More than 450 photographs illustrate the step-by-step procedures explained throughout the entire text.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

**Future Pass 3.0** ,2014 In cooperation with the Wereldmuseum, the Today Art Museum of Beijing presented the exhibition 'Future Pass 1.0' at the

Venice Biennale in 2011. This was followed by 'Future Pass 2.0' at the Wereldmuseum. In this exhibition the public for the first time became acquainted with the art form that will dominate the 21st century: 'Animamix'. 'Animamix' blends manga, anime and the classical art traditions of the East, and combines them with Western art traditions. It is a colourful art form that uses humour and satire to paint a picture of a globalizing society which places the ideal of eternal youth at its centre. Like traditional Eastern art, Animamix tells stories. Thanks to the internet and digital technology, artists from East and West now communicate with each other using a new, universal language of images. Their futuristic art will dominate the 21st century.0'Future Pass 3.0' will present three exponents of this international art form. The work of all three offers far more than meets the eye. An imaginary world becomes reality.00Exhibition: Wereldmuseum Rotterdam, the Netherlands (13.02. - 31.08.2014).

Terms and Conditions R. Sikoryak,2017-03-07 Master satirist tackles the contract everyone agrees to but no one reads “Mischievous, pastiche-heavy artist Robert Sikoryak...upped the difficulty level for his long-term conceptual project: Instead of abridging a book, he lifted the complete text of Apple’s mind-numbing corporate boilerplate, which users must agree to before accessing iTunes, and mashed it up with art invoking more than a century of comics.”—New York Times For his newest project, R. Sikoryak tackles the monstrously and infamously dense legal document, iTunes Terms and Conditions, the contract everyone agrees to but no one reads. In a word for word 94-page adaptation, Sikoryak hilariously turns the agreement on its head—each page features an avatar of Apple cofounder and legendary visionary Steve Jobs juxtaposed with a different classic strip such as Mort Walker’s Beatle Bailey, or a contemporary graphic novel such as Craig Thompson’s Blankets or Marjane Satrapi’s Persepolis. Adapting the legalese of the iTunes Terms and Conditions into another medium seems like an unfathomable undertaking, yet Sikoryak creates a surprisingly readable document, far different from its original, purely textual incarnation and thus proving the accessibility and flexibility of comics. When Sikoryak parodies Kate Beaton’s Hark A Vagrant peasant comics with Steve Jobs discussing objectionable material or Homer Simpson as Steve Jobs warning of the penalties of copyright infringement, Terms and Conditions serves as a surreal record of our modern digital age where technology competes with enduringly ironclad mediums.
