**Finescale Modeler Magazine**

**Alain Prost** Maurice Hamilton,2015-09-24 Four-time Formula One Drivers' Champion Alain Prost is one of the best racing drivers of all time. Having discovered karting at the age of 14 during a family holiday, Prost progressed through motorsport's junior ranks, winning the French and European Formula Three championships, before joining the McLaren Formula One team in 1980 at the age of 24. In his six seasons with McLaren, Alain Prost won 30 races and three driving titles and in 1985 he became the first French World Champion. In 1986 he became the first back-to-back champion since Jack Brabham 26 years earlier. In 1987, his 28th Grand Prix victory beat Jackie Stewart's 14-year-old record. However, in 1988 his brilliant new team mate Ayrton Senna won eight races and the driving title. Thus began the sensational rivalry that conspired to push two of the sport's greatest drivers to unprecedented heights of success and controversy, and the most bitter feud in Formula One history.

Formula 1 Car by Car 1990-99 Peter Higham,2021-05-18 The formative years of the 1950s are explored in this fourth installment of Evro's decade-by-decade series covering all Formula 1 cars and teams. When the World Championship was first held in 1950, red

Italian cars predominated, from Alfa Romeo, Ferrari and Maserati, and continued to do so for much of the period. But by the time the decade closed, green British cars were in their ascendancy, first Vanwall and then rear-engined Cooper playing the starring roles, and BRM and Lotus having walk-on parts. As for drivers, one stood out above the others, Argentine Juan Manuel Fangio, becoming World Champion five times. Much of the fascination of this era also lies in its numerous privateers and also-rans, all of which receive their due coverage in this complete work. Year-by-year treatment covers each season in fascinating depth, running through the teams -- and their various cars -- in order of importance. Alfa Romeo's supercharged 11/2-litre cars dominated the first two years, with titles won by Giuseppe Farina (1950) and Fangio (1951). The new marque of Ferrari steamrolled the opposition in two seasons run to Formula 2 rules (1952-53), Alberto Ascari becoming champion both times, and the same manufacturer took two more crowns with Fangio (1956) and Mike Hawthorn (1958). Maserati's fabulous 250F, the decade's most significant racing car, propelled Fangio to two more of his five championships (1954 and 1957). German manufacturer Mercedes-Benz stepped briefly into Formula 1 (1954-55) and won almost everything with Fangio and

up-and-coming Stirling Moss. Green finally beat red when the Vanwalls, driven by Moss and Tony Brooks, won the inaugural constructors' title (1958). Then along came Cooper, rear-engine pioneers, to signpost Formula 1's future when Jack Brabham became World Champion (1959).

Getting Started in Scale Modeling Finescale Modeler Magazine, 2019-07-08 Sections: First steps and basic terms -- Basic building -- Painting -- Painting techniques.

**Martin Brundle Scrapbook** Martin Brundle, Philip Porter, 2013-07-01 Starting his career with banger racing as a child, Martin Brundle routinely beat adults on the track. Brundle would go on to beat some of the biggest names in motor sports. The Martin Brundle Scrapbook is a fascinating look at his remarkable career. You'll see his battles with Senna, experience being F1 team members with legends like Michael Schumacher and Mika Hakkinen, his luminary TV career, to name a few. This massive book is loaded with Brundle's own memorabilia and contributions from over 50 personalities in the racing world. It all makes for an informative, surprising, and humorous romp through the life and times of an incredible figure.

Embark on a transformative journey with Explore the World with is captivating work, Grab Your Copy of F1 Paper Model 1984 Monaco Gp Toleman Tg184 Hart Free Template Download .
