I Am Ariel Andrea Posner-Sanchez,2018 What are the Little Mermaid's favorite things to do? Who are Ariel's best friends? Find out the answers to these questions and much more in this new Little Golden Book all about Disney Princess Ariel, the star of the beloved Disney movie The Little Mermaid.--Provided by publisher.

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Expressive Anatomy for Comics and Narrative: Principles and Practices from the Legendary Cartoonist Will Eisner,2008-08-17 The final volume of Will Eisner’s celebrated instructional trilogy explores the critical principle of body grammar in comics storytelling. Designed and outlined by Will Eisner before his death in 2005, this posthumous masterwork, the third and final book in the Will Eisner Instructional Series, finally reveals the secrets of Eisner’s own techniques and theories of movement, body mechanics, facial expressions, and posture: the key components of graphic storytelling. From his earliest comics, including the celebrated Spirit, to his pioneering graphic novels, Eisner understood that the proper use of anatomy is crucial to effective storytelling. His control over the mechanical and intuitive skills necessary for its application set him apart among comics artists, and his principles of body grammar have proven invaluable to legions of students in overcoming what is perhaps the most challenging aspect of creating comics. Buttressed by dozens of illustrations, which display Eisner’s mastery of expression, both subtle and overt, Expressive Anatomy for Comics and Narrative will benefit comics fans, students, and teachers and is destined to become the essential primer on the craft.

Tales of the Mermaid Tavern Alfred Noyes,1913

Gold-Star Homework Lyn Calder,1991 The day Minnie's dog Fifi eats her homework has an unexpected bright side.

Craft: Volume 01 Carla Sinclair,2006-11-28 CRAFT is the first project-based magazine dedicated to the renaissance that is occurring within the world of crafts. Celebrating the DIY spirit, CRAFT's goal is to unite, inspire, inform and entertain a growing community of highly imaginative people who are transforming traditional art and crafts with unconventional, unexpected and even renegade techniques, materials and tools; resourceful spirits who undertake amazing crafting projects in their homes and communities. Volume 01, the premier issue, features 23 projects with a twist! Make a programmable LED shirt, turn dud shoes into great knitted boots, felt an iPod cocoon, embroider a skateboard, and much more.

Desmond Pucket Makes Monster Magic Mark Tatulli,2013-10-01 Tatulli's entry into the comics/fiction--hybrid market is one of the best...The target audience will snap this up and beg for more. ---Kirkus Reviews (starred review) This is full of ghoulish fun, and fans of Diary of a Wimpy Kid probably won't want to miss it. ---School Library Journal Desmond Pucket neatly fills a gap for our readers---it's a step more sophisticated than Diary of a Wimpy Kid but appeals to that reader. It's also so great to have a Halloween/monster/scary stuff series to offer boys that is not Goosebumps. ---Rebecca Waesch, Children's Product Manager, Joseph-Beth Booksellers Meet Desmond Pucket---professor of frightology and master of monsters. Someday Desmond will be famous for his special effects wizardry, but for now he's just trying to make it through sixth grade at Cloverfield Memorial Junior High, which means he needs to stay one step ahead of the school's disciplinary officer, Mr. Needles. The only problem is Desmond just can't stop pulling pranks---like the time he attached a shrieking rubber goblin to the toilet seat in the teachers' bathroom. Mrs. Rubin screamed so loudly her wig flew off! Or the time he put giant motorized worms into the mashed potatoes in the cafeteria. Or the time Desmond and his best friend, Ricky, arranged for a three-headed ghost to crash his sister's slumber party. Rachel still hasn't forgiven him. And now Desmond has to stay prank-free for the rest of the year, or he won't be able to go on the class trip to Crab Shell Pier, home of the Mountain Full of Monsters ride! It's going to be tough, but Desmond has to try. This book includes a section of Desmond's Notes: instructions for making monster magic (think scary noises, or fake blood) at home!

Chinese Watercolor Techniques - Painting Animals Lian Quan Zhen,2004-12-22 Capture the essence of animals like never before! Using Chinese and watercolor techniques and materials, you can create animals with elegance and grace. Let award-winning artist Lian Quan Zhan show you how with his clear and basic step-by-step instructions. Artists at all levels will benefit from Lian's deep understanding of both art forms. He guides you through the process by beginning with the basic properties of Chinese materials such as rice paper and ink, and leading to more advanced techniques such as loading a brush with multiple colors. He also teaches watercolor pouring techniques so you can create vibrant animals and beautiful backgrounds. So much of Chinese painting stems from observation and interpretation of nature. Apply these principles by painting cats, birds, tigers, and many other animals in seventeen step-by-step demonstrations. Find your inspiration within the animals of this book, and breathe the spirit of the East and West into your own art.

Never, Never Quit Karen Hallion,2021-05 Celara is a little girl with a very big imagination. She loves stories in all forms and they often inspire her to express herself in creative ways. When Celara decides she wants to make up her own story, she suddenly finds that her imagination has gone blank. After a lot of work, and a little encouragement from her favorite characters, she discovers that faith in herself is all she needs to make the magic happen.

Beginners Guide to Papercraft Longmeadow Press Staff,1995-09

Slave Stealers Timothy Ballard,2018 Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day underground railroad which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The Conductor; Abraham Lincoln--the Great Emancipator; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.
