**From Hobbits to Hollywood** , 2006-01-01 Peter Jackson's film version of *The Lord of the Rings* (2001-2003) is the grandest achievement of 21st century cinema so far. But it is also linked to topical and social concerns including war, terrorism, and cultural imperialism. Its style, symbols, narrative, and structure seem always already linked to politics, cultural definition, problems of cinematic style, and the elemental mythologies that most profoundly capture our imaginations. *From Hobbits to Hollywood: Essays on Peter Jackson's Lord of the Rings* treats Jackson's trilogy as having two conditions of existence: an aesthetic and a political. Like other cultural artefacts, it leads a double life as objet d'art and public statement about the world, so that nothing in it is ever just cinematically beautiful or tasteful, and nothing is ever just a message or an opinion. Written by leading scholars in the study of cinema and culture *From Hobbits to Hollywood* gives Jackson's trilogy the fullest scholarly interrogation to date. Ranging from interpretations of *The Lord of the Rings'* ideological and philosophical implications, through discussions of its changing fandoms and its incorporation into the Hollywood industry of stars, technology, genre, and merchandising, to considerations of CGI effects, acting, architecture and style, the essays contained here open a new vista of criticism and light, for ardent fans of J.R.R. Tolkien, followers of Jackson, and all those who yearn for a deeper

appreciation of cinema and its relation to culture.

**Electric Dreamland** Lauren Rabinovitz, 2012 More than two thousand amusement parks dotted the American landscape in the early twentieth century, thrilling the general public with the latest in entertainment and motion picture technology. Amusement parks were the playgrounds of the working class, combining numerous, mechanically-based spectacles into one unique, modern cultural phenomenon. Lauren Rabinovitz describes the urban modernity engendered by these parks and their media, encouraging ordinary individuals to sense, interpret, and embody a burgeoning national identity. As industrialization, urbanization, and immigration upended society before World War I, amusement parks tempered the shocks of racial, ethnic, and cultural conflict while shrinking the distinctions between gender and class. As she follows the rise of American parks from 1896 to 1918, Rabinovitz seizes on a simultaneous increase in cinema and spectacle audiences and connects both to the success of leisure activities in stabilizing society.

*Dangling Propositions* Billy Sledge, 2017-12-11 ...blest are those/Whose blood and judgment are so well commingled/That they are not a pipe for Fortune's finger/To sound what stop she please. (Hamlet III, 2) I can imagine these Shakespearean lines occurring to my character Nebo Rhombus, confronted with obeying the mysterious will of the plasmamorph In Instrument, one of three stories comprising *Dangling Propositions*. A force of life from Earth's atmosphere has revealed itself to Rhombus, an image consultant/promoter. It is determined to employ him to somehow lead humankind from a world-threatening course, before that course is cataclysmically corrected. A matter of course is also plotted in *The Superstoic*, though on an individual scale. Whether ultra-reticent library worker Zharko Solovich is willing, he is held to account for his right to be silent in an alternate world where no such right exists. For compulsive mimic Bogustin Guisermann, who hides himself mirroring others, being unintentionally gifted with the ability to blind people to his presence, as a result of thought-

projection experiments, may be the refuge from the judging sight of the world he's sought. In Not to Behold, to be perceived, not to be perceived, seems the question.

**Shamanhood** Juha Pentikäinen, Hanna Saressalo, 2001

Presumably people who were involved in it discuss the philosophy behind the exhibition Shamans--The Secret World of Siberia's Peoples, on display at the Vapriiki Museum Centre in Tampere, Finland, between May 1998 and January 1999. It was the most extensive display so far of the shamanic collections of Kunstkamera, Museum of Anthropology and Ethnography, founded in the 1720s by Peter the Great. In addition to exploring aspects of Siberian shamanhood, the 19 essays also show links to similar traditions elsewhere in the world. There are a few monochrome illustrations. No index is provided. *Theme Park Fandom* Rebecca Williams, 2020

Theme Park Fandom argues that serious study of theme parks and their adult fans has much to tell us about contemporary transmediality and convergence, themed and immersive spaces, and audience relationships with places of meaning. Considering the duopoly of Disney and Universal in Orlando, the book explores a range of theme park experiences including planning trips, meeting characters, eating and drinking, engaging in practices such as cosplay and re-enactment, and memorializing lost attractions. Highlighting key themes such as immersion, materiality, cultural distinctions, and self-identity, the book argues that theme parks are a crucial site for the exploration of transmediality and the development of paratexts. Proposing the key concepts of spatial transmedia and haptic fandom, the book offers analysis of the intersections between fandom, media texts, and merchandise, as well as fans' own affective and physical responses to visiting the parks.
