Motorcycles, Mates and Memories Bill Snelling, 2021-09-14

Bill Snelling reflects on his lifetime passion for two-wheeling in this entertaining, motorcycle-themed autobiography. He recalls the decades of motorcycling mayhem, mud and madness that have characterised his 70-odd years living the dream, from the early days at Arthur Lavington's Velo shop to pounding the long-distance trials and the many race circuits he has ridden. Bill admits he was better off-road than on tarmac, but he did win one race! He went on to work for Motorcycle Sport magazine, and as a dispatch rider, before moving permanently to the Isle of Man. A great read for anyone interested in British motorcycle sports.

Formula 1 Car by Car 1990-99 Peter Higham, 2021-05-18 The formative years of the 1950s are explored in this fourth installment of Evro's decade-by-decade series covering all Formula 1 cars and teams. When the World Championship was first held in 1950, red Italian cars predominated, from Alfa Romeo, Ferrari and Maserati, and continued to do so for much of the period. But by the time the decade closed, green British cars were in their ascendancy, first Vanwall and then rear-engined Cooper playing the starring roles, and BRM and Lotus having walk-on parts. As for drivers, one stood out above the others, Argentine Juan Manuel Fangio, becoming World Champion five times. Much of the fascination of this era also lies in its numerous privateers and also-rans, all of which receive their due coverage in this complete work. Year-by-year treatment covers each season in fascinating depth, running through the teams -- and their various cars -- in order of importance. Alfa Romeo's supercharged 11/2-litre cars dominated the first two years, with titles won by Giuseppe Farina (1950) and Fangio (1951). The new marque of Ferrari steamrollered the opposition in two seasons run to Formula 2 rules (1952-53), Alberto Ascari becoming champion both times, and the same manufacturer took two more crowns with Fangio (1956) and Mike Hawthorn (1958). Maserati's

fabulous 250F, the decade's most significant racing car, propelled Fangio to two more of his five championships (1954 and 1957). German manufacturer Mercedes-Benz stepped briefly into Formula 1 (1954-55) and won almost everything with Fangio and up-and-coming Stirling Moss. Green finally beat red when the Vanwalls, driven by Moss and Tony Brooks, won the inaugural constructors' title (1958). Then along came Cooper, rear-engine pioneers, to signpost Formula 1's future when Jack Brabham became World Champion (1959).

A Chequered Life Richard Heseltine, 2013-11-15 This is the first and only account of the Chequered Flag race team and its charismatic founder, Graham Warner. It charts the highs and lows, the victories and losses, and features interviews with the man himself and several star drivers of the 1960s and '70s. Accompanied by 150 photographs, many previously unpublished, plus a look at Graham's subsequent career as a fighter aircraft expert and restorer, this is a unique story of a fascinating life in motorsport.

The British at Indianapolis Ian Wagstaff, 2010-12-15 The British at Indianapolis recounts the history of the Indianapolis 500 race through the eyes and actions of those British born or British citizens who have driven in it, or been involved in any other way - be it as a designer, mechanic, or official. It also examines the British built cars that have won the Indy 500 and the significance of the rear engined revolution brought to the Indianapolis Motor Speedway by Cooper in 1961, and elevated to success by Lotus and Lola. It includes such names as Jim Clark, Graham Hill, Nigel Mansell and 2010 Indy 500 champion, and two times winner, Dario Franchitti.

Valentino Rossi Mat Oxley, 2022-01-27 Valentino Rossi's retirement brings down the curtain on an incredible career in the MotoGP motorcycle world championships. With his nine titles, including seven in the premier class, he is widely regarded as the greatest motorcycle racer ever, and his 26 seasons of Grand Prix

racing make him unique across both motorcycling and Formula 1. Rossi has been captivating fans since he won his first Grand Prix at the age of 17 and even in his final season, at the age of 42, he has been riding faster than ever. In *Valentino Rossi: All His Races*, by top journalist Mat Oxley, each and every one of these races comes under the microscope, complete with perspectives about Rossi's achievements, the controversies, his character, and analysis of his bikes. This is a Valentino Rossi book like no other, with photos by Henk Keulemans, who was shooting grand prix racing when Rossi's father Graziano was winning races. Early days, from karting and minimoto bikes to a first GP win, on a 125 Aprilia in the 1996 Czech GP, then onwards to claim the 125cc world title in 1997. Moving up to the 250cc class in 1998 brought four consecutive end-of-season wins riding for Aprilia, followed by a decisive title in 1999 with nine victories. Grabbed by Honda to race its super-successful NSR500, Rossi graduated to the 'class of kings' for 2000, almost becoming champion that season -- but the following year he sealed MotoGP, for 990cc four-stroke bikes, took over and Rossi immediately reigned supreme aboard his Honda RC211V, securing back-to-back titles in 2002 and 2003, before a surprise departure to uncompetitive Yamaha. Rossi rates his first year with Yamaha, 2004, as his best: defying expectation, he won first time out on the YZR-M1 and took a fourth successive title with nine wins. In six more seasons with Yamaha, 2005-10, Rossi collected three more championship crowns, his 2008 success especially sweet because it involved a fightback after two leaner years. Rossi's move to Ducati looked to be an appetising all-Italian prospect but his two winless seasons there, 2011 and 2012, were disastrous. A return to Yamaha never quite recaptured his greatest glories, but Rossi was championship runner-up three times and came very close to another title in 2015. Beautifully designed and comprehensively illustrated, this book is the complete record of Valentino Rossi's remarkable career in motorcycle racing.

The First Three Shelby Cobras Gordon Bruce, 2018-04-17

The First Three Shelby Cobras, the third book in the acclaimed Exceptional Cars series, tells the story of three remarkable cars, the first AC Cobras created by the legendary Carroll Shelby in 1962 and now favorites of sports-car enthusiasts throughout the world. The prototype CSX2000 has been described as the “most important American car”, although it was built on a British AC Ace chassis with an American Ford V8 engine. It was retained by the Shelby family until 2016, when it sold at auction for a record \$13.75 million. CSX2001 was the first production Cobra, and was delivered to American racing driver Ed Hugus. It was later sold to Frenchman Jean-Marie Vincent, who raced in the Tour de France and in numerous European hillclimbs. CSX2002 was the first Cobra to race and nearly won its inaugural outing at Riverside, driven by Bill Krause, until sidelined by a broken rear hub. It did take the first ever Cobra win, with Dave MacDonald at Tucson in March 1963. Its success led to a series of competition wins that made Shelby's Cobras famous and admired across the globe. All three cars are now the pride of car collections in the United States of America. CSX2000 and CSX2002 are part of the Larry Miller Collection, and CSX2001 belongs to California-based motorsport aficionado Bruce Meyer.

Inspired to Design Nigel Bennett, 2013-10-15 Nigel

Bennett's unique autobiography describes his life and career, from growing-up influenced by car design, to his education and the building of his 750 specials. He describes his work as Firestone Development Manager, recounting many tales of the outstanding designers and drivers of the period. Detailing his work in Formula 1, as a Team Lotus engineer, and then as Team Ensign designer, he also covers his Indycar designs at Theodore, Lola Cars and Penske Cars. Life after his retirement, his involvement in boat design and with modern F1 teams, are also recounted.

Jim Clark Eric Dymock, 2017-04-01 Out of print for twenty

years, a new edition of Jim Clark 'Tribute to a Champion' by Eric Dymock will be published in the spring. Lightly edited and completely redesigned in colour throughout, this eagerly sought classic of motor racing celebrates the life and achievements of Jim Clark (1936-1968), World Champion 1963 and 1965. In the new book, Eric Dymock details his place in motor racing history and total command of Formula 1, portraying him as an individual, nail-biting and insecure, yet the greatest driver in any sort of motor sport. From a Scottish farming family Clark rewrote the annals of American racing at Indianapolis, coming second at his first attempt in 1963, winning in 1965. He seemed a match for any odds during eight dangerous years at the top of motor racing, yet died in an unlikely accident at a minor event at Hockenheim on April 7th 1968. Genius at the wheel was not enough. Rivals' subsequent safety campaigns saved countless lives on and off the track. Eric Dymock observed Clark from before he ever sat in a racing car, covering his professional career as member of The Motor magazine staff from 1962, and then as specialist motor racing correspondent from 1966. This book has photographs of Jim Clark's birthplace, home, memorabilia and archive material from the Jim Clark Room at Duns. The measured analysis throws light on the tense mood of Formula 1 in the hazardous 1960s when Clark narrowly missed four consecutive world titles. Misfortune in the closing laps of the final race of the season twice denied him a unique quartet. Some of his other records remain secure however. Clark's eight grand slams (pole position, leading every lap, fastest lap and winning a Grand Prix - his closest rivals Alberto Ascari and Michael Schumacher managed only five) is unlikely to be matched. The new edition will go on sale in the spring at regular bookshop prices for a new generation of Formula 1 fans, as the 50th anniversary of Clark's accident approaches.

Racing Mustangs Steve Holmes, 2021-08-19 Virtually from the moment of its launch in April, 1964, the Ford Mustang has been a

favorite among road racers. From the Tour de France, to production sports car racing, the SCCA Trans-Am series, regional and national A/Sedan competitions, and international and domestic sedan championships in Great Britain, Europe, Australia, and New Zealand, the Mustang has enjoyed a following like few other models. This book is a photographic celebration of road racing Mustangs throughout the world. It focuses on production-based cars, rather than the heavily modified tube-frame silhouette machines that began appearing in the late 1970s. Included are images of big-budget factory-supported cars competing in the Trans-Am series, right through to low-buck independents, and cars competing throughout the world. Using only period images, including countless photos that have never before been published, this is a true photographic history, depicting the global popularity of the Ford Mustang as a road racing car.

Mr Le Mans Tom Kristensen, Dan Philipsen, 2021-05-18
Between 1997 and 2014, Tom Kristensen won the world's toughest motor race, the Le Mans 24 Hours, a record nine times and finished on the podium on five more occasions. Every time his car made it to the finish, in fact, he was in the top three. It is no wonder that this great sports car driver is known as 'Mr Le Mans' to motorsport fans around the world. Now retired from racing, Kristensen shares in this book his deepest personal reflections and insights from inside and outside the cockpit. He looks back on more than 30 years spent striving for perfection in racing and tells of the battles and setbacks that sometimes seemed impossible to overcome, including a terrible accident in 2007. Climbing the racing ladder, from karting into Formula 3 single-seaters, including championship titles in Germany (1991) and Japan (1993), then Formula 3000 and a Formula 1 testing role with Tyrrell. Winning as an underdog on his first visit to Le Mans, in 1997 driving an elderly Joest-run privateer Porsche in which he impressed all onlookers with a night-time charge to vanquish

Porsche's factory-entered favourite. His second Le Mans victory came in 2000 on his maiden drive for Audi in the R8, a car that was to become all-conquering. Kristensen won the next five editions of Le Mans, four times with Audi and once with Bentley (in 2003), his last victory in this sequence taking him past Jacky Ickx's previous record at the Circuit de la Sarthe. His eighth win came in one of the all-time classic contests at Le Mans, in 2008, a rollercoaster of a race in which his ageing diesel-powered Audi was never expected to beat the fancied works Peugeots. One more victory with Audi in 2013 sealed his reputation as a true legend of Le Mans. His story includes exploits at other racetracks all over the world, none more prolific than Sebring, home of America's long-established classic endurance race that Kristensen won six times. Personal reflections together with contributions from notable observers -- including English journalists Gary Watkins and Charles Bradley -- complete a truly rounded portrait of the man and his achievements. Voted 'Sports Book of the Year' when originally published in Kristensen's native Denmark, this thoughtful memoir is now available in English.

How to Have Creative Ideas Edward de Bono,2012-05-31
Everybody wants to be creative. Creativity makes life more fun, more interesting and more full of achievement, but too many people believe that creativity is something you are born with and cannot be learned. In *How to Have Creative Ideas* Edward de Bono - the leading authority on creative thinking - outlines 62 different games and exercises, built around random words chosen from a list, to help encourage creativity and lateral thinking. For example, if the task were to provide an idea for a new restaurant and the random word chosen was 'cloak', ideas generated might be: a highwayman theme; a Venetian theme with gondolas; masked waiters and waitresses. Or, if asked to make a connection between the two random words 'desk' and 'shorts', readers may come up with: both are functional; desks have 'knee holes' and

shorts expose the knees; traditionally they were both male-associated items. All the exercises are simple, practical and fun, and can be done by anyone.

Ready to Paint in 30 Minutes: Flowers in Watercolour Ann Mortimer, 2017-07-24 This complete beginners guide to painting flowers in watercolour is ideal if you want to learn to paint but are short on time. Each of the 35 quick and easy exercises takes no more than 30 minutes to complete, and will teach you how to paint flowers of different shapes, colours and families lilies, orchids and hellebores amongst others or learn a key technique such as masking out, working wet in wet and colour-mixing. The exercises are all worked at postcard size ideal for a 6 x 4in (A6) watercolour pad, and tracings are included for each study. The book is broken down into five chapters that focus, respectively, on working with watercolour, watercolour techniques, colour and tone, form and detail, and finally flowers in context. The final section of the book contains three complete paintings that demonstrate how to combine all the techniques and elements of painting flowers, as learned from the preceding chapters. These paintings, too, are accompanied by actual-size tracings.

The Paradoxicon Nicholas Falletta, 1990-11-08 This is an illustrated guide to a wonderland of reason where nothing is as it seems, through a maze of mental curiosities and contradictions. It discusses paradoxes of all types--mathematical, logical, scientific, philosophical and more. Though many involve sophisticated concepts and logical reasoning, none requires a highly technical background--knowledge of ordinary language and simple arithmetic will do. Twenty-five stand-alone chapters each present and discuss a different paradox, including: the Barber Paradox; the Crocodile's Dilemma, M. C. Escher's Paradoxes, the Liar Paradox, the Prisoner's Dilemma, the Raven Paradox, Zeno's Paradox, and many others. Each chapter features an end note indicating related paradoxes elsewhere in the book. Includes 118 mind-boggling illustrations, optical illusions and visual acrobatics.

Agincourt 1415 Matthew Bennett, David Nicolle, Martin Marix Evans, 2000-09-25 Osprey's Campaign title for one of the most important campaigns of the Hundred Years' War (1337-1453). Agincourt is one of the most evocative names in English military history. Henry V's forces were tired, hungry, and faced a French army three to six times more numerous. However, they possessed several advantages, and English success resulted from the combination of heavily armoured men-at-arms with troops armed with the infamous longbow - the havoc this weapon wreaked was crucial. Using original fifteenth century evidence, including the surviving French battle plan and the accounts of men present in both armies, this title discusses the lead-up to the battle, the tactical dispositions of the two forces and the reasons for the ultimate English success.

Fornovo 1495 David Nicolle, 2005 Charles VIII led Europe's most potent army to victory against one Italian province after another. The Italian states rallied though, and at Fornovo they fought the French juggernaut to a standstill. Here began the bloody Italian Wars.

How I Learned To Cook Kimberly Witherspoon, Peter Meehan, 2008-12-09 Before he was a top chef, Tom Colicchio learned to love cooking when he was still slinging burgers at a poolside snack bar. Barbara Lynch tells the story of lying her way into her first chef's job and then needing to cook her way out of trouble in the galley kitchen of a ship at sea. Stories of mentorship abound: Rick Bayless tells the story of finally working with Julia Child, his childhood hero; Gary Danko of earning the trust of the legendary Madeleine Kamman. *How I Learned to Cook* is an irresistible treat, a must-have for anyone who loves

food and wants a look into the lives of the men and women who masterfully prepare it.
