishments alone cement him as a luminary in the field--and that is before one considers how foundational his theories about racism as an environmental pollutant are to modern mental health. Reprinted with a new introduction, this collection of interactive conversations between Ezra Griffith and Pierce sheds light on the man behind the impressive titles and oft-cited theories. Focusing on different stages of Pierce's life and career, it traces his path of achievement in the face of obstacles both individual and institutional. What emerges is more than just a revealing portrait of one particularly determined and talented man. It is a chronicle that illustrates distinct methods of coping with the stress of racial discrimination and new ways to approach narrative stories about Black lives that will prove illuminating to anyone interested in gaining a greater understanding of how to evaluate the salience of race matters in people's lives.
