Our story of Atlantis : written down for the Hermetic Brotherhood William P. Phelon,2022-12-02 Why is this book written? Authorities pointing to the existence of a former Continent and City. Definite assertions of destruction by deluge, of an island Continent, positively declared. Testimony of the whirling straws, the flotsam and jetsam of the day. Concurrent evidence of the existence and influence of these people on our civilization. Poem, Atlantian Memories. Continued cross- examination of witnesses, human and divine, concerning the facts in evidence of the existence of Atlantis Island and City. Description of mountains, cities, caves, and other evidences of occupation by civilized and enlightened people. Speculations and deductions of the Past, Present and Future. Beginning of a voyage. The attractive stranger. Acquaintance ripens rapidly. Such a face as children love and scoundrels hate. An eloquent and instructive talker. Atlantian memories seem to the new friend, personal experiences. The wonderful cities of the Past that have

disappeared. The little black-lettered manuscript in a strange language. History of Atlantis. Your desire for information on these lines will be gratified

The Dancer from Atlantis Poul

Anderson, 2014-12-30 A mesmerizing tale of adventure and romance: An anomaly of time transports a twentieth-century man backward through history toward the greatest catastrophe the world has ever known Looking out over the Pacific Ocean from the deck of a luxury cruise liner, American architect Duncan Reid is suddenly caught up in an inexplicable event—and when he awakens he is somewhere . . . different. Duncan has inadvertently fallen victim to a fatally malfunctioning time machine from the future, along with three equally startled companions from vastly different epochs and civilizations, and now he stands with them on the rocky Mediterranean coast of Egypt in the year 4000 BCE. With the aid of miraculous technology supplied by the dying time machine, the displaced four are able to communicate and share their stories, the most

startling being the tale told by the one woman among them, the bewitching Erissa. Only decades removed from her actual time, she claims to be a priestess from Atlantis who views Duncan as a god, and she represents perhaps their only hope of returning to their rightful eras. But to do so will entail immersing themselves in the savage turmoil of an ancient world and placing themselves in harm's way on the eve of the most terrible devastation in human history. A true giant of twentieth-century fantasy and science fiction, multiple Hugo and Nebula Award winner Poul Anderson astounds once more with a powerful adventure through history and legend that set a towering standard for time travel fiction.

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and

Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

McCormack, Michael Govier, 2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward

human connection, love, and acceptance.

The Not So Little Merman C W Gray, 2020-03-20 Kit Rees is one of the many children of the King of the Southern Silver Isles. Despite being a prince and third in line for the throne, he is too chubby, too loud, and too unsophisticated to truly fit in with the rest of the southern court. He lives a luxurious but lonely life, unnoticed in the castle and quietly wishing for the freedom to simply be himself. Tack Muir is the crown prince of the infamous Northern Silver Isles. He has a reputation for being cold and pragmatic, but even the strongest merfolk have weaknesses. Tack's happens to be a cute, red-headed merman from a rivaling kingdom. When an arranged marriage gives the two kingdoms a chance to form an alliance, Tack gets the chance to be with the one person he longs for most. The problem is that Tack's family curse ensures that he cannot touch any living being. Tack has learned to live with the curse, and he's also learned the danger of hoping for more. Hope, however, is a sneaky little bugger, and the more time Tack spends with Kit, the more

he hopes for the impossible. To find their own paths to happiness, the two men must break a centuries old curse. However, family enemies, old magic, and their own stubbornness just might stop them.
