📖 *Classic Fairy Tales*, 1991

📖 *5. Hercules* Zippe Menken, Alan (COP) Menken, David (COP) Zippel, 1997-05-01 inch....this work is likely to become a standart work very quickly and is to be recommended to all schools where recorder studies are undertaken inch. (Oliver James, Contact Magazine) A novel and comprehensive approach to transferring from the C to F instrument. 430 music examples include folk and national songs (some in two parts), country dance tunes and excerpts from the standard treble repertoire of Bach, Barsanti, Corelli, Handel, Telemann, etc. An outstanding feature of the book has proved to be Brian Bonsor's brilliantly simple but highly effective practice circles and recognition squares designed to give, in only a few minutes, concentrated practice on the more usual leaps to and from each new note and instant recognition of random notes. Quickly emulating the outstanding success of the descant tutors, these books are very popular even with those who normally use tutors other than the Enjoy the Recorder series.

📖 *Literature for Children* Len Unsworth, 2006 These practical ideas, suggestions and real-life experiences will help you to understand the differences and similarities of the literary experience for children through classic, modern and leading-edge narratives in both book and computer formats.

📖 *The Disneyfication of Animals* Rebecca Rose Stanton, 2020-09-17 This book critically examines how Walt Disney Animation Studios has depicted – and sometimes failed to depict – different forms of harming and objectifying non-human animals in their films. Each chapter addresses a different form of animal harm and objectification through the theories of speciesism, romanticism, and the ‘collapse of compassion’ effect, from farming, hunting and fishing, to clothing, work, and entertainment. Stanton lucidly presents the dichotomy between depictions of higher order, anthropomorphised and neotonised animal characters and that of lower-order species, showing furthermore how these depictions are closely linked to changing social attitudes about acceptable forms of animal harm. An engaging and novel contribution to the field of Critical Animal Studies, this book explores the use of animals not only in Disney's best known animated films such as 101 Dalmatians, but also lesser known features including Home on the Range and Fun and Fancy Free. A quantitative appendix supplying data on how often each animal species appears and the amount of times animal harm or objectification is depicted in over fifty films provides an invaluable resource and addition to scholars working in both Disney and animal studies.

📖 *Diversity in Disney Films* Johnson Cheu, 2013-01-10 Although its early films featured racial caricatures and exclusively Caucasian heroines, Disney has, in recent years, become more multicultural in its filmic fare and its image. From Aladdin and Pocahontas to the Asian American boy Russell in Up, from the first African American princess in The Princess and the Frog to Spanish-mode Buzz Lightyear in Toy Story 3, Disney films have come to both mirror and influence our increasingly diverse society. This essay collection gathers recent scholarship on representations of diversity in Disney and Disney/Pixar films, not only exploring race and gender, but also drawing on perspectives from newer areas of study, particularly sexuality/queer studies, critical whiteness studies, masculinity studies and disability studies. Covering a wide array of films, from Disney's early days and Golden Age to the Eisner era and current fare, these essays highlight the social impact and cultural significance of the entertainment giant. Instructors considering this book for use in a course may request an examination copy here.

📖 *Poor Unfortunate Soul* Serena Valentino, 2016-07-26 The third novel in Serena Valentino's (Fairest of All, Beast Within) Villains trilogy, featuring the story of the Little Mermaid from the perspective of the sea witch Ursula

📖 *100 Greatest American and British Animated Films* Thomas S. Hischak, 2018-04-20 Animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades, but not until 1937 did a major studio venture into animated features when Walt Disney produced Snow White and the Seven Dwarfs. Of the hundreds of animated feature films made since, many have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In 100 Greatest American British Animated Films, Thomas S, Hischak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s—from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information production history critical reaction commentary on the film's cinematic quality a discussion of the film's influence voice casts production credits songs sequels, spin-offs, Broadway versions, and television adaptations awards and nominations Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since. Familiar favorites and lesser-known gems are included, making the book a fascinating journey for both the avid animation fan and the everyday moviegoer. With a sweeping look at more than eight decades of movies, 100 Greatest American and British Animated Films highlights some of the most treasured features of all time.

📖 *Barbie in The Pink Shoes: Ballet Dreams (Barbie)* Kim Huven,

📖 *The Baby Name Countdown* Janet Schwegel, 2009-03-25 A classic, the baby name countdown (over 120,000 copies sold) is now fully revised and updated for the first time in a decade. Featuring more names than any other guide and based on more than 2.5 million birth records, the book includes brand-new data, a new introduction, a revised section on the most popular baby names of the past year and decade, and updated popularity ratings throughout. Whether your taste in names is trendy, traditional, or international, The Baby Name Countdown is the ideal resource for every parent searching for the perfect name.

📖 *Screen Adaptations and the Politics of Childhood* Robyn McCallum, 2018-01-16 This book features a cutting edge approach to the study of film adaptations of literature for children and young people, and the narratives about childhood those adaptations enact. Historically, film media has always had a partiality for the adaptation of ‘classic’ literary texts for children. As economic and cultural commodities, McCallum points out how such screen adaptations play a crucial role in the cultural reproduction and transformation of childhood and youth, and indeed are a rich resource for the examination of changing cultural values and ideologies, particularly around contested narratives of childhood. The chapters examine various representations of childhood: as shifting states of innocence and wildness, liminality, marginalisation and invisibility. The book focuses on a range of literary and film genres, from ‘classic’ texts, to experimental, carnivalesque, magical realist, and cross-cultural texts.

📖 *Twelve Years a Slave* Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative ‘Twelve Years a Slave’ depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try ‘Uncle Tom's Cabin’ by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir ‘Twelve Years a Slave’. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. ‘Twelve Years a Slave’ was published a year after ‘Uncle Tom's Cabin’ by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

📖 *Asian Children's Literature and Film in a Global Age* Bernard Wilson, Sharmani Patricia Gabriel, 2020-03-06 This volume provides a key analysis of Asian children's literature and film and creates a dialogue between East and West and between the cultures from which they emerge, within the complex symbiosis of their local, national and transnational frameworks. In terms of location and content the book embraces a broad scope, including contributions related to the Asian-American diaspora, China, India, Indonesia, Iran, Japan, Malaysia, the Philippines, South Korea, Sri Lanka, and Taiwan. Individually and collectively, these essays broach crucial questions: What elements of Asian literature and film make them distinctive, both within their own specific culture and within the broader Asian area? What aspects link them to these genres in other parts of the world? How have they represented and shaped the societies and cultures they inhabit? What moral codes do they address, underpin, or contest? The volume provides further voice to the increasingly diverse and fascinating output of the region and emphasises the importance of Asian art forms as depictions of specific cultures but also of their connection to broader themes in children's texts, and scholarship within this field.
