Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a

textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Deniers Lawrence Solomon,2010 Eminent environmentalist Solomon set out to find whether any real scientists diverged from global warming orthodoxy. This fully revised new edition features two new chapters that present fresh exposés on climate profiteers and global warming affirmers.

Off by One Jonathan Ackley,2022-01-13 When a Russian hacker uploads Coliseum Arts' latest computer game to the Internet, its designer Owen Nickerson fears that the company he founded will soon be bankrupt. To keep the business afloat, Owen agrees to participate in a mysterious government project. While investigating the leak within his company, one small mistake sets off a chain reaction that puts tens of thousands of lives at risk. True Women Janice Woods Windle,1994-11-30 Alive and pulsating with the events of our history, TRUE WOMEN tells the story of two dynastic family lines in Texas, the Kings and the Woodses. Euphemia Texas Ashby King could ride and shoot like any man, and she was there when Sam Houston's rag-tag army routed Santa Anna at San Jacinto Though she risked her plantation running the Yankee cotton blockade during the Civil War, Georgia Virginia Lawshe Woods still had to defend her family from a corrupt Yankee officer Bettie Moss King survived wolves, storms, and the

Ku Klux Klan to steer her family through the turbulent birth of modern times. Inspired by the author's own Texas roots, here is an unforgettable saga of the grit, determination, and courage of TRUE WOMEN. Heartfelt . . . The hardships and adventures faced by [this] family are so movingly described that I was in tears. -- The New York Times Book Review

Widowish Melissa Gould,2021-02 Melissa Gould's hopeful memoir of grieving outside the box and the surprising nature of love. When Melissa Gould's husband, Joel, was unexpectedly hospitalized, she could not imagine how her life was about to change. Overwhelmed with uncertainty as Joel's condition tragically worsened, she offered him the only thing she could: her love and devotion. Her dedication didn't end with his death. Left to resume life without her beloved husband and raise their young daughter on her own, Melissa soon realized that her and Joel's love lived on. Melissa found she didn't fit the typical mold of widowhood or meet the expectations of mourning. She didn't look like a widow or act like a widow, but she felt like one. Melissa was widowish. Melissa's personal journey through grief and beyond includes unlikely inspiration from an evangelical preacher, the calming presence of some Real Housewives, and the unexpected attention of a charming musician. A modern take on loss, *Widowish* illuminates the twists of fate that break our world, the determination that keeps us moving forward, and the surprises in life we never see coming.

Russia Under the Old Regime Richard Pipes,1992

The author traces with compelling detail the evolution of the Russian state, where the Tsar claimed to own the land and its inhabitants as if they were his own personal property. Professor Pipes analyzes the political behavior of Russia's peasantry, nobility and bourgeoisie as well as its

clergy, showing why none of them could limit the absolute power of the state. He discusses how the intelligentsia challenged the Tsars' power, leading to increased repression and Russia's development as a bureaucratic police state. This sweeping epic brings Russia's turbulent history to life and helps us better understand the roots of modern Russia.
