Barbara Kingsolver

The Poisonwood Bible Barbara Kingsolver, 2009-10-13
New York Times Bestseller • Finalist for the Pulitzer Prize •
An Oprah's Book Club Selection "Powerful . . . [Kingsolver]
has with infinitely steady hands worked the prickly threads
of religion, politics, race, sin and redemption into a thing of
terrible beauty." —Los Angeles Times Book Review The
Poisonwood Bible, now celebrating its 25th anniversary,
established Barbara Kingsolver as one of the most
thoughtful and daring of modern writers. Taking its place
alongside the classic works of postcolonial literature, it is a
suspenseful epic of one family's tragic undoing and
remarkable reconstruction over the course of three decades
in Africa. The story is told by the wife and four daughters of
Nathan Price, a fierce, evangelical Baptist who takes his
family and mission to the Belgian Congo in 1959. They carry
with them everything they believe they will need from
home, but soon find that all of it—from garden seeds to
Scripture—is calamitously transformed on African soil. The
novel is set against one of the most dramatic political
chronicles of the twentieth century: the Congo's fight for
independence from Belgium, the murder of its first elected
prime minister, the CIA coup to install his replacement, and
the insidious progress of a world economic order that robs
the fledgling African nation of its autonomy. Against this
backdrop, Orleana Price reconstructs the story of her
evangelist husband's part in the Western assault on Africa,
a tale indelibly darkened by her own losses and
unanswerable questions about her own culpability. Also
narrating the story, by turns, are her four daughters—the
teenaged Rachel; adolescent twins Leah and Adah; and
Ruth May, a prescient five-year-old. These sharply
observant girls, who arrive in the Congo with racial
preconceptions forged in 1950s Georgia, will be marked in

surprisingly different ways by their father's intractable mission, and by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

The Thing Around Your Neck Chimamanda Ngozi Adichie, 2010-06-01 These twelve dazzling stories from Chimamanda Ngozi Adichie — the Orange Broadband Prize-winning author of *Half of a Yellow Sun* — are her most intimate works to date. In these stories Adichie turns her penetrating eye to the ties that bind men and women, parents and children, Nigeria and the United States. In “A Private Experience,” a medical student hides from a violent riot with a poor Muslim woman, and the young mother at the centre of “Imitation” finds her comfortable life in Philadelphia threatened when she learns that her husband has moved his mistress into their Lagos home. Searing and profound, suffused with beauty, sorrow and longing, this collection is a resounding confirmation of Adichie’s prodigious literary powers.

The Color Purple (Movie Tie-In) Alice Walker, 2023-12-05 Read the original inspiration for the new, boldly reimagined film from producers Oprah Winfrey and Steven Spielberg, starring Taraji P. Henson, Danielle Brooks, and Fantasia Barrino. A powerful cultural touchstone of modern American literature, *The Color Purple* depicts the lives of African American women in early-twentieth-century rural Georgia. Separated as girls, sisters Celie and Nettie sustain their loyalty to and hope in each other across time, distance, and silence. Through a series of letters spanning nearly thirty years, first from Celie to God, then from the sisters to each other, the novel draws readers into a rich and memorable portrayal of Black women—their pain and struggle, companionship and growth, resilience

and bravery. Deeply compassionate and beautifully imagined, *The Color Purple* breaks the silence around domestic and sexual abuse, and carries readers on an epic and spirit-affirming journey toward transformation, redemption, and love.

A Long Way Gone Ishmael Beah, 2007-02-13 My new friends have begun to suspect I haven't told them the full story of my life. "Why did you leave Sierra Leone?" "Because there is a war." "You mean, you saw people running around with guns and shooting each other?" "Yes, all the time." "Cool." I smile a little. "You should tell us about it sometime." "Yes, sometime." This is how wars are fought now: by children, hopped-up on drugs and wielding AK-47s. Children have become soldiers of choice. In the more than fifty conflicts going on worldwide, it is estimated that there are some 300,000 child soldiers. Ishmael Beah used to be one of them. What is war like through the eyes of a child soldier? How does one become a killer? How does one stop? Child soldiers have been profiled by journalists, and novelists have struggled to imagine their lives. But until now, there has not been a first-person account from someone who came through this hell and survived. In *A Long Way Gone*, Beah, now twenty-five years old, tells a riveting story: how at the age of twelve, he fled attacking rebels and wandered a land rendered unrecognizable by violence. By thirteen, he'd been picked up by the government army, and Beah, at heart a gentle boy, found that he was capable of truly terrible acts. This is a rare and mesmerizing account, told with real literary force and heartbreaking honesty.

Rikki-Tikki-Tavi Rudyard Kipling, 2014-08-12 Rikki-Tikki-Tavi is the story of a mongoose whose bravery knows no bounds and the family he is endeared to and looks after with a fiery passion. After a small flood Rikki-Tikki-Tavi finds

himself rescued by a family in India and he is curious to discover more about his new surroundings. He finds there is danger lurking in the shadows that threatens his new family. Rikki will stop at nothing to make sure they are safe. Rikki-Tikki-Tavi is a timeless classic from Rudyard Kipling that should be enjoyed by all. - 10 unique color illustrations

Into the Wild Jon Krakauer, 2009-09-22 NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. It may be nonfiction, but *Into the Wild* is a mystery of the highest order. —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders

on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

The Mushroom at the End of the World Anna

Lowenhaupt Tsing, 2017-09-19 What a rare mushroom can teach us about sustaining life on a fragile planet Matsutake is the most valuable mushroom in the world—and a weed that grows in human-disturbed forests across the northern hemisphere. Through its ability to nurture trees, matsutake helps forests to grow in daunting places. It is also an edible delicacy in Japan, where it sometimes commands astronomical prices. In all its contradictions, matsutake offers insights into areas far beyond just mushrooms and addresses a crucial question: what manages to live in the ruins we have made? A tale of diversity within our damaged landscapes, *The Mushroom at the End of the World* follows one of the strangest commodity chains of our times to explore the unexpected corners of capitalism. Here, we witness the varied and peculiar worlds of matsutake commerce: the worlds of Japanese gourmets, capitalist traders, Hmong jungle fighters, industrial forests, Yi Chinese goat herders, Finnish nature guides, and more. These companions also lead us into fungal ecologies and forest histories to better understand the promise of cohabitation in

a time of massive human destruction. By investigating one of the world's most sought-after fungi, *The Mushroom at the End of the World* presents an original examination into the relation between capitalist destruction and collaborative survival within multispecies landscapes, the prerequisite for continuing life on earth.

A Thousand Splendid Suns Khaled Hosseini, 2008-09-18 A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love

Imitation Chimamanda Ngozi Adichie, 2015-05-13 A Vintage Shorts "Short Story Month" selection from the award-winning, bestselling author Nkem is living a life of wealth and security in America, until she discovers that her husband is keeping a girlfriend back home in Nigeria. In this high-intensity story of passion and the masks we all wear, Chimamanda Ngozi Adichie, author of the acclaimed novels *Half of a Yellow Sun* and *Americanah* and winner of the Orange Prize and the National Book Critics Circle Award, explores the ties that bind men and women, parents and children, Africa and the United States. "Imitation" is a selection from Adichie's collection *The Thing Around Your Neck*. An eBook short.

An Introduction to Logic Eulalio Baltazar, Albert Mosley, 2019-01-12 This book introduces the basic inferential patterns of formal logic as they are embedded in everyday life, information technology, and science. It is designed to make clear the basic topics of classical and modern logic. The aim is to improve the reader's ability to navigate both everyday and science-based interactions.

#GIRLBOSS Sophia Amoruso, 2014-05-06 In the New York Times bestseller that the Washington Post called "Lean In for misfits," Sophia Amoruso shares how she went from dumpster diving to founding one of the fastest-growing retailers in the world. Amoruso spent her teens hitchhiking,

committing petty theft, and scrounging in dumpsters for leftover bagels. By age twenty-two she had dropped out of school, and was broke, directionless, and checking IDs in the lobby of an art school—a job she'd taken for the health insurance. It was in that lobby that Sophia decided to start selling vintage clothes on eBay. Flash forward to today, and she's the founder of Nasty Gal and the founder and CEO of Girlboss. Sophia was never a typical CEO, or a typical anything, and she's written #GIRLBOSS for other girls like her: outsiders (and insiders) seeking a unique path to success, even when that path is windy as all hell and lined with naysayers. #GIRLBOSS proves that being successful isn't about where you went to college or how popular you were in high school. It's about trusting your instincts and following your gut; knowing which rules to follow and which to break; when to button up and when to let your freak flag fly. "A witty and cleverly told account . . . It's this kind of honest advice, plus the humorous ups and downs of her rise in online retail, that make the book so appealing." —Los Angeles Times "Amoruso teaches the innovative and entrepreneurial among us to play to our strengths, learn from our mistakes, and know when to break a few of the traditional rules." —Vanity Fair "#GIRLBOSS is more than a book . . . #GIRLBOSS is a movement." —Lena Dunham

The Glass Castle Jeannette Walls, 2007-01-02 A triumphant tale of a young woman and her difficult childhood, *The Glass Castle* is a remarkable memoir of resilience, redemption, and a revelatory look into a family at once deeply dysfunctional and wonderfully vibrant. Jeannette Walls was the second of four children raised by anti-institutional parents in a household of extremes.

Farmer's Tax Guide, 1997

The Day of the Triffids John Wyndham, 2010-07-01 The classic postapocalyptic thriller with "all the reality of a

vividly realized nightmare” (The Times, London). Triffids are odd, interesting little plants that grow in everyone’s garden. Triffids are no more than mere curiosities—until an event occurs that alters human life forever. What seems to be a spectacular meteor shower turns into a bizarre, green inferno that blinds everyone and renders humankind helpless. What follows is even stranger: spores from the inferno cause the triffids to suddenly take on a life of their own. They become large, crawling vegetation, with the ability to uproot and roam about the country, attacking humans and inflicting pain and agony. William Masen somehow managed to escape being blinded in the inferno, and now after leaving the hospital, he is one of the few survivors who can see. And he may be the only one who can save his species from chaos and eventual extinction . . . With more than a million copies sold, *The Day of the Triffids* is a landmark of speculative fiction, and “an outstanding and entertaining novel” (Library Journal). “A thoroughly English apocalypse, it rivals H. G. Wells in conveying how the everyday invaded by the alien would feel. No wonder Stephen King admires Wyndham so much.” —Ramsey Campbell, author of *The Overnight* “One of my all-time favorite novels. It’s absolutely convincing, full of little telling details, and that sweet, warm sensation of horror and mystery.” —Joe R. Lansdale, author of *Edge of Dark Water*

Introductory Grammar of Amharic Wolf Leslau, 2000 This book closes the gap for beginners who want to study the Amharic language and had difficulties in finding the right grammar for this purpose: The first grammar of Amharic, the national language of Ethiopia, was published by Hiob Ludolf in 1698. The Amharic grammar published by Praetorius in 1879 is based on Amharic religious texts and on scattered material, usually composed by missionaries. A milestone in the study of Amharic is Marcel Cohen's *Traite*

de langue amharique (1936), but this grammar, too is not completely suited for beginners since the author's generalizations are at times aimed at linguists. The grammar that comes closest to the concept of a beginner's grammar is that of C.H. Dawkin (1960), yet this grammar is extremely short, does not give examples and does not introduce the student to the intricacies of the language. The new book gives all the grammatical forms and the sentences of the present grammar in Amharic script and in phonetic transcription. The illustrative examples have a free and a literal translation. This procedure should likewise prove to be useful for the Semitist as well as for the general linguist.

Born to Run Christopher McDougall, 2010-12-09 A New York Times bestseller 'A sensation ... a rollicking tale well told' - The Times At the heart of Born to Run lies a mysterious tribe of Mexican Indians, the Tarahumara, who live quietly in canyons and are reputed to be the best distance runners in the world; in 1993, one of them, aged 57, came first in a prestigious 100-mile race wearing a toga and sandals. A small group of the world's top ultra-runners (and the awe-inspiring author) make the treacherous journey into the canyons to try to learn the tribe's secrets and then take them on over a course 50 miles long. With incredible energy and smart observation, McDougall tells this story while asking what the secrets are to being an incredible runner. Travelling to labs at Harvard, Nike, and elsewhere, he comes across an incredible cast of characters, including the woman who recently broke the world record for 100 miles and for her encore ran a 2:50 marathon in a bikini, pausing to down a beer at the 20 mile mark.

Basis of Assets ,1995

The Book of the Damned Charles Fort, 2020-09-28 Time

travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs--nearly a century after Charles Fort's *Book of the Damned* was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you--Taken from Good Reads website.

Art Fundamentals; Theory and Practice Otto G. Ocvirk, 1968

Logical Reasoning Bradley Harris Dowden, 1993 This book is designed to engage students' interest and promote their writing abilities while teaching them to think critically and creatively. Dowden takes an activist stance on critical thinking, asking students to create and revise arguments rather than simply recognizing and criticizing them. His book emphasizes inductive reasoning and the analysis of individual claims in the beginning, leaving deductive arguments for consideration later in the course.

F Kero Wild Frogse Free Paper Toy Download Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be much more evident than ever. They have the capability to inspire, provoke, and ignite change. Such may be the essence of the book **F Kero Wild Frogse Free Paper Toy Download**, a literary masterpiece that delves deep into the significance of words and their impact on our lives.
