Sold by his parents to the Queen of the s'Hisbe as a child, Trez escaped the Territory and has been a pimp and an enforcer for years. The pledge to mate the Queen's daughter comes due, and there is nowhere to run, nowhere to hide, and no negotiating. Now Trez must decide whether to endanger himself and others—or abandon the female he loves. When tragedy strikes and changes everything, iAm, in the name of brotherly love, is faced with making the ultimate sacrifice...

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The book of aquarius Anonyme,2023-01-31 The purpose of this book is to release one particular secret, which has been kept hidden for the last 12,000 years. The Philosophers' Stone, Elixir of Life, Fountain of Youth, Ambrosia, Soma, Amrita, Nectar of Immortality. These are different names for the same thing. Throughout history this secret has been used by a very few to extend their lives hundreds of years in perfect health, with access to unlimited wealth, among many other miraculous properties. Some kept the secret because they understood that the time was not right for the secret to be free for all people, but most kept

the secret out of their own jealousy, ignorance, egotism and corruption. The Stone's history and the history of the human race up until this day is a strange story full of secret societies, hooded cloaks, and mystical symbols. Such theatrics are childish and shallow. It's pointless to look for the light in the shadows...;
