Charles Stross

The Labyrinth Index Charles Stross, 2018-10-30 “A bizarre yet effective yoking of the spy and horror genres.” —The Washington Post Book World The Lovecraftian Singularity has descended upon the world in The Labyrinth Index, beginning an exciting new story arc in Charles Stross' Hugo Award-winning Laundry Files series! Since she was promoted to the head of the Lords Select Committee on Sanguinary Affairs, every workday for Mhari Murphy has been a nightmare. It doesn't help that her boss, the new Prime Minister of Britain, is a manipulative and deceptive pain in the butt. But what else can she expect when working under the thumb of none other than the elder god N'yar Lat-Hotep a.k.a the Creeping Chaos? Mhari's most recent assignment takes her and a ragtag team of former Laundry agents across the pond into the depths of North America. The United States president has gone missing. Not that Americans are alarmed. For some mysterious reason, most of the country has forgotten the executive branch even exists. Perhaps it has to do with the Nazgûl currently occupying the government and attempting to summon Cthulhu. It's now up to Mhari and her team to race against

the Nazgûl's vampire-manned dragnet to find and, for his own protection, kidnap the president. Who knew an egomaniacal, malevolent deity would have a soft spot for international relations? At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Catwoman Annual (2019-) #1 Joelle Jones, 2019-05-29 Selina Kyle walks a fine line in the criminal underworld. A thief herself, she's regularly on the wrong side of the law, while her personal life gives her crooked colleagues plenty of reason to distrust her. When Catwoman finds herself at the center of a dark plot full of violence and intrigue, she'll have to decide which side she is on—and who she can trust. If a leopard can't change its spots, and a leopard is a cat—can Catwoman ever escape her own destiny?

The Culture of Love in China and Europe Paolo Santangelo, Gábor Boros, 2020-01-13 In *The Culture of Love in China and Europe* Paolo Santangelo and Gábor Boros offer a survey of the cults of love developed in the history of ideas and literary production in China and Europe between the 12th and early 19th century. They describe parallel evolutions within the two cultures, and how innovatively these independent civilisations developed their own categories and myths to explain, exalt but also control the emotions of love and their behavioural expressions. The analyses contain rich materials for comparison, point out the universal and specific elements in each culture, and hint at differences and resemblances, without ignoring the peculiar beauty and attractive force of the texts cultivating love.

Understanding Manga and Anime Robin E. Brenner, 2007-06-30 Teens love it. Parents hate it. Librarians are confused by it; and patrons are demanding it. Libraries have begun purchasing both manga and anime, particularly for their teen collections. But the sheer number of titles available can be

overwhelming, not to mention the diversity and quirky cultural conventions. In order to build a collection, it is important to understand the media and its cultural nuances. Many librarians have been left adrift, struggling to understand this unique medium while trying to meet patron demands as well as protests. This book gives the novice background information necessary to feel confident in selecting, working with, and advocating for manga and anime collections; and it offers more experienced librarians some fresh insights and ideas for programming and collections. This book gives the novice background information necessary to feel confident in selecting, working with, and advocating for manga and anime collections; and it offers more experienced

In 2003 the manga (Japanese comics) market was the fastest growing area of pop culture, with 75-100% growth to an estimated market size of \$100 million retail. The growth has continued with a 40-50% sales increase in bookstores in recent years. Teens especially love this highly visual, emotionally charged and action-packed media imported from Japan, and its sister media, anime (Japanese animation); and libraries have begun purchasing both. Chock full of checklists and sidebars highlighting key points, this book includes: a brief history of anime and manga in Japan and in the West; a guide to visual styles and cues; a discussion of common themes and genres unique to manga and anime; their intended audiences; cultural differences in format and content; multicultural trends that manga and anime readers embrace and represent; and programming and event ideas. It also includes genre breakdowns and annotated lists of recommended titles, with a focus on the best titles in print and readily available, particularly those appropriate to preteen and teen readers. Classic and benchmark titles are also mentioned as appropriate. A glossary and a list of frequently asked questions complete the volume.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to

New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Modern Spirit of Asia Peter van der Veer, 2014 A comparative look at religion and spirituality in postcolonial China and India The Modern Spirit of Asia challenges the notion that modernity in China and India are derivative imitations of the West, arguing that these societies have transformed their ancient traditions in unique and distinctive ways. Peter van der Veer begins with nineteenth-century imperial history, exploring how Western concepts of spirituality, secularity, religion, and magic were used to translate the traditions of India and China. He traces how modern Western notions of religion and magic were incorporated into the respective nation-building projects of Chinese and Indian nationalist intellectuals, yet how modernity in China and India is by no means uniform. While religion is a centerpiece of Indian nationalism, it is viewed in China as an obstacle to progress that must be

marginalized and controlled. The Modern Spirit of Asia moves deftly from Kandinsky's understanding of spirituality in art to Indian yoga and Chinese qi gong, from modern theories of secularism to histories of Christian conversion, from Orientalist constructions of religion to Chinese campaigns against magic and superstition, and from Muslim Kashmir to Muslim Xinjiang. Van der Veer, an outspoken proponent of the importance of comparative studies of religion and society, eloquently makes his case in this groundbreaking examination of the spiritual and the secular in China and India.

Frank the Elephant Alicia Passanisi, 2021-07-14 Frank the Elephant is a story of friendship and acceptance. It's about a little elephant who is different and the other animals learn to accept him and his peculiar behavior. This story is based on actual events involving the author's children. But even though it is based on a child with autism and his interactions with his sisters, it is told in such a way that becomes more diverse. It is about being inclusive and how to be inclusive no matter what your differences may be. After the first local printing years ago, many young children, parents, and even teenagers voiced their appreciation for this book. They said it helped them understand the behavior of some classmates that were dismissed for being weird or even violent for no reason.

Crime is plummeting as almost every offense is punishable by death. And everywhere you look, there are people with strange powers, some of which they can control, and some, not so much. Now she's in charge of the Bigge Corporation, just in time to discover the lethal trap Rupert set for her long ago . . . Wendy Deere is investigating unauthorized supernatural shenanigans. She swore to herself she wouldn't again get entangled with Eve Starkey's bohemian brother Imp and his crew of transhuman misfits. Yeah, right. Mary Macandless has powers of her own. Right now she's pretending to be a nanny in order to kidnap the children of a pair of famous, Government-authorized adepts. These children have powers of their own, and Mary Macandless is in way over her head. All of these stories will come together, with world-bending results...
