**Phyllis Reynolds Naylor**

**Achtung-Panzer!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

We Are Paper Toys: Print-Cut-Fold-Glue-Fun Louis Bou, 2010-06-15 We Are Paper Toys! presents thirty-two of the finest paper toy designers in the world. Each artist gives us a glimpse of their world and explains their passion for paper toys through a personal interview. The book includes a CD with PDF templates of some of the paper toys showcased in this book. They are ready to be printed, cut, and pasted so you can have these small works of art in your own home. It's never too soon to start cutting, folding, pasting, and above all, having fun!

## The Return of the Mother Andrew

Harvey, 2013-08-20 Adapted from a series of lectures on the historical basis and current resurgence of the sacred feminine, given by Andrew Harvey at the California Institute of Integral Studies in Spring 1994, *The Return of the Mother* is a profound journey into the heart of the Divine Mother. In this comprehensive and groundbreaking work, mystical scholar Andrew Harvey unearths traces of the sacred feminine in major world religions—Hinduism, Islam (Sufism), Buddhism, Taoism, and Christianity—and in aboriginal and indigenous wisdom traditions. Harvey presents a scathing critique of the patriarchal distortions in religious history and doctrine that have obscured full knowledge of the Divine Mother, and shows how to reintegrate this vital aspect into the spiritual consciousness of humankind. *The Return of the Mother* offers a radical new perspective, balancing the historical overemphasis on transcendence by honoring the immanence of the divine in passionate engagement in the world. Only by cultivating a direct, respectful relationship with the transformative power of the sacred feminine can we alter our disastrous attitude of dissociation from nature, the body, sexuality, and the details of human life, and generate the energy and compassion needed to reverse the course of destruction we have set the planet—and all of life—hurtling toward. In lively question-and-answer sections, Harvey further illuminates these vital issues and takes a strong stand against our dependence on “gurus” and “masters,” proposing instead an egalitarian model of spiritual

community based on intimate groups of mutually supportive guides and friends. *The Return of the Mother* is an eloquent and passionate call for all of us to rediscover and reclaim an authentic and empowering relationship to the divine, and recreate a sacred life-in-the-world.

**Sun Bread** Elisa Kleven, 2004-03-30 Winter's gray chill has set in and everyone misses the sun—especially the baker. So she decides to bring some warmth to the town by making sun bread. And as the bread bakes, rising hot and delicious, everyone comes out to share in its goodness. Everyone, including the sun itself. With a lilting, rhyming text, colorful illustrations, and a recipe for baking your own sun bread, this tasty treat from the illustrator of the best-selling *Abuela* is just right for all ages to enjoy.

*I Like Him, He Likes Her* Phyllis Reynolds Naylor, 2010-05-18 Find a Penny pick it up and all day long you'll have good luck...except, of course, if that Penny is charming and pretty and funny, and the person picking her up just happens to be your boyfriend. Alice McKinley's freshman year is not as "lucky" as she was hoping it would be. But she's is trying to look on the bright side. There are worse things than being single for a semester...for a school year...for the whole summer... At least Alice can count on her best friends for support—in theory, anyway. Lately they haven't been all that there-for-her. In fact, it seems like Pam and Liz are suddenly involved in intense, secret conversations whenever Alice is around. Single is starting to feel a whole lot like solo.

**My Darkest Years** James Bachner, 2010-06-25 Born

in Berlin in 1922, James Bachner was a German Jew during the darkest days of the Third Reich. Once a happy child in a well-to-do German family, as the years passed Bachner faced first ridicule and persecution, then imprisonment and deprivation. Attributing his survival to a combination of strength and being in the right place at the right time, Bachner's memoir is a poignant and often horrific account of Jewish struggles during the days of World War II. Beginning with his idyllic childhood, Bachner expresses the range of emotions he experienced as the Nazis transformed his homeland into a nation where he and his fellow Jews were no longer welcome. He describes the volatile political atmosphere and the fears inspired in all Germans by tales of the concentration camps. In addition, he tells of the belief many Jews held that the West would step in and put an end to Hitler's reign. The work then details the realities of life in a concentration camp. The end of the war, Bachner's reunion with his remaining family members and his eventual relocation to America are also discussed.

**Mind Maps at Work** Tony Buzan, 2005-11-29 From the bestselling author of *The Mind Map Book* and *Use Both Sides of Your Brain* World-renowned expert on the brain, memory, speed reading, creativity, and innovation Tony Buzan has used his patented Mind Maps system to teach millions of people around the world how to unlock the infinite creativity of the human mind. With *Mind Maps at Work*, you'll find a practical guide to achieving workplace success and satisfaction. Mind Maps are a revolutionary thinking tool: a visual and colorful form of note-

taking that unleashes our creative and logical sides simultaneously. Incorporating a number of high-profile success stories—including the impressive results that Buzan's system has yielded for companies like Boeing, Con Edison, and Apple—Mind Maps at Work guides individuals, work groups, and companies large and small to plan and strategize effectively, solve problems creatively, and recall facts easily, maximizing every individual's creativity and productivity.

Heal Your Knees Robert L. Klapper, Lynda Huey, 2004-07-25 Put an end to knee pain! An esteemed surgeon and a water therapy expert team up to tell you the essentials about your knees, how to get them back into shape, and how to prevent further pain and injury. Through careful explanation, they examine each part of the healing process—from basic function to long-term exercises—guiding you to a pain-free life. With detailed information on a variety of healing options, you will learn how to make the right decisions for your knees, understand when and why surgery is appropriate, and how simple exercise in your living room and in the pool can speed the post-surgical healing process.

Making Simple Model Steam Engines Stan Bray, 2005 This well-illustrated book will be popular with all would-be and beginner model engineers, as well as those already engaged in the hobby, looking for quick and easy projects to build. The projects are also ideal for those withing to pass on to the younger generation a knowledge of metalworking and a grounding in how engines work.

**International Law** Lori Fisler Damrosch, 2001

Updated with an emphasis on current issues, this classic casebook emphasizes developments in international law, with expertly edited cases and problems for class discussion. Cases and Materials on International Law offers a treatment of the subject for introductory and advanced classes and detailed readings and reference materials for those who wish to pursue topics in depth. The fourth edition enriches every chapter with new information on institutions contributing to the sources and enforcement of international law, including the World Trade Organization, the International Criminal Tribunals for Yugoslavia and Rwanda, the prospective International Criminal Court, and organizations in the fields of law of the sea and arms control. International criminal law now has a chapter of its own, and the casebook gives expanded treatment to human rights, environmental law, and economic law.
