Grand Prix Cars Denis Jenkinson,2015-10-02 “ In compiling this brief history of Grand Prix racing, along with descriptions of the more successful cars, I have limited myself to the period since World War II as the present day Grand Prix cars are mostly derived from the development and design of the early post war years. Although many ideas were taking shape in the period of the mid-thirties – such as the use of De Dion rear axle layouts, independent front suspension systems and hydraulic brakes – the main interest lay in engine design under a free ruling on capacity. It was not until about 1950 that a renaissance began in chassis design for Grand Prix cars and from then on a great deal of knowledge was gained; enough in fact, to enable roadholding to become a very exact science rather than a hit-and-miss affair. This development in the chassis and the search for improved road holding and higher cornering power was accentuated by the beginning of the era of unsupercharged racing, when power outputs were severely curtailed and speed had to be found by other means ...” (1959 - Denis Jenkinson)

The Self Preservation Society Matthew Field,2019-08-06 This year marks the 50th anniversary of the British cult classic movie *The Italian Job*. This landmark anniversary presents a unique opportunity to celebrate the film with a coffee table book packed full of images, insights and revelations. Loaded with Sixties swagger, and famed for its endlessly quotable dialogue and one of the most impressive car chases in movie history, *The Italian Job* is the ultimate celebration of ‘cool Britannia’. From the opening sequence of Rossano Brazzi gliding through the Alps in an orange Lamborghini Miura, to the high-speed getaway across the city of Turin in three Mini Coopers, *The Italian Job* is a petrolhead's dream. The Self Preservation Society will detail how all these cars, including the Aston Martin DB4 and E-Type Jaguars were found and ultimately where they are today. Over the last 20 years, author Matthew Field he has interviewed all the key people involved in the 1969 production. Through him, their stories are revealed, often for the first time. Based on more than 50 in-depth interviews with the cast and crew, and lavishly illustrated with hundreds of never-before-seen photographs and production documents, this definitive book will explode some myths, include a few revelations and tell the fascinating full story of this perennially popular movie.

Jim Clark Eric Dymock,2017-04-01 Out of print for twenty years, a new edition of *Jim Clark 'Tribute to a Champion'* by Eric Dymock will be published in the spring. Lightly edited and completely redesigned in colour throughout, this eagerly sought classic of motor racing celebrates the life and achievements of Jim Clark (1936-1968), World Champion 1963 and 1965. In the new book, Eric Dymock details his place in motor racing history and total command of Formula 1, portraying him as an individual, nail-biting and insecure, yet the greatest driver in any sort of motor sport. From a Scottish farming family Clark rewrote the annals of American racing at Indianapolis, coming second at his first attempt in 1963, winning in 1965. He seemed a match for any odds during eight dangerous years at the top of motor racing, yet died in an unlikely accident at a minor event at Hockenheim on April 7th 1968. Genius at the wheel was not enough. Rivals' subsequent safety campaigns saved countless lives on and off the track. Eric Dymock observed Clark from before he ever sat in a racing car, covering his professional career as member of *The Motor* magazine staff from 1962, and then as specialist motor

racing correspondent from 1966. This book has photographs of Jim Clark's birthplace, home, memorabilia and archive material from the Jim Clark Room at Duns. The measured analysis throws light on the tense mood of Formula 1 in the hazardous 1960s when Clark narrowly missed four consecutive world titles. Misfortune in the closing laps of the final race of the season twice denied him a unique quartet. Some of his other records remain secure however. Clark's eight grand slams (pole position, leading every lap, fastest lap and winning a Grand Prix - his closest rivals Alberto Ascari and Michael Schumacher managed only five) is unlikely to be matched. The new edition will go on sale in the spring at regular bookshop prices for a new generation of Formula 1 fans, as the 50th anniversary of Clark's accident approaches.

Trafficking in Broken Hearts Edwin Sanchez, 2014-12-15 When Papo, a tough-talking Puerto Rican hustler from the Bronx, meets Brian, a frightened young lawyer from the Midwest, Papo begins to glimpse the possibility of a romantic escape from his life on the streets. At the same time, Bobby, a 17-year-old runaway who has been repeatedly raped by his older brother, offers to take care of Papo and moves in with him in his fleabag hotel room. It is then when Papo suddenly finds his defenses melting and his heart torn in two directions. *TRAFFICKING IN BROKEN HEARTS* is a gritty, urban love story. Playwright Edwin Sanchez makes a promising New York debut with *TRAFFICKING IN BROKEN HEARTS*, a grim, streetwise and bracingly compassionate work ... he convinces with the honesty of his writing and a canny, thoughtful grasp of his trio of characters. The playwright does an especially effective job in penning the gray shades of his characters ... -Greg Evans, *Variety*

The Boy Richard Williams, 2021-04-01 'Captures the bold, engaging spirit of one of Britain's best-loved sporting heroes' *Sunday Times* 'A fascinating read and sure to be the definitive account of his life' Mark Knopfler **SHORTLISTED**

FOR THE SPORTS WRITING BOOK OF THE YEAR AWARD Even in the midst of a global pandemic, the death of Stirling Moss on 12 April 2020 at the age of 90 made headlines, almost 60 years after he retired from Formula One. In *The Boy*, Richard Williams assesses what made him such an iconic figure. Told in 60 brief chapters, Williams builds a fascinating and revealing portrait of a driver who was a hero to millions. As the long years of war began to recede, sport in Britain was getting moving again and there was a need for heroes. Denis Compton and Stanley Matthews were in their pomp, playing to packed houses. But Stirling Moss was a fresh face, just 17 years old when he first emerged in 1947. Too young to have served and been scarred by the war, he was soon revealed to possess not only an unearthly degree of skill but the qualities of courage and resolution noted in the generation that fought in the air and on land and sea. Their youth had been stolen; his was new and unspoiled. *The Boy* explains how and why he came to occupy such a unique place in the esteem and the affections of the nation. Why him, rather than some of his contemporaries, such as Mike Hawthorn and Peter Collins, who shared a role in the rise of Britain as a power in international motor racing? Moss may never have been world champion, but he created a remarkable and enduring legacy, and Williams brilliantly shows just how he did it.

Baselitz, Richter, Polke, Kiefer Götz Adriani, 2019 Four artists from Germany, known globally, who have each attained a level of fame that is unique in the history of German art. Their renown was cemented by their early work of the 1960s--that decade of reaction and rebellion, of confrontation and upheaval, of utopias and a new social compass. In conversations with Götz Adriani, the artists talk frankly about their work during this time when German society, East and West, may have got over the Nazi regime and the worst of the devastation of the war, but not the cultural and intellectual roots of Germany's fascist past. The book offers a fresh and comprehensive look at the early works of Baselitz, Richter, Polke, and Kiefer, at how each one variously tackled the aesthetic dominance of abstract art and the unique social and political environment of their newly founded country, the Federal Republic of Germany.
