Grand Prix Cars Denis Jenkinson, 2015-10-02 " In compiling this brief history of Grand Prix racing, along with descriptions of the more successful cars, I have limited myself to the period since World War II as the present day Grand Prix cars are mostly derived from the development and design of the early post war years. Although many ideas were taking shape in the period of the mid-thirties – such as the use of De Dion rear axle layouts, independent front suspension systems and hydraulic brakes – the main interest lay in engine design under a free ruling on capacity. It was not until about 1950 that a renaissance began in chassis design for Grand Prix cars and from then on a great deal of knowledge was gained; enough in fact, to enable roadholding to become a very exact science rather than a hit-and-miss affair. This development in the chassis and the search for improved road holding and higher cornering power was accentuated by the beginning of the era of unsupercharged racing, when power outputs were severely curtailed and speed had to be found by other means ..." The City of Ravens Richard Baker, 2012-08-21 Mayhem erupts in Ravens Bluff—and it's up to one rogue to stop it—in this first of four standalone novels, each set in a mighty city of Faerûn Jack Ravenwild is a charming ne'er-do-well with as much ambition as he has skill. But for the first time ever, his designs have far exceeded his talents—plunging him into a dangerous and complex web of intrigue that may put an end to his days of skulduggery and adventure. When a beautiful woman named Alana commissions Jack to find a lost book, he readily accepts, intent on winning her heart. But in his quest to retrieve the book, Jack uncovers Alana's true intentions—and becomes entrapped in other dangerous pursuits. Suddenly, Jack finds himself caught in the middle of a search for lost dwarven treasure and a conspiracy to seize the reins of power through the nobility's Game of Masks. Worse yet, Jack must choose between a life of freedom and saving Ravens Bluff, a city he doesn't even know he loves.
