Transtopia in the Sinophone Pacific Howard

Chiang,2021-04-06 As a broad category of identity, “transgender” has given life to a vibrant field of academic research since the 1990s. Yet the Western origins of the field have tended to limit its cross-cultural scope. Howard Chiang proposes a new paradigm for doing transgender history in which geopolitics assumes central importance. Defined as the antidote to transphobia, transtopia challenges a minoritarian view of transgender experience and makes room for the variability of transness on a historical continuum. Against the backdrop of the Sinophone Pacific, Chiang argues that the concept of transgender identity must be rethought beyond a purely Western frame. At the same time, he challenges China-centrism in the study of East Asian gender and sexual configurations. Chiang brings Sinophone studies to bear on trans

theory to deconstruct the ways in which sexual normativity and Chinese imperialism have been produced through one another. Grounded in an eclectic range of sources—from the archives of sexology to press reports of intersexuality, films about castration, and records of social activism—this book reorients anti-transphobic inquiry at the crossroads of area studies, medical humanities, and queer theory. Timely and provocative, *Transtopia in the Sinophone Pacific* highlights the urgency of interdisciplinary knowledge in debates over the promise and future of human diversity.

Women of Design Beverly Russell, 1992 In the United States, the practice of interior design has been considered women's territory, regarded by the majority of architects, most of whom are male, as a lesser discipline. In the past 150 years, however,

designing women have made their mark, first as domestic decorators and since the late 1940s as interior designers responsible for the planning, furnishing, and execution of the interior architecture of multimillion dollar corporate, financial, and other important environments for thousands of people. Women of Design profiles thirty-two of these working women: the first generation of American women to dominate the world of commercial interior design, a multibillion dollar industry in the United States. They have overcome gender discrimination to establish themselves successfully as heads of their own independent practices or as valued principals in some of the largest interior design firms in the country. They have excelled as creators of spaces and products and as business people, serving as models for and opening the doors to a new generation of American women interior designers. Their designs for a variety of projects, ranging from retail, office, commercial, hotel, and restaurant environments, as well as residential gems, stand as proof of the immense pool of talented women who have emerged as leaders in a particular industry. Some of those included have also entered the world of design education, serving as deans and teachers at prominent design schools, molding and training future talents. These remarkable women designers from every corner of the nation offer insights into their struggle to achieve success, revealing their personal and professional philosophies. Photographs of some of their finest achievements are included in this colorful and groundbreaking volume that serves as a testament to the enormous achievements American women have made in this field during the past century.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. HANAMONOGATARI NISIOISIN,2019-10-08 Our sorry hero, his reformed girlfriend, and the amnesiac class president have all graduated from their high school out in the boondocks, and self-described Sapphist and ex-basketball ace Kanbaru, retired by

reason of an “injury,” is starting her senior year and the narrator of this volume—her voice far more introspective than the smutty jock’s we thought we knew. Bereft of the company of her beloved mentors, the only other person around her with any working knowledge of aberrations the junior Ogi Oshino, apparently a relative of the Hawaiian-shirted folklorist, she feels a bit alone and blue, and sick with dread that the devil residing in her left arm courtesy of the Monkey’s Paw might act up again while she sleeps. Investigating a rumor that she fears might lead back to her, the former star ends up peering into an abyss of negativity called Roka—a “wax flower” to take the characters’ meaning. Trapped in a pit the like of which could only be escaped by the one girl who was able to pull off slam-dunks in her basketball nationals, can the penitent Kanbaru, however, still be aggressive?

NEKOMONOGATARI (WHITE) NISIOISIN, 2019-10-08 Launching into new territory that the author hadn’t mapped out when he embarked on the series, NEKOMONOGATARI (White) tells the tale of heroine Tsubasa Hanekawa from her own perspective, in her own voice—if that can hold true for a damaged soul who, depending on who you’re asking, suffers from a split personality or a supernatural aberration. The bone-chilling brokenness of her household, where father and mother and daughter keep three separate sets of cookware in the same kitchen and only ever prepare their own meals, and the profound darkness nurtured in the genius schoolgirl’s heart, come to life, if that is the word, through her self-vivisection. As for our customary unreliable narrator, Araragi, we seem to learn revealing tidbits about him now that we have an outside view of him at last, while his lady friends Senjogahara, Hachikuji, et al, freed from his predilection for proudly inane banter, show subtly new faces to us via their female interlocutor. Welcome to the Second Season.

The Defeated Detective Shantnu Tiwari,2016-11-06 Many years ago, when Detective Royce was travelling in India, he found himself in the unfortunate position of being dead. Murdered, to be precise. But he made a contract with the Goddess of Death, which

allowed him to return. This contract is what drives him now. Because he supposedly fails every single case he takes on, he's known as the Defeated Detective. Featuring 3 Defeated Detective Stories. RSVP Murder: A man predicts his own murder, and invites Royce to investigate. You are Invited to a Murder: Someone is going to be killed live on stage, unless Royce can stop it. Can he? The Dame Who Loved Me: The wife of a man Royce murdered wants his help in finding him.

TSUKIMONOGATARI NISIOISIN, 2019-10-08 Launching the third or "Final Season" of the international cult-hit series, *Possession Tale* returns the narrator's headset back to high school senior and amateur savior Koyomi Araragi, who used to eschew friendship once upon a time because it'd lower his "intensity as a human"—a loner's misgiving that was perhaps on the mark in a different way than he intended. At issue now is not the precarious fate of one of his cherished confrères, or rather consœurs, whom he'd aid, sight unseen, with a monster's resilience, but his own aberrant state and its prolonged abuse. If everything comes with a bill, and if no man is an island, then is the price of self-sacrificing amity—and the bloodshed it ironically occasions—becoming inhuman for good? That being said! Our hero, whose first name means "calendar" but who has none in his room, sees no need to rush, so, on our way to the profound mysteries of the superhuman aspect, expect a super-shallow deconstruction of the alarm clock. On hand this volume to (hardly ever) humor his humor: his little sisters, a living doll of a corpse, and its violent mistress.

Cat Town □□□□□, 1948

KABUKIMONOGATARI NISIOISIN, 2019-10-08 How far does one go to help a lost child? In the case of returning narrator Araragi, the answer is too far, across the veil of time. Dutifully (if unknowingly) following up on Hachikuji's cheeky foreshadowing, he concerns himself with his young lady friend and her fate in this installment of the cult-hit series, heroically unable, once again, to find his own way home. Thus the tale is also, or more so, about the

journey itself, the dark honeymoon of a trip he takes into the past with the dweller in his shadow, Shinobu. Even among a cast that routinely disrespects chronology with their meta-commentary, she takes the cake, or the donut, by rewinding the clock for a perverse road movie, one that by and large goes nowhere, spatially. It's Kabuki not as in the theater, but with the character for "tilt"—as in a slanted attitude toward the world, the posture of a bohemian. Or, perhaps, of a legendary vampire who once sought death, and of a high school senior who once tuned out life doing their dandy best to attend to an embarrassing wealth of aberrations in a provincial town.
