Namir C. Shammass

Stirling Moss Scrapbook 1955 Stirling Moss,Philip Porter,2007-09-01 The Stirling Moss Scrapbook 1955 is packed with intriguing detail, superb illustrations and a plethora of period cuttings from around the world.

Throughout his career he created his personal scrapbooks, several volumes per year, and he kept a diary and photo albums, too. This book dips into his personal records and is spiced throughout with treasures to delight and fascinate. These are supplemented by period comments and many of his anecdotes. Moss has a fund of stories and is refreshingly non-PC!

Formula 1 Car by Car 1990-99 Peter Higham,2021-05-18 The formative years of the 1950s are explored in this fourth installment of Evro's decade-by-decade series covering all Formula 1 cars and teams. When the World Championship was first held in 1950, red Italian cars predominated, from Alfa Romeo, Ferrari and Maserati, and continued to do so for much of the period. But by the time the decade closed, green British cars were in their ascendancy, first Vanwall and then rear-engined Cooper playing the starring roles, and BRM and Lotus having walk-on parts. As for drivers, one stood out above the others, Argentine Juan Manuel Fangio, becoming World Champion five times. Much of the fascination of this era also lies in its numerous privateers and also-rans, all of which receive their due coverage in this complete work. Year-by-year treatment covers each season in fascinating depth, running through the teams -- and their various cars -- in order of importance. Alfa Romeo's supercharged 11/2-litre cars dominated the first two years, with titles won by Giuseppe Farina (1950) and Fangio (1951). The new marque of Ferrari steamrolled the opposition in two seasons run to Formula 2 rules (1952-53), Alberto Ascari becoming champion both times, and the same manufacturer took two more crowns with Fangio (1956) and Mike Hawthorn (1958). Maserati's fabulous 250F, the decade's most significant racing car, propelled Fangio to two more of his five championships (1954 and 1957). German manufacturer Mercedes-Benz stepped briefly into Formula 1 (1954-55) and won almost everything with Fangio and up-and-coming Stirling Moss. Green finally beat red when the Vanwalls, driven by Moss and Tony Brooks, won the inaugural constructors' title (1958). Then along came Cooper, rear-engine pioneers, to signpost Formula 1's future when Jack Brabham became World Champion (1959).

Driven by Desire Alan Wilson,2011-10-15 From a five-year-old girl racing 60mph micro-midgets in South Africa, to a Formula One driver in the British Championship during her first full year of racing in the UK, and on to becoming the first and only woman ever to win a Formula One race, Desire Wilson was a winner bested by very few of her male rivals. But single-seater racing was just the start of Desire's ascent in motorsport. She won two FIA World Championship Sports Car Endurance races in 1980, and went on to compete in well over 120 types of race car at more than 100 race tracks around the world. Always competitive, she earned a reputation for an intense, no-nonsense approach to racing, shrugging off the media glamour to focus on the hard grind of staying competitive in one of the world's toughest sporting arenas. Moving to the male-dominated world of North American racing, Desire became a pioneer for women racing in the harsh world of Indy Cars, facing discrimination, financial problems, and other obstacles ranging from tragedy to farce. Her career is unique in the world of racing, encompassing everything from club racing to Formula One and World Championship sports cars, to the evil monsters of the IndyCar World Series - the world's fastest race cars. Hers is a story of hardships, fun, tragedy, perseverance, injury, and the amazing behind-the-scenes world masked by the public face and glamour of racing. It tells, too, of the consequences of politics and discrimination in the male world of professional auto racing.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Howl of the Werewolf Steve Jackson,Ian Livingstone,2007 Lupravia is a cursed land, haunted by the spirits of the restless dead. Peasants struggle daily with survival, living in constant fear of attacks from ravenous wild beasts. Only the foolhardy or insane would willingly pass beyond its borders and enter that benighted realm of predators.

A History Of The Violin Etude To About 1800 K Marie Stolba,1979-11-21

Martin Brundle Scrapbook Martin Brundle,Philip Porter,2013-07-01 Starting his career with banger racing as a child, Martin Brundle routinely beat adults on the track. Brundle would go on to beat some of the biggest names in motor sports. The Martin Brundle Scrapbook is a fascinating look at his remarkable career. You'll see his battles with Senna, experience being F1 team members with legends like Michael Schumacher and Mika

Hakkinen, his luminary TV career, to name a few. This massive book is loaded with Brundle's own memorabilia and contributions from over 50 personalities in the racing world. It all makes for an informative, surprising, and humorous romp through the life and times of an incredible figure.

Bugatti Type 50 Julius Kruta,Mark Morris,2019-04-23 Launched in 1930, the Bugatti Type 50 heralded a new era with the introduction of the Molsheim marque's first twin-cam design, a supercharged 4.9-litre straight-eight engine of prodigious power. At a time when brute force was needed to win the Le Mans 24 Hours, a competition version was developed and three such Type 50s took part in 1931. The car around which this book is focused, 50177, was leading the famous endurance race when the team withdrew it owing to tyre failures that had afflicted the sister cars, causing one to crash heavily at high speed. The fascinating story of 50177, and the Type 50 in general, is told in this brilliantly researched and superbly illustrated book in the Great Cars series. Introductory chapters explain the economically perilous world of 1931, the genius of Ettore and Jean Bugatti, the bloodline of large-capacity Bugatti engines, and the Type 46 from which the Type 50 was derived. There follows an in-depth exploration of the Type 50's design and development, including the Miller inspiration behind its twin-cam engine. The four Le Mans races in which Type 50s took part form the core of the book and tell a story of promise unfulfilled. The subject car, 50177, raced three times, in 1931 as a works entry with race no. 5 (driven by Albert Divo and Guy Bouriart) and in 1934 and 1935 with works assistance as no. 2 (driven by Pierre Veyron and Roger Labric). A section about the drivers presents illustrated biographies of the four men who raced 50177 as well as the four others in the 1931 works team – Louis Chiron and Achille Varzi in no. 4 and Maurice Rost and Count Caberto Conelli in no. 6. Post-war, three-time Le Mans winner Luigi Chinetti bought 50177 in 1949 and took it to America, where it spent nearly 50 years with five different owners. The last of them was Miles Coverdale, a passionate Bugatti collector who kept the car for 23 years and uncovered much of its history through correspondence with former works mechanics, notably Robert Aumaître. Co-authors Mark Morris and Julius Kruta, wellknown in the Bugatti world for their immense knowledge and enthusiasm, present a wealth of fresh information and illustration in this fine book.

Stirling Moss Scrapbook, 1956-1960 Philip Porter,2009 Released in celebration of his 80th birthday, this volume in the popular series follows Sir Stirling Moss through his most turbulent, demanding, and ultimately, successful racing years. During this period, Moss' career was at its zenith. By 1960, he had secured his reputation as the greatest motor racing driver in the world, although the title of World Champion still, frustratingly, eluded him. He dominated every racing arena. In Formula One he secured numerous landmark victories, including first GP wins for Vanwall, Cooper, and Lotus. In Formula Two, he was all-conquering, driving Rob Walker's Cooper-Borgward and he helped Aston Martin to victory in the World Sports Car Championship. Yet, for all his adaptability, Moss' rise was far from simple. Racing first with Maserati, then Vanwall, and finally the privateer Rob Walker team, he struggled frequently with the restrictions of his machinery and the demands of technological change as F1 moved from front- to rear-engine racers. Off track too, things were far from simple as the pressures of fame coupled with the dangers of the sport impacted devastatingly on his personal life.

Housing, Land, and Property Rights in Post-Conflict United Nations and Other Peace Operations Scott Leckie,2009 This book is about the UN's role in housing, land, and property rights in countries after violent conflict.

Saving Jaguar John Egan,2018-07-10 This book tells the story of how John Egan gradually overcame the odds and, piece by piece, rebuilt this great company, winning over the workforce, the overseas dealers and, most important of all, the customers. Working with Margaret Thatcher and her Government, Egan and his team of managers overcame every obstacle, every set-back, every challenge. Again and again, it looked impossible. Yet using innovative techniques, intelligence, eloquence, openness, motor racing and much more, they saved this most charismatic company which has created some of the finest and most loved motor cars of all time.It is an amazing story that will appeal equally to car enthusiasts, those in business and readers interested in social history.

Visual Basic for DOS Namir C. Shammass,1993 A hands-on introduction to programming with Visual Basic for DOS, including a disk containing all the program code covered. This book takes a painless approach that first-time users will find reassuring--a quick-start, step-by-step tutorial on object-oriented programming; dozens of easy-to-follow sample programs; helpful icons highlighting special tips and warnings; and a rich supply of screen images.

GOLDEN COMMON LISP Gold Hill Computers, Inc,Guy L. Steele,Patrick Henry Winston,Berthold Klaus Paul Horn,1985

Brothers Rodriguez Carlos Jalife,2009 Exhaustive research and extensive interviews presents a carefully realized, painstakingly accurate portrait of Pedro and Ricardo Rodriguez. Photographs show the brothers at every stage of their lives, from childhood until their early deaths, and in all forms of competition.

Inspired to Design Nigel Bennett,2013-10-15 Nigel Bennett’s unique autobiography describes his life and career, from growing-up influenced by car design, to his education and the building of his 750 specials. He describes his work as Firestone Development Manager, recounting many tales of the outstanding designers and drivers of the period. Detailing his work in Formula 1, as a Team Lotus engineer, and then as Team Ensign designer, he also covers his Indycar designs at Theodore, Lola Cars and Penske Cars. Life after his retirement, his involvement in boat design and with modern F1 teams, are also recounted.

The Romeo Error Lyall Watson,1975

The Lazarus Syndrome Rodney Davies,1999 The danger of being buried alive or cremated alive is as old as the human race, and is as real today as it ever was. In the Lazarus Syndrome Rodney Davies reveals that premature burial or cremation is not the only possible outcome of mis-diagnosis.
