Paper Souls Allie Burke,2014-09-08 From the author of the bestselling, genre-defining Enchanters series comes a new literary tour de force about Emily, a young woman balancing two worlds between her fingertips: the one that is real to her and the one that is real to everyone else... The question is: which one will she choose? Never romanticizing what it means to be a twenty-something schizophrenic in a world broken by normalcy and half-baked fairytales, Allie Burke's latest novel unites Emily and her world at large, spanning from the streets of Russia, to the sheets of her bed, to the idiosyncratic comfort she gets from worlds that don't exist at all. Woven with angst and darkness, bursting with heartache, Paper Souls tells of the irreparably damaged and broken, and how they survive.

Deleuze and Cinema Felicity Colman,2011-06-01 Gilles Deleuze published two radical books on film: Cinema 1: The Movement-Image and Cinema 2: The Time-Image. Engaging with a wide range of film styles, histories and theories, Deleuze's writings treat film as a new form of philosophy. This ciné-philosophy offers a startling new way of understanding the complexities of the moving image, its technical concerns and constraints as well as its psychological and political outcomes. Deleuze and Cinema presents a step-by-step guide to the key concepts behind Deleuze's revolutionary theory of the cinema. Exploring ideas through key directors and genres, Deleuze's method is illustrated with examples drawn from American, British, continental European, Russian and Asian cinema. Deleuze and Cinema provides the first introductory guide to Deleuze's radical methodology for screen analysis. It will be invaluable for students and teachers of Film, Media and Philosophy.

Celebrity Fans and Their Consumer Behaviour Markus Wohlfeil,2018-01-29 Ever since the dawn of the Hollywood star system in the early 1920s, consumers have been fascinated by film stars and other celebrities and their seemingly glamorous private lives. The public demand for celebrities has become so pervasive that it is arguably an essential element of our everyday culture and market economy, and the focus of increasing study. This book explores the widespread phenomenon of celebrity fandom and provides

a deeper understanding of why individual consumers develop an emotional attachment to their favourite celebrity and what this parasocial fan relationship means in their life. Based on an in-depth insider study of a consumer's fan relationship with a film actress, the book provides unique insights into the celebrity-fan relationship, revealing the meaning it has for the consumer in everyday life, and how it evolves and expresses itself over time. While this book is primarily located within the field of consumer research, fandom and celebrity are of interest to a variety of academic disciplines. It will appeal to an interdisciplinary audience from marketing and consumer research, film studies, media studies, cultural studies, and sociology.

Post Cinematic Affect Steven Shaviro, 2010 *Post-Cinematic Affect* is about what it feels like to live in the affluent West in the early 21st century. Specifically, it explores the structure of feeling that is emerging today in tandem with new digital technologies, together with economic globalization and the financialization of more and more human activities. The 20th century was the age of film and television; these dominant media shaped and reflected our cultural sensibilities. In the 21st century, new digital media help to shape and reflect new forms of sensibility. Movies (moving image and sound works) continue to be made, but they have adopted new formal strategies, they are viewed under massively changed conditions, and they address their spectators in different ways than was the case in the 20th century. The book traces these changes, focusing on four recent moving-image works: Nick Hooker's music video for Grace Jones' song *Corporate Cannibal*; Olivier Assayas' movie *Boarding Gate*, starring Asia Argento; Richard Kelly's movie *Southland Tales*, featuring Justin Timberlake, Dwayne Johnson, and other pop culture celebrities; and Mark Neveldine and Brian Taylor's *Gamer*.

Looking at Movies Richard Meran Barsam, Dave Monahan, 2009-09-23 Disc 1 offers 25 short 'tutorials,' helping students see what the text describes. Disc 2 includes an anthology of 12 short films, from 5 to 30 minutes in length. Together, the DVDs offer nearly five hours of pedagogically useful moving-image content.

The Donnie Darko Book Richard Kelly, 2003-10-31 A companion volume to one of the most original works of recent American Cinema* *Donnie Darko* was the surprise cult hit of 2001. Appearing nationwide on critic's year-end top-ten lists, the quirky independent film's effortless blending of science fiction, horror, adolescent angst, and social satire defied description while simultaneously providing an unexpectedly poignant catharsis for Sept. 11 blues (Jan Stuart, *Newsday*). Its Möbius strip-like narrative about Donnie, a troubled teenager who can see into the future, continues to inspire fans to obsessive heights. The *Donnie Darko Book* includes the film's screenplay, an in-depth interview with writer-director Richard Kelly, facsimile pages from *The Philosophy of Time Travel* book that Donnie uses to go back in time, as well as photos and drawings from the film and the artwork it inspired.

Cat's Cradle Kurt Vonnegut,2009-11-04 "A free-wheeling vehicle . . . an unforgettable ride!"—The New York Times *Cat's Cradle* is Kurt Vonnegut's satirical commentary on modern man and his madness. An apocalyptic tale of this planet's ultimate fate, it features a midget as the protagonist, a complete, original theology created by a calypso singer, and a vision of the future that is at once blackly fatalistic and hilariously funny. A book that left an indelible mark on an entire generation of readers, *Cat's Cradle* is one of the twentieth century's most important works—and Vonnegut at his very best. "[Vonnegut is] an unimitative and inimitable social satirist."—Harper's Magazine "Our finest black-humorist . . . We laugh in self-defense."—Atlantic Monthly

Bible Matrix Michael Bull,2010-06-02 Ever wish someone could give you a big handle on the entire Bible without years of study? Well, this book not only promises to give you that big handle—it will deliver on the promise. You should be asking, how is this possible? The Bible is one story told over and over again, with many variations on the same theme. This structure is the Bible's DNA. This basic seven-point pattern is the heartbeat of the Creation. It is the cycle of a human day and a human life. It is the pattern of the Tabernacle. It is the process of agriculture. It undergirds the speeches and Laws of God. It orders the rise and fall of nations and empires. It is also the structure of our worship. It is the rhythm of Christ, and it will open the Bible for you like never before.

Things We Don't Talk about Pandora Owl,2019-01-27 *Things we don't talk about* is a collection of words, thoughts and poetry about love, anxiety, depression and overall mental health. It can get a little too raw for some and a little too real for others.

Hollywood Puzzle Films Warren Buckland, 2014-05-30 From *Inception* to *The Lake House*, moviegoers are increasingly flocking to narratologically complex puzzle films. These puzzle movies borrow techniques—like fragmented spatio-temporal reality, time loops, unstable characters with split identities or unreliable narrators—more commonly attributed to art cinema and independent films. The essays in *Hollywood Puzzle Films* examine the appropriation of puzzle film techniques by contemporary Hollywood dramas and blockbusters through questions of narrative, time, and altered realities. Analyzing movies like *Source Code*, *The Butterfly Effect*, *Donnie Darko*, *Déjà Vu*, and adaptations of Philip K. Dick, contributors explore the implications of Hollywood's new movie mind games.
