Diversity in Disney Films Johnson Cheu, 2013-01-10 Although its early films featured racial caricatures and exclusively Caucasian heroines, Disney has, in recent years, become more multicultural in its filmic fare and its image. From Aladdin and Pocahontas to the Asian American boy Russell in *Up*, from the first African American princess in *The Princess and the Frog* to Spanish-mode Buzz Lightyear in *Toy Story 3*, Disney films have come to both mirror and influence our increasingly diverse society. This essay collection gathers recent scholarship on representations of diversity in Disney and Disney/Pixar films, not only exploring race and gender, but also drawing on perspectives from newer areas of study, particularly sexuality/queer studies, critical whiteness studies, masculinity studies and disability studies. Covering a wide array of films, from Disney's early days and Golden Age to the Eisner era and current fare, these essays highlight the social impact and cultural significance of the entertainment giant. Instructors considering this book for use in a course may request an examination copy [here](#).

100 Greatest American and British Animated Films Thomas S. Hischak, 2018-04-20 Animation has been a staple of the filmmaking process since the early days of cinema. Animated shorts had been produced for decades, but not until 1937 did a major studio venture into animated features when Walt Disney produced *Snow White and the Seven Dwarfs*. Of the hundreds of animated feature films made since, many have proven their importance over the years while also entertaining generations of audiences. There are also many recent animated movies that promise to become classics in the field. In *100 Greatest American and British Animated Films*, Thomas S. Hischak looks at the most innovative, influential, and entertaining features that have been produced since the late 1930s—from traditional hand-drawn works and stop-motion films to computer-generated wonders. These movies have been selected not simply because of their popularity or critical acceptance but for their importance. Entries in this volume contain plot information production history critical reaction commentary on the film's cinematic quality a discussion of the film's influence voice casts production credits songs sequels, spin-offs, Broadway versions, and television adaptations awards and nominations Each movie is also discussed in the context of its original release as well as the ways in which the film has lived on in the years since. Familiar favorites and lesser-known gems are included, making the book a fascinating journey for both the avid animation fan and the everyday moviegoer. With a sweeping look at more than eight decades of movies, *100 Greatest American and British Animated Films* highlights some of the most treasured features of all time.

Looking for the Other E. Ann Kaplan, 2012-09-10 What happens when white people look at non-whites? What happens when the gaze is returned? *Looking for the Other* responds to criticisms leveled at white feminist film theory of the 1970s and 1980s for its neglect of issues to do with race. It focuses attention on the male gaze across cultures, as illustrated by women filmmakers of color whose films deal with travel. Looking relations are determined by history, tradition, myth; by national identity, power hierarchies, politics, economics, geographical and other environment. Travel implicitly involves looking at, and looking relations with, peoples different from oneself. Featured films include *Birth of a Nation*, *The Cat People*, *Home of the Brave*, *Black Narcissus*, *Chocolat*, and *Warrior Marks*. Featured filmmakers include D.W. Griffith, Jacques Tourneur, Michael Powell, Julie Dash, Pratibha Parmar, Trinh T. Min-ha, and Claire Denis.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C., where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery,

though it is thought that he struggled to cope with family life after being freed.

The Art of The Mitchells vs. The Machines Ramin Zahed,2021-05-18 COVER NOT FINAL The official behind-the-scenes art book for Sony Pictures Animation’s feature film The Mitchells vs. The Machines The Mitchells vs. The Machines is a comedy about an everyday family's struggle to relate while technology rises up around the world! When Katie Mitchell, a creative outsider, is accepted into the film school of her dreams, her plans to meet “her people” at college are upended when her nature-loving dad Rick determines the whole family should drive Katie to school together and bond as a family one last time. Katie and Rick are joined by the rest of the family, including Katie’s wildly positive mom Linda, her quirky little brother Aaron, and the family’s delightfully chubby pug Monchi for the ultimate family road trip. Suddenly, the Mitchells’ plans are interrupted by a tech uprising: All around the world, the electronic devices people love—from phones to appliances to an innovative new line of personal robots—decide it’s time to take over. With the help of two friendly malfunctioning robots, the Mitchells will have to get past their problems and work together to save each other and the world!
