Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Words Painting Music Todd Board,2021-04 We all have our own mythology, that is, our coherent system of meaning and value. Too often our myth remains safe, habitual, reductionist, and unexamined. In my sample-of-one experience, the most expansive and honest inner life emerges when we tire-kick our myths, and wade into a creative blank space not to find pat answers, but to interrogate our myth and see what recurs, and links, and echoes when you step away. As much as possible, this is a five-sense experience, which invites language, images, sounds, and other senses to engage and reflect each other. Occasionally, this process will politely nudge the inner life aside and generate some fairly memorable outer-life perceptions and experiences. Words Painting Music attempts to capture some of this flavor.

The Marriage of Heaven and Earth Marlin Watling,2016-10-07 On the lookout for a mind-blowing new perspective on the nature of God and humanity's place in the world today? Dive into The Marriage of Heaven and Earth, and enter the mind of a veritable rock star of contemporary theology-N. T. Wright. Marlin Watling takes abstract and complex ideas and grounds them in simple terms through his unique combination of readable summaries and fifty accompanying illustrations. He distills a lifetime of complex theological analysis and data into easy-to-consume sketches with explanations to provide one thing: universal access to a brilliant mind. Watling's guide comprises four parts ◉ An introduction to N. T. Wright ◉ Summaries of Wright's four key concepts ◉ Wright's proposal of a new worldview ◉ An overview of humanity's mission, with an eye toward the end times Following in the footsteps of reformer Martin Luther, N. T. Wright makes the old story new again with his paradigm-shifting worldview. And in The Marriage of Heaven and Earth, Watling does something equally novel. He enters the ivory tower, strips away the pomp and ceremony of untouchable academia, and presents to believers of all interest levels Wright's theology as it's truly meant to be: easy to understand and full of grace.

Gio Swaby ,2022-04-12 Accompanied by a traveling exhibition, this book on the Bahamian artist's textile portraits serves as a love letter to Black women: their style, strength, vulnerabilities, and beauty. This debut of the 29-year-old Bahamian-born artist aims to redefine the often-politicized Black body, with portraits made in a range of textile-based techniques, such as embroidery and appliquéd, celebrating Black women. Gio Swaby's intimate portraits are unique, highly personal figurative works made from an array of colorful fabrics and intricate, freehand lines of thread on canvas that explore the intersections of Blackness and womanhood. Illustrated with 80 works in full color that span from 2017 to 2021, this is the first book on this contemporary feminist artist who is a rising star in the world of textiles and portraiture. According to Swaby, "I wanted to create a space where we could see ourselves reflected in a moment of joy, celebrated without expectations, without connected stereotypes." Writers and scholars with multiple points of view take on Swaby's work and delve into her place within contemporary Black art.

Reflections on Mughal Art and Culture Roda Ahluwalia,2021-07-28 - Offers fresh insights into the rich aesthetic and cultural legacy of the Imperial Mughal age in the Indian subcontinent - Essays by 13 eminent international scholars draw comparisons between the Mughals, the Safavids and the Ottomans - Over 159 images of Mughal artifacts, paintings, gardens and monuments illustrate the lasting heritage of the Imperial Mughals Enter the splendid world of Mughal India and explore its rich aesthetic and cultural legacy through fresh insights offered by 13 eminent scholars. Recent scholarship in this field has offered deeper analysis into established norms, explored pan-Indian connections and drawn comparisons with contemporaneous regions of the early modern world. Further studies along these lines were encouraged in a seminar held by the K.R. Cama Oriental Institute, Mumbai, and the formidable scholarship presented by contributors forms the content of this volume. The articles in this book explore varied subjects under the Mughal umbrella, challenge long-held ideas and draw comparisons between the artistic expressions and material culture of the powerful Islamicate triumvirate of the early modern period - the Safavids in Iran, the European-based Ottomans and the Mughals in the Indian subcontinent.

Themes as diverse as portraits of royal women, sub-imperial patronage of temples, word-image relationship, the lapidary arts and the Imperial Library of the Mughals, a reconsideration of Mughal garden typologies, murals painted on architectural surfaces, the textile culture of the city of Burhanpur, changes in visual language and content of painting, and Imperial objets d'art have been discussed, challenged and analyzed. The final three articles are groundbreaking comparisons across Ottoman, Safavid and Mughal spheres. This beautifully illustrated book is sure to appeal to c

Picasso's Ladies Wendy Ramshaw, Anna Beatriz Chadour-Sampson, 1998 Wendy Ramshaw who lives in London is one of the leading artist-jewellers of the late 20th century whose distinctive style is internationally admired and widely influential. Picasso, one of the most prolific artists of the 20th century, and his painted records of his wives, mistresses and friends have been the focus of Ramshaw's study since the mid-Eighties. The sheer beauty of the women and the full range of emotions expressed in these paintings provided the impetus to design one or more jewels for each of the 66 portraits of 'Picasso's Ladies' illustrated in this book. In this publication the collection is for the first time being presented in its entirety alongside Picasso's paintings, the source of stimulus. In an unusual approach the artist gives in her notes an insight into her working process. She reveals to us the personal messages of each painting which led to a number of amazing designs and how her choice of stones either reflect or go against the colours on the paintings. Four authors have illuminated various aspects of what are undoubtedly some of the most intellectually complex and aesthetically accomplished jewels.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. To the Point Daniela Malev, 2017 In the field of contemporary jewellery, the brooch is a very common and also much discussed form of jewellery. One of the special challenges of making a good brooch is to find an adequate solution for the pin, which connects the piece securely to the wearer but goes beyond being a mere functional and invisible part of the backside. It should be an essential part of the brooch in terms of content and aesthetics. The author is convinced that the fastening and attachment of a brooch hold a tremendous potential for the design of a brooch in its entirety. As the selection of brooches in this book demonstrates, there is a whole universe of possibilities and varieties...
