Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

FLAMES OF FREEDOM Grim & Perilous RPG Richard Iorio, Daniel D. Fox, 2021-09-28 **FLAMES OF FREEDOM** is an American Gothic horror tabletop role-playing game, based on the award-winning **ZWEIHÄNDER RPG**. It is the dawn of the American Revolutionary War of 1776. A tangled web of conspiracy spans North America. It does not matter what your creed, color, culture, faith or gender is—all stand together in the war for survival. Every Rebel patriot holds Thomas Paine's Common Sense aloft as they take up arms against the British Empire. The city of Boston is occupied by the Red Coats, surrounded by Rebel militias. But as the revolution has begun, something far more mysterious stirs. Agents of the occult entreat both the Continental Army and British Empire. Freemasons conspire in the City of Brotherly Love. Maryland is in the throes of a witch hunt by the Knights Templar. Amid the chaos, other grim fairy tales have emerged. Ghouls have been tunneling beneath Boston. There are sightings of witches in the Great Dismal Swamp. Indigenous sachem speak of devils who walk among the living. The Leeds Devil haunts the Pine Barrens of New Jersey. And worse still, a shadowy collective called "The Mandoag" seeks to consume all, Loyalists and Rebels alike. In this game, most people have either chosen to deny the supernatural or rationalize it away. A rare few accept it for what it is to act. You are among those heroes and destined for greatness... or death. This alternative history game includes most of what you need to play: a player's handbook, a game master's guide, a bestiary, and an introductory adventure set in Boston. All that's left are a few friends, pencils and a handful of dice. **FLAMES OF FREEDOM** is an American Gothic horror tabletop role-playing game, based on the award-winning **ZWEIHÄNDER RPG**.

Typographic Systems of Design Kimberly Elam, 2007-05-03 Typographic organization has always been a complex system in that there are so many elements at play, such as hierarchy, order of reading, legibility, and contrast. In *Typographic Systems*, Kim Elam, author of our bestselling books, *Geometry of Design* and *Grid Systems*, explores eight major structural frameworks beyond the grid including random, radial, modular, and bilateral systems. By taking the reader through exercises, student work, and professional examples, Elam offers a broad range of design solutions. Once essential visual organization systems are understood the designer can fluidly organize words or images within a structure, combination of structures, or a variation of a structure. With clarity and substance, each system from the structured axis to the nonhierarchical radial array is explained and explored so that the reader comes away with a better understanding of these intricate complex arrangements. *Typographic Systems* is the seventh title in our bestselling *Design Briefs* series, which has sold more than 100,000 copies worldwide.
