Artists' Letters Michael Bird, 2019-10-22 Artists' Letters is a treasure trove of carefully selected letters written by great artists, providing the reader with a unique insight into their characters and a glimpse into their lives. Arranged thematically, it includes writings and musings on love, work, daily life, money, travel and the creative process. On the theme of friendship, for example, letters provide evidence of a creative community between peers, with support and mutual appreciation that helps to dispel the myth of the artist as solitary genius. Letters between Vincent van Gogh and Paul Gauguin show an ongoing conversation and exchange of ideas. We see mutual admiration between Claude Monet and Berthe Morisot, and Picasso's quick notes to Jean Cocteau illustrate their closeness. Correspondence, some of which includes sketches and drawings, is reproduced with the transcript and some background and contextual information alongside. The book brings together a collection of treasures found in letters, which in our digital age are an increasingly lost art.

City of Children Francesco Tonucci, 2020-06-30 The city, born to be a place of meeting and exchange, has for several decades taken as a default model the strong citizen, man, adult and worker, thereby transforming it into a hostile space for the weakest: the elderly, the disabled, the poor and the children. The automobile, the toy of choice for the privileged citizen, is also taken to be the principal 'citizen' of the city, thus endangering the health, aesthetics and mobility of the rest of us. This book proposes a new philosophy of city governance that takes children as the default citizens, with the confidence that a city sensitive to the needs of childhood will be healthier for everybody. This work recovers elements of the 1989 Convention of the Rights of the Child that recognize the full citizenship of children to suggest two principle axioms for optimal city design: the participation of children in city governance and the restitution of their autonomy, which allows them to stay with their friends and play freely. Boys and girls, in this way, represent all those excluded from decisions and power. This book is primarily written for politicians and city managers so that they can take on board the ideas within. Yet it is also important for teachers and parents so that they can respect the rights provided in the convention. City of Children should be made available to students on teacher-training courses, and also to the children who are the book's true protagonists. At present, more than two hundred cities in Spain, Italy, Argentina, Uruguay, Colombia, Peru, Chile, Mexico, Dominican Republic, Brazil and Costa Rica have joined this project. This book is a translation of "La città dei bambini" and was translated as part of the Bridging Language and Scholarship initiative. The English edition by Vernon Press follows previous editions of this important work in Italian and the four languages of the Spanish nation (Galego, Basque, Catalan and Castilian), French and Portuguese to make available for the first time this important work to a broader international audience.

Tamerlane and the Jews Michael Shterenshis, 2013-11-05 This book provides a general introduction to the history of Jewish life in 14th century Asia at the time of the conqueror Tamerlane (Timur). The author defines who are the Central Asian Jews, and describes the attitudes towards the Jews, and the historical consequences of this relationship with Tamerlane. Left alone to live within a stable empire, the Jews prospered under Tamerlane. In founding an empire, Tamerlane had delivered Central Asia from the last Mongols, and brought the nations of Transoxania within the orbit of Persian civilisation. The Central Asian Jews accepted this spirit and preserved it until modern times in their language and culture.

Tamerlane Roy Stier, 2006-09 Tamerlane: The Ultimate Warrior- Map Edition (978-1-892264-20-6) In this Third Edition, little-known fourteenth century Muslim leader who inspired a vast army of Islamic followers to swarm through central and western Asia in a conquering wave, has been captured in the first complete history using narrative form by

Roy Stier. Tamerlane, the Ultimate Warrior paints the violent and controversial true story of the swift horseman who threatened much of the Old World, crushing the Ottoman Empire and intimidating kings and emperors. A trail of devastation followed the ruthless conqueror from Delhi to Baghdad, yet incidents of mercy for his enemies revealed a benign side to Tamerlane. In the pageantry of rulers, Tamerlane found little recognition from the historians of later centuries. Killer? Demonic? or charismatic visionary with a flashing sword and a view of the world united under the banner of Islamic purity? Is there a message for moderns in the story of the military genius who scythed his way through a sizable part of the known world? The readers of this book think so. There are 9 illustrations and photographs, 28 new maps of the ancient world circa 1300 A.D., complete references for researchers, glossary of terms, four appendices, a complete chronology of events, and an index in the 354 page 6 X 9 book. Retail price: \$21.95 plus S/H.
