If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

How to Make Adorable Baby Animal Dolls Jonni Good,2013-06 In this book the author shows you exactly how to make your own adorable baby animal collector's dolls, leading you through the entire process every step of the way. Your dolls won't cost much to make, and every doll will be an original, one-of-a-kind work of art. Since no two dolls ever come out exactly alike, each doll will have it's own personality and character. You won't have to learn how to make molds for the doll heads, because each one is hand-sculpted over a simple armature. You don't need a kiln, because you'll be using home-made air-dry clay instead of porcelain. The resulting heads are seamless, hollow, and surprisingly strong. The bodies and ears are made out of soft, huggable cotton velour, and the toes are sculpted with a few easy stitches. Adorable!

How To Write A Horror Movie Neal Bell,2020-03-20 How to Write a Horror Movie is a close look at an always-popular (but often disrespected) genre. It focuses on the screenplay and acts as a guide to bringing scary ideas to cinematic life using examples from great (and some not-so-great)

horror movies. Author Neal Bell examines how the basic tools of the scriptwriter's trade - including structure, dialogue, humor, mood, characters, and pace - can work together to embody personal fears that will resonate strongly on screen. Screenplay examples include classic works such as 1943's *I Walked With A Zombie* and recent terrifying films that have given the genre renewed attention like writer/director Jordan Peele's critically acclaimed and financially successful *Get Out*. Since fear is universal, the book considers films from around the world including the 'found-footage' [REC] from Spain (2007), the Swedish vampire movie, *Let The Right One In* (2008) and the Persian-language film *Under The Shadow* (2016). The book provides insights into the economics of horror-movie making, and the possible future of this versatile genre. It is the ideal text for screenwriting students exploring genre and horror, and aspiring scriptwriters who have an interest in horror screenplays.

The Longest Trail Alvin M. Josephy, Jr., 2015-10-27 Alvin Josephy Jr.'s groundbreaking, popular books and essays advocated for a fair and true historical assessment of Native Americans, and set the course for modern Native American studies. This collection, which includes magazine articles, speeches, a white paper, and introductions and chapters of books, gives a generous and reasoned view of five hundred years of Indian history in North America from first settlements in the East to the long trek of the Nez Perce Indians in the Northwest. The essays deal with the origins of still unresolved troubles with treaties and territories to fishing and land rights, and who should own archeological finds, as well as the ideologies that underpin our Indian policy. Taken together the pieces give a revelatory introduction to American Indian history, a history that continues both to fascinate and inform.
