Harem Royale -When the Game Ends- Vol. 1

Ryukishi07, 2019-01-07 From the mind of Ryukishi07, creator of classics such as Higurashi and Umineko, comes a heart-pounding, full-throttle Harem Royale! Kohinata Asunaro is your regular everyday high school student. He likes light novels, porn games, and fantasizing about the girls in his class. One day when walking home from school he inexplicably releases a demon from a sealed bottle. Her name is Zepafur, and she won't rest until her debt is repaid! Now begins the Lovey Dovey Harem Royale! cries the demon, weaving a most curious magic. As a result, Asunaro's regular high school life transforms into a love-comedy series of harem shenanigans, with four girls from his school all vying for his affection, wow! But... Unbeknownst to our doopey protagonist, the four girls are in

the midst of a horrific survival game under threat of death and eternal torture. She who fails to capture Asunaro's heart will be confined to the depths of Hell and killed ad infinitum! Just who will survive? Who will thrive? And who will meet their demise?

Sicily 1943 Steven J. Zaloga,2013-01-20 Not only did the Sicily operation represent a watershed in tactical development of combined arms tactics, it was also an important test for future Allied joint operations. Senior British commanders left the North African theater with a jaundiced and dismissive view of the combat capabilities of the inexperienced US Army after the debacle at Kasserine Pass in Tunisia in February 1943. Sicily was a demonstration that the US Army had rapidly learned its lessons and was now capable of fighting as a co-equal of the British Army. The Sicily campaign contained a measure of high drama as Patton took the reins of the Seventh US Army and bent the rules of the theater commander in a bold race to take Palermo on the northern Sicilian coast. When stiff German resistance halted Montgomery's main assault to Messina through the mountains, Patton was posed to be the first to reach the key Sicilian port and end the campaign. The Sicily campaign contains a fair amount of controversy as well including the disastrous problems with early airborne assaults and the Allied failure to seal the straits of Messina, allowing the Germans to withdraw many of their best forces.

What Do Economists Contribute? Daniel B.

Klein, 2016-07-27 The title of this book raises a provocative question that should make all economists think. What is our *raison d'être*? Only a few economists have specifically addressed the issue. Several of the more challenging efforts are included here. Do economists have much influence on government policy, particularly over, say, five or ten years? Is that because they don't try hard enough or is it because politicians care more about the next election than about the opinion of economists? In this splendid collection, some published as long ago as the 1930s, nine great economists consider these questions. The editor's illuminating introduction sorts out the area of agreement and disagreement between them.
