Celestial Being Noboru Kimura,Hajime Yodate,Yoshiyuki Tomino,2010 The novelization of the hit anime series! The year is 2307 A.D. Although fossil fuels have been depleted, humanity has obtained a new source of energy to replace them in the form of a large-scale solar power generation system based on three huge orbital elevators. However, the benefits of this system are available only to a handful of major powers and their allies. The three orbital elevators belong to three superpower blocs. These are the Union, led by the United States of America; the Human Reform League, led by China, Russia, and India; and the AEU, led by Europe. These superpower blocs continue to play a grand zero-sum game for the sake of their own prestige and prosperity. In this world of never-ending conflict, a private armed organization appears, dedicated to the elimination of war through armed force. Its name is Celestial Being, and it is in possession of Gundam mobile suits. With these Gundams, it begins armed intervention into all acts of war.

Average Is Over Tyler Cowen,2013-09-12 Renowned economist and author of Big Business Tyler Cowen brings a groundbreaking analysis of capitalism, the job market, and the growing gap between the one percent and minimum wage workers in this follow-up to the New York Times bestseller The Great Stagnation. The United States continues to mint more millionaires and billionaires than any country ever. Yet, since the great recession, three quarters of the jobs created here pay only marginally more than minimum wage. Why is there growth only at the top and the bottom? Economist and bestselling author Tyler Cowen explains that high earners are taking ever more advantage of machine intelligence and achieving ever-better results. Meanwhile, nearly every business sector relies less and less on manual labor, and that means a steady, secure life somewhere in the middle—average—is over. In Average is Over, Cowen lays out how the new economy works and identifies what workers and entrepreneurs young and old must do to thrive in this radically new economic landscape.

Girl Waits With Gun Amy Stewart,2015-09-01 NATIONAL BESTSELLER. The first in the Kopps Sisters Novel Series, Girl Waits with Gun is an enthralling novel based on the forgotten true story of one of the nation’s first female deputy sheriffs. Constance Kopp doesn’t quite fit the mold. She towers over most men, has no interest in marriage or domestic affairs, and has been isolated from the world since a family secret sent her and her sisters into hiding fifteen years ago. One day a belligerent and powerful silk factory owner runs down their buggy, and a dispute over damages turns into a war of bricks, bullets, and threats as he unleashes his gang on their family farm. When the sheriff enlists her help in convicting the men, Constance is forced to confront her past and defend her family — and she does it in a way that few women of 1914 would have dared. A New York Times Editors' Choice “A smart, romping adventure, featuring some of the most memorable and powerful female characters I've seen in print for a long time. I loved every page as I followed the Kopp sisters through a too-good-to-be-true (but mostly true!) tale of violence, courage, stubbornness, and resourcefulness.”—Elizabeth Gilbert

Blue Sky God Don MacGregor,2012-07-27 Blue Sky God interprets some new scientific theories with blue sky thinking to bring radical insights into God, Jesus and humanity, drawing also on some deep wells from the past in the writings of the early Christians. In an accessible style, it looks at science research and theories in areas such as quantum physics and consciousness, epigenetics, morphic resonance and the zero point field. From there, seeing God as the compassionate consciousness at the ground of being, it draws together strands to do with unitive consciousness and the Wisdom way of the heart. Throughout, it seeks to encourage an evolution in understanding of the Christian message by reinterpreting much of the theological language and meaning that has become ‘orthodoxy’ in the West. In doing so, it challenges many of the standard assumptions of Western Christianity. It outlines a spiritual path that includes elements from all of the world's great religions, is not exclusive, and yet has a place of centrality for Jesus the Christ as a Wisdom teacher of the path of transformative love. ,

From her first moments on the public stage, she has challenged traditional American notions about what it means to be beautiful, to be strong, to be fashion-conscious, to be healthy, to be First Mom, to be a caretaker and hostess, and to be partner to the most powerful man in the world ...
