**Paper Treasures** Lilly Horigan, 2020-05-04 After finally graduating high school, Paige McKinnon is ready to embark on the journey she had been planning for years. Alone, she makes her way to Las Vegas to find her mentally ill and homeless mother. A young woman of faith, she uses only the prompting of God's Spirit and the advice of her aunt to find a place to stay, work, and search for her mother's whereabouts. Her unplanned, but hopeful, trip leads to a quiet community with a big heart in the outskirts of Vegas. Paige meets a woman of faith who encourages and supports her, but Paige hides her reason for being in Vegas even as she accepts a job and assistance from the woman. Paige is amazed by the generosity and vibrancy of the woman. She feels at home around her, but is caught off guard by the woman's loving and good looking son who seems to be at every turn. The young man's life is pleasantly distracted by Paige's beauty and presence, and he hopes to get to know the mysterious girl who is becoming an indirect and daily part of his life. Yet Paige has a specific purpose for being in Vegas and it is not romance. Paige plans her days to find new ways to meet and search the homeless people of Vegas. With the help of her family, letters, and trust in God's sovereignty, she places herself in the midst of the homeless and, at times, risks her safety to find any information on her mother's whereabouts. Not knowing where Paige goes every day after work, the community she is getting to know well grows concerned about her consistent and mysterious

leaving for unknown destinations that seem to end in tears.

*Achtung-Panzer!* Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Paper Works** Shaoqiang Wang, 2012 From classic Mexican papel picado to the art of origami, paper has long been a source of inspiration to artists and designers across the globe. Paper Works brings together an eclectic mix of designs and techniques, taking the reader on a visual journey of progression

and transformation. Featuring sculptural carved book arts and installation art to avant-garde paper couture fashion, and examining the work of artists such as Jen Stark and Nikki McClure, this is an essential guide to one of the most fundamental, versatile but often overlook materials.

*Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts* Dr Derek Diedricksen, 2012-02-01 This Old House meets Wayne's World in this zany guide to designing and building tiny homes Derek Diedricksen has always had a love for small, modest houses ever since his father gave him the book *Tiny Tiny Houses* by Lester Walker for his tenth birthday. Combining his artistic abilities, wild imagination, and his passion for small houses, he self-published *Humble Homes, Simple Shacks, Cozy Cottages, Ramshackle Retreats, Funky Forts, and Whatever the Heck Else we could Squeeze in Here* in 2009. This book is a collection of Diedricksen's creative/imaginative sketches for building small houses, shacks, cottages, and forts. The sketches are accompanied with hand-written commentary, both instructive and comical. Derek's main purpose is to get your creative juices flowing and encourage you to get off the couch and use your hands. Believing that specific building plans squash creativity, he avoids too many detailed instructions, giving you the chance to put your own creative spin on your very own small abode (even if it is just in your imagination).

**A New Hasidism: Roots** Arthur Green, Ariel Evan Mayse, 2019-10-01 Neo-Hasidism applies the Hasidic masters' spiritual insights—of God's presence everywhere,

of seeking the magnificent within the everyday, in doing all things with love and joy, uplifting all of life to become a vehicle of God's service—to contemporary Judaism, as practiced by men and women who do not live within the strictly bounded world of the Hasidic community. This first-ever anthology of Neo-Hasidic philosophy brings together the writings of its progenitors: five great twentieth-century European and American Jewish thinkers—Hillel Zeitlin, Martin Buber, Abraham Joshua Heschel, Shlomo Carlebach, and Zalman Schachter-Shalomi—plus a young Arthur Green. The thinkers reflect on the inner life of the individual and their dreams of creating a Neo-Hasidic spiritual community. The editors' introductions and notes analyze each thinker's contributions to Neo-Hasidic thought and influence on the movement. Zeitlin and Buber initiated a renewal of Hasidism for the modern world; Heschel's work is quietly infused with Neo-Hasidic thought; Carlebach and Schachter-Shalomi re-created Neo-Hasidism for American Jews in the 1960s; and Green is the first American-born Jewish thinker fully identified with the movement. Previously unpublished materials by Carlebach and Schachter-Shalomi include an interview with Schachter-Shalomi about his decision to leave Chabad-Lubavitch and embark on his own Neo-Hasidic path.
